INSINCERITY OF THE "REFORMERS" Hon. George Ogle, in a rather bitter letter in last week's Courier Herald takes

exception to our statement that "Direct Legislation is a general term, meaning all forms of direct voting by the people including candidates as well as measures. Initiative and Referendum is the meaning of that limited part of Direct Legislation that refers to the preparing and making of laws by direct vote of the people." He says this will prove a revelation to those who, after studying the subject for eight or ten years, thought they understood it.

We quote the following from Mr. Ogle's fusionists submitted similar amendments favorite author, J. W. Sullivan: "The to the people in those States where they town meeting of New England is the bave absolute control, and have had for counterpart of the Swiss communal polit- many years? ical meeting. Both assemblies are the primary form of the politico-social organigation. Both are the foundation of the structure of the State. The essential objects of both are the same; to enact local regulations, TO ELECT LOCAL OFFICERS, to fix local taxation, and to make appropriations for local purposes." "REFORM" CAMPAIGN METHODS

Will you kindly allow me space to state a few facts in con-

nection with the Citizens' meeting held in Mulino on last Thurs-

day night? I wish to tell my friend O. W. Eastham that when

Robert Schuebel asked him the question on what lines he pro-

posed to reform this county, he should have offered some rem-

edy, instead of attacking his personal character. I have known

Mr. Schuebel from my childhood, and a truer or more honest

man never lived. When a boy, he spent his years in helping

his parents in making a home, and even the earnings of his early

manhood were given to help them. As a married man, he has

been successful in managing his own affairs. By hard, honest

toil, he has secured a pleasant home for himself, and I think he

owes no man a dollar. It certainly seems to me that a man who

is trying to secure the suffrages of the people displays poor judg-

ment and a lack of gentlemanly action when he undertakes to

destroy the character of a man who desires information. To say

the least, an individual who betrays the private confidence of his

fellow man in order to succeed, builds his hopes on a precarious

> Wirn the passing days of the campaign prospects of Republican success in Clackamas County are growing brighter. The election of the ticket from top to bottom by large majorities is confidently expected. The Citizens are making a weak campaign. They have nothing to stand on. Their platform is a confused jumble of words and carries no weight. Their leaders are men in whom the voters have no confidence and will turn down on election day.

> ONE hears less and less of the talk that County Judge Thomas F. Ryan will have a hard fight for re-election. Bets have been made that he will have 400 plurality and the Ryan end has been taken by a man who has made a close study of the situation. The howl of the Citizen reformers that a slate was fixed up by "THE BOSS" and that the Republican ticket is idle and without foundation.
