Saturday, April 19.

The crisis in Wilhelmina's case is past. Trouble is expected with the dattos in Mindanao.

Heavy buying forces wheat prices up at Chicago.

Dr. Lee Poi Tei, charged with murder in Portland, is released.

The Senate committee continues the Philippine "water-cure" investigation.

A basis of peace between British and Boers is said to have been agreed upon.

Pacific Coast Representatives will accept the Platt substitute for the exclusion bill.

Democrats of the House in caucus decided to vote to abolish the differential on refined sugar.

Charges of bribing members of Legislature preferred against Ide, nominated for Washington Collectorship.

Sunday, April 20.

San Francisco street railway men go on strike.

Queen Wilhelmina's condition is unchanged.

Bocas del Toro surrendered to Colombian rebels.

The House passed the fortifications appropriation bill.

Roseburg is to have a good-sized creamery at once.

Company incorporated in New Jersey to build railroads in Oregon.

Morgan has combined all the big transatlantic steamship lines.

Nicholas Murray Butler was installed as president of Columbia University.

It is rumored that trouble is imminent between Chinese and foreign troops at Pekin.

The Federation of Labor begins a campaign for the abolition of injunctions in labor disputes.

Oregon fir is hereafter to control the flagstaff market of the Middle West. It is lighter and nearly as strong as oak. The flagstaff on Chicago's new Federal building is of this timber. A large Chicago firm states that nearly all of its pole contracts this year specify the Pacific Coast wood.

It is now assured that the Morris amendment removing the differential on sugar will be a part of any Cuban bill the Senate may pass. This makes the outlook for relief for the island anything but bright, although President Roosevelt continues to force the issue. The removal of the differential is a direct blow at the sugar trust.

Light has at last been thrown on the mysterious murder of young Nora Fuller at San Francisco in January. The suspect is C. B. Hadley, an accountant in the Examiner office for years. The police have a very strong case against the man. The most important witnesses are a handwriting expert and the paramour of Hadley. He has been missing since the murder.

Monday, April 21.

Frank R. Stockton is dead.

The Belgian strike was declared off.

Bad fires occurred at Dallas, Tex., and Kansas City.

The street-car tie-up at San Francisco is almost complete.

The Dutch Cabinet will meet today to discuss the regency.

There are no further developments in the Fuller murder case.

"IMPOSSIBLE," for you to enjoy motherhood," says the doctor. Sometimes he qualifies the statement, and says: "Impossible without an operation." Yet both these "impossibles" have been made possible by the use of Dr. Pierce's Favorite Prescription.

This great medicine cures for women irregularity and dries debilitating drains. It heats inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"I wish to add my testimony to hundreds of others as to the value of Dr. Pierce's medicine." writes Mrs. Ida M. De Poel, of Latona, Hubbard Co., Minn. "Have doctored with a great many physicians—some specialists; have twice been in a hospital for treatment. My case has been regarded as a hopeless one, and they knew not what the trouble was. Heart was bad, stomach all out of order, tired out; severe pains in all parts of the body; sinking spells, and nearly every ailment a woman could have. I took many a bottle of patent medicines without effect. I began taking Dr. Pierce's Favorite Prescription, and ten months afterward I gave birth to a ten-pound boy. All physicians had stated as a fact that I never could bear a child. Both the baby and myself were strong, and I got along splendidly—thanks to your medicine."

THE SURGEON'S KNIFE

Mrs. Eckis Stevenson of Salt Lake City Tells How Operations For Ovarian Troubles May Be Avoided.

"DEAR MRS. PINKHAM:—I suffered with inflammation of the ovaries and womb for over six years, enduring aches and pains which none can dream of but those who have had the same experience. Hundreds of dollars went to the doctor and the druggist. I was simply a walking medicine chest and a physical wreck. My sister residing in Ohio wrote me that she had been cured of womb trouble by using Lydia E. Pinkham's Vegetable Compound, and advised me to try it. I then discontinued all other medicines and gave your Vegetable Compound a thorough trial. Within four weeks nearly all pain had left me; I rarely had headaches, and my nerves were in a much better condition, and I was cured in three months, and this avoided a terrible surgical operation."—Mrs. Eckis Stevenson, 250 So. State St., Salt Lake City, Utah.—\$5000 forfeit if above testimonial is not genuine.

MRS. ECKIS STEVENSON.

Remember every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass.

A tentative agreement is said to have been reached between British and Boers.

At least 75 lives were lost by the burning of the steamer City of Pittsburg, near Cairo, Ill. Fire was discovered at an early hour in the morning. The flames spread quickly and a panic among the passengers helped to swell the list of victims. Survivors tell terrible stories of the disaster. Few of the passengers or crew escaped unhurt.

Tuesday, April 22.

San Francisco car men's strike is unsettled.

