It is never with us a case of "get all you can" for an article. We don't charge one person full price for an article because he's not a kicker, give another a special 10 per cent discount because he's a shrewd buyer, sell the next one at 20 per cent off because he happens to know a store in Portland where he can get it. We advertise the very lowest price it is possible to make. That price meets all competition on this coastwe guarantee it. It is the same to all. The smallest child can buy as cheap as the biggest man. This is equally true of every article in our store. All goods are marked at lowest possible prices and in plain figures. It is the only honest way-the only fair way.

But we go even further than this. If you are dissatisfied with any purchase made at this store-if you think the price wrong or the quality not what you expected-if it doesn't give you the service it ought-BRING IT BACK; your money is waiting for you.

We carry in stock the most popular Cameras-Kodaks, Premos, Pocos, Koronos, Hawkeyes and all standard photographic goods. We guarantee the quality of every chemical, plate and film. A few 1901 cameras at special discount. We sell cameras on easy installments and instruct all beginners
