The New Idea Dandruff Cure

The.. Scientific Remedy

The New Idea Dandruff Cure is so called, because the new idea of the treatment of disease is applied to its preparation. It is called the "scientific remedy" because it contains no such ingredients as are known to be efficacious in the treatment of this class. That the flakes of dandruff are the dried discharge from thousands of little ulcers is a fact well understood by modern physicians. The New Idea Dandruff Cure will cleanse these ulcers, stimulate the healthy tissue around them, and allow them to be healed by the restoring power of nature. It contains no alcohol, ammonia, sal soda, borax or alkali in any form or anything that will injure either the hair or skin, and is not contaminated with the cheap "perfume" which is so admirably calculated to "charm the village and offend the refined." It is a sanitary, safe and sure cure for dandruff and all scalp diseases. It is put on in full quart bottles, which is enough to cure any one case (not ordinarily two or three cases), with full directions on each bottle, sold by the trade at \$1 per bottle.

Can be bought from the following dealers in Clackamas county: C. G. Hart, Oregon City; G. A. Harding, Oregon City; Coe & Co., Oregon City; Red Front Trading Co., Oregon City; G. W. Grace, Oregon City; E. J. Bros., Oregon City; W. C. Green, Oregon City; J. J. Corbett, Clifton. Manufactured and sold to the trade by F. REDNER, Oregon City, Ore.

No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning—H. R. Phelps, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this Remedy in your home. For sale by G. A. Harding, Drugist.

Kates Again Reduced From All Parts East.

Before you make definite arrangements for that trip east let us quote you via the Illinois Central Railroad. Our rates are the lowest to be had, and if you pay to write us. If you haven't time to communicate with us, tell the agent from whom you purchase your ticket that you want to travel by way of the Illinois Central, and you will never regret the trip. If any of your relatives or friends on the east are coming west while the rates are in effect write us about them and we will see that they get the lowest rates with the best service. Through tourist cars, personally conducted excursion cars, free reclining chairs—in fact all the latest conveniences known to modern railroading. For particulars regarding rates, service, stop-overs, different connections and routes, etc., call on or address B. H. Tamm, 142 Third Street, Portland, Ore.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

portion of last week with her daughter, Mrs. Nina Gago. The program is reversed this week.

The time is now at hand and some action ought to be taken to put a new fence around the Stafford cemetery and clean up and beautify the grounds. The fence that now encloses the yard was put there about 20 years ago; the posts are decayed, the boards have long been a back number, the nails likewise. People from far and near are interested in the yard, having some one once near and dear now at rest there. "Still there are more to follow." We take great pains in fixing up our homes, and care but little about the place we will stay the longest. Who will take the initiative and start a fund that will put the cemetery in shape? In the common cause we are all of a piece; we hang together.

Aims. All kinds of fruit trees are now or will be a mass of bloom. Present conditions indicate a large yield. Oregon is all right.

Springwater.

Roads are bad where not graveled or planked.

George Gutridge is at home from the logging camps.

Our school is progressing nicely under the care of Cinesmith.

Miss Della Gutridge is away from home on a protracted visit.

A Portland beef buyer took 15 fat cattle from Springwater the other day.

Bard Bros. are hauling 45000 feet of lumber for Springwater Electric plant or power house. They are about half done hauling.

Henry Comer has a new cream separator. It works like a charm. Some of the Springwaterites talk of going in with the Stone creamery.

Still have quite blustery weather. The farmers have seeding about done. Next on the program is gardening. Fruit trees are in full bloom. Fall wheat and grass is growing nicely.

The rag tags and sore heads of all parties that formed themselves in a party and call themselves the Citizens' party, are howling about high taxes. Suppose they want no improvement or progress and would have us cart our produce to market for the next decade in the mud and chuck holes that the wagon drops down to the axle in. Your correspondent thinks the assessment of the county might be done more economically.

Garfield.

In the report of the marriages of Marion Davis to Miss Jessie Currin, and Edward Duncan to Miss Florence Davis in last week's Enterprise, an error was made in the ages of the contracting parties. The correct ages are: Marion Davison, 23, and Jessie Currin, 22; Edward Duncan, 22, and Florence Davis, 21.

You can't make him eat either. You can stuff food into a thin man's stomach but that doesn't make him use it.

Scott's Emulsion can make him use it. How? By making him hungry, of course. Scott's Emulsion makes a thin body hungry all over. Thought a thin body was naturally hungry didn't you? Well it isn't. A thin body is asleep—not working—gone on a strike. It doesn't try to use it's food.

Scott's Emulsion wakes it up—puts it to work again making new flesh. That's the way to get fat.