Condition of Queen Wilhelmina is unchanged.

River men protest against closing of Willamette River bridges.

Northern Pacific about to establish three through trains daily.

J. P. Morgan will finance new underground railway system in London.

Proprietor of La Grande Creamery charged with selling short-weight butter.

The coroner's inquest into the burning of the Ohio River steamer City of Pittsburg brought out no new facts. Only three bodies were recovered and identified yesterday. Most of those who escaped have departed for home.

President elect Palma, en route to Havana, stops at Gibraltar and delivers an address to the people, in which he urges them to drop politics and work for the development of the island. Delegations from all parts of the island were on hand to join in the welcome to the President-elect. He has now proceeded on his way.

Representative Gilbert, in reply to recent remarks of two of his colleagues, held the North was as prejudiced against the negro as the South. Representative Gillett replied he did not sympathize with a state of society which accepted a man whose hands were stained with the blood of lynching, but rejected a worthy man because his color was black. The debate was quite acrimonious.

The State of Washington has won the first skirmish in its battle against the Northern Securities Company. The United States Supreme Court yesterday granted Attorney-General Stratton's application for leave to file a bill for an injunction. Examination into the facts will—unless the complaint is meanwhile demurred out of court—be conducted under direction of the Supreme Court, probably before a commission. The court will issue subpoenas returnable October 1.

The principal Oregon items in the Senate river and harbor bill are as follows: Mouth of Columbia, \$500,000; Continuing contracts, 1,000,000; Portland to the sea, 235,000; Dalles-Celilo project, 614,000; Upper Columbia and Snake, 40,250; Columbia at Cascades, 30,000; Willamette above Portland, 68,000; Columbia, Vancouver to Willamette, 10,000; Coquille, Coquille to mouth, 30,000; Coos Bay, 75,000; Coos River, 2,000; Tillamook Bay, 27,000; Long Tom, 500.

Wednesday, April 23.

A slump, then an active rally in wheat at Chicago.

Slack business sending coasting steamers into retirement.

The Kwang Si rebellion is beyond the power of the Chinese troops to suppress. It is believed that Governor McBride

has been assured of private subscriptions to carry on the State of Washington's fight against the great railway merger, the subscribers to look to the next Legislature for reimbursement. Governor McBride says the money will be provided. Attorney-General Stratton refuses to discuss the matter.

Portland authorities are undecided as to the market proposition submitted by a private corporation. The Union Market Company wants a 10 years' lease on the old Mechanics' Fair block, and agrees to remove the old structure and erect modern market buildings. The Granges of Multnomah and Clackamas Counties appear to be opposed to the project in its present shape.

The carmen at San Francisco are quietly awaiting the outcome of the trouble, and there have been no violent demonstrations whatever. A man in close touch with the owners of the San Francisco street railway now tied up by a strike states that they have no idea of importing men to take the places of the bands now out. The different labor unions of the city are officially tendering their sympathy to the striking carmen.

Bills for leasing of the public ranges have a strong enemy in Commissioner Hermann. He considers them a rank injustice to the settler, and has so reported to the House committee. One of his greatest objections to the proposed legislation is that it subjects all classes of land to lease, except such as may be homesteaded or mineral in character. He is of the opinion that leasing would be much worse than unlawful fencing.

The Moros of Mindanao have assumed a threatening attitude, and two engagements with American troops are reported. Lieutenant-Colonel Baldwin, in charge of the Americans, searching for the rebel murderers of soldiers, has been checked in his advance by orders from his superiors, and every effort will be made by conciliation to bring the hostile tribesmen to terms. If all peaceful means fail, the punitive expedition under General Davis, now at Zamboanga, in the south of the island, will be ordered to the scene of trouble.

Thursday, April 24.

Queen Wilhelmina continues to improve.

Columbia rebels surrendered Bocas del Toro.

Joseph N. Dolph, of Portland, is insane in California.

Move for adjustment of San Francisco street railway strike.

The Landsting voters in favor of the sale of the Danish Islands.

General Funston was forbidden to discuss the Philippine question in public.

Whitman County farmers will aid Governor McBride in fight on railroad lobbyists.

Striking dyers of Paterson, N. J., brought business in their line to an end yesterday, and in the meantime encountered the police. In the rioting that occurred several persons were shot and many on both sides suffered broken heads. It was thought state troops would have to be called out, but the police finally restored order. If the strike continues the great silk industry will be seriously affected.

Portland will raise by subscription a fund for building the proposed road from Warren, Idaho, to Thunder Mountain. The Weiser representatives want \$12,000 to \$15,000, and say the total cost of the enterprise will be \$25,000 to \$50,000. Portland jobbers are impressed with the fact that the trade of the great Idaho mining district will be valuable, and they want it.

THE CHEERFUL IDIOT

And the Glum Dyspeptic.

The cheerful idiot is the individual who when he sees you come into the home dripping from the storm inquires pleasantly, "Is it raining?" If you were whittling and the knife slipped and cut off the top of a finger he would say just as pleasantly, "Did you cut yourself?"

unlucky looking fellow-boarder who was tortured by dyspepsia. "Hello Smith," he cried, "aren't you feeling well?" And Smith growled back: "It's none of your business how I'm feeling." Talk about adding insult to injury! What could be any worse than asking a man who had suffering stamped all over him, "Aren't you feeling well?"

It's rather hard for the dyspeptic to make a stranger to the disease understand just how much suffering dyspepsia can cause. Words don't express it. That terrible gnawing sensation in the stomach is past description. Even after you have recited the specific aches and pains there are no terms to express the cumulative and combined effects of them all upon both mind and body.

DON'T CULTIVATE DYSPEPSIA. yet it is a fact that in the main, people who finally become dyspeptics seem to have studied how quickest to bring on the disease. They eat irregularly. They eat unwholesome or innutritious foods. They eat heartily when they are tired with a day's work and the stomach needs rest instead of exercise. In fact if they read a study of the quickest way to dyspepsia or disease of the stomach in general and its allied organs of digestion and nutrition, they could not practice more successful methods.

When dyspepsia once has its grip on the stomach the man who has experimented with tablets and powders and other palliatives without permanent relief finds himself asking the question, "Am I ever going to be well again so that I can eat with appetite and enjoyment?"

The one necessity to the recovery of health is the cure of the diseases of the stomach and other organs of digestion and nutrition. Tablets of soda, mint, etc., will for the moment alter the condition in the stomach, but they won't alter the condition of the stomach itself. These things are therefore merely palliatives. Not only do they not cure but by affording temporary relief they lull the victim into a false security until he probably finds himself some day very much worse for their use.

HOW DYSPEPSIA IS CURED

There is an almost certain cure of dyspepsia and other diseases of digestion and nutrition. Dr. Pierce's Golden Medical Discovery always helps and always cures. In ninety-eight per cent of cases in which the "Discovery" has been given a fair and faithful trial, it has wrought a perfect and permanent cure. It has cured the most severe and acute conditions of stomach trouble which have failed to yield to any other cure.

Mr. Ned Nelson, the Irish Comedian and Mimic of 577 Royden Street, N. J., writes: "We had an engagement of twelve weeks and constant traveling gave me a bad case of that dreaded disease called dyspepsia. I had tried everything possible until last week while playing at Keath's Bijou Theatre, Philadelphia, Pa. I was a friend of a man who told me to try Dr. Pierce's Golden Medical Discovery. I tried it, thank God, with results."

"For three years I suffered until I could not write Mrs. H. R. of Stamford, Conn. Quebec, Canada. I would have been trembling and lying at my stomach, but right side all the time then it would get into my stomach, such distress it was, I could not describe. I went to the World's Dispensary Medical Agency, stating my case to them and they very promptly answered and told me to do. I took bottles of Dr. Pierce's Golden Medical Discovery, and five vials of Dr. Pierce's ant Pellets. Thanks to Dr. Pierce's medicine I am a well woman now. Dr. Pierce's medicines also cured my mother of liver complaint for she had been a sufferer for fifteen years. We highly recommend these medicines to all suffering people."

Diseases which seem to be remedied by the stomach, but which originate in the stomach are cured through the stomach. For this reason diseases of heart, liver, kidneys, and other organs cured by "Golden Medical Discovery" when it has cured the disease of the stomach and its associated organs of digestion and nutrition.

It has been a surprise to many people who have taken "Golden Medical Discovery" for stomach "trouble" that as the stomach was cured, the other organs were cured also. "Weak" heart becomes strong, the sluggish liver active, the clogged lungs are cleansed, the lungs made strong. The whole body is practically rebuilt up with firm, healthy flesh, and pulled up with flabby fat.

Some dealers desiring to make a little more profit paid by the sale of meritorious medicines will sometimes offer the customer a substitute "Golden Medical Discovery" as it to be "just as good." Nothing is as good for you which has no good record of cures, and no medicine has a record of cures comparable with those effected by the "Golden Medical Discovery."

GIVE IT TO SOME ONE ELSE. Dr. Pierce's Common Sense Medical Adviser, containing over a thousand large pages and more than 700 illustrations is sent free on receipt of ten cent of postage of mailing only. I don't feel the need of the valuable gift yourself, my wife or some friend or young man, and so on. It is an invaluable gift, and one that will be highly appreciated by the recipient. Send 31 one-cent stamps by volume in durable cloth-binding of 31 stamps for the book in pocket size. Address Dr. R. V. Pierce, Buffalo, N. Y.
