In another column we publish the financial statement of the county for the six months ending April 1, 1902, showing the net indebtedness of the county to be \$102,063.34. Although there is \$169,815.42 of warrants outstanding, there is cash in the hands of the sheriff and clerk amounting to \$52,663.98 to pay these warrants besides about \$30,000 of back taxes. There is no reason that we know why \$50,000 should be in the hands of the county officers rather than paid out and take up that amount of county warrants. We have been told that the debt was \$200,000, but according to officers' figures it is about one half that. Some one will say that there is \$160,000 of warrants outstanding, but there is \$52,663.98 of cash in the hands of the county officers to pay these with, besides about \$30,000 of back taxes to further reduce the indebtedness. Some of the croakers about the indebtedness of Clackamas County had better study these figures.

DR. WILLIAM A. MOWRY, who lectured at the Congregational Church last Friday evening, is an interesting speaker. He is at all times and places familiar with his subject. One can learn more from him in one hour about the territorial history of the United States than from a dozen geographies. He was at first invited here by County Superintendent of Schools J. C. Zineer, who is quick to take the initiative in educational work that will be of benefit to teachers. Out of pure courtesy to Mrs. Eva Emery Dye and the Men's Congregational Club, Su-

perintendent Zineer waived what claim he had on the services of the distinguished lecturer to them. This being the case, it is very surprising to us that only two of the fifteen teachers in the Oregon City schools attended the lecture. Opportunities like this do not come often in Oregon City and teachers who are reaching for their own mental advancement should not fail to grasp them.

SECRETARY OF STATE F. I. DUNBAR, State Treasurer Moore, and Superintendent of Public Instruction Ackerman are up for re-election to the offices they now occupy and they will be elected by larger majorities than four years ago. Superintendent Ackerman is acknowledged by all parties to be the best state superintendent that Oregon has ever had. He has done much to elevate the educational standard of the state and his reward will come on June 2. Secre-

people of the city. It is to be regretted that the company and employes could not come to terms. In connection with the strike it is pertinent to say that although his efforts came to naught, too much credit cannot be given to Mayor Grant B. Dimick for his work to obtain a satisfactory settlement. In spite of his failure, which was no fault of his, both the officers of the woolen mills and the employes should be grateful to him, and no doubt they are grateful. Mayor Dimick has never done anything more deserving of commendation than this.

A. M. CRAWFORD, Republican candidate for attorney general, is a resident of Roseburg and one of the brightest attorneys in his section of the State. He is not unknown in Clackamas County as he canvassed here in the campaign of 1896. He has the requisite knowledge of law to well qualify him for the office

**REPUBLICAN CANDIDATE FOR JUSTICE OF THE PEACE.**

LIVY STIPP.

Livy Stipp, the Republican candidate for Justice of the Peace for the precincts of Oregon City, West Oregon City, Canemah, Abernethy and Maple Lane, comprising District No. 4, is a native Oregonian and one of the best known members of the bar in the city. His sterling character and staunch integrity have won him a host of friends who will rally to his support on June 2. Mr. Stipp was born of pioneer parents in Salem, Oregon, October 3, 1868, and with the exception of two years spent in Walla Walla County, Washington, has always lived in Oregon. He has been a resident of Clackamas county for 21 years. His early life was uneventful and he worked on a farm at Currinsville until 1890, when he entered the University of Oregon at Eugene. He remained there three years. His next two years were spent at Portland in the law office of Durham, Platt & Platt, where he studied diligently. He was admitted to the Oregon bar in June, 1896, and since October, 1897, has practiced his profession in Oregon City, where he has been very successful. In 1900 Mr. Stipp was admitted to practice in the United States Courts. No man in the county is more competent than he to exercise the judicial functions of the office for which he is a candidate.

tary Dunbar has instituted reform in his office that have greatly facilitated the keeping the books of the state. He is a practical man and his record is an excellent one. Treasurer Moore has also made a good record. He has cared for the funds of the state in a manner to win the approbation of all parties. The election of these three men by large majorities is conceded.

EDITOR PORTER of the Oregon City Enterprise, a member of the last legislature and late active but disappointed candidate for the nomination for state printer, announces through his paper that he is now out of politics and says any man should not mix in politics if he is going to run a newspaper. After such a declaration, Porter needs watching. The change of heart is too sudden.—Newberg Graphic.

Senator Porter is all right. He was naturally disappointed in not securing what he was fully led to expect, but, notwithstanding he had an invitation and a tempting bait to join the anti-Republican movement, he stands today, where he always stood, for the Republican party. Senator Porter's record at Salem was without a blemish. He can be proud of the fact that he returned home with the name of being a man who was left severely alone by those who had sacks.—Aurora Borealis.

THE strike of the employes of the Oregon City Manufacturing Company is a most deplorable affair. It is certain to work a hardship on over three hundred

and is very popular among the people of the State. There is no doubt of Mr. Crawford's election. The only question is the size of his majority. Clackamas County will give him his party vote without question and his personal following should add to that.

ENOS CAHILL will poll as large a vote as any man on the Republican ticket. He has been one of the staunchest Republicans of the county and no man has done more for the party through a long term of years than Enos Cahill. His record in all respects is the best. He has never been a candidate before and his Grand Army friends say they propose to give him the top vote. The people of this county will make no mistake in electing Enos Cahill treasurer.

NELSON if elected assessor will equalize some of the burdens of taxation. He believes that all should pay taxes alike. No matter whether corporation or individual. The farmers' taxes would not be so high if there was no tax dodging by the "big fellows."

THIS state is largely devoted to farming and farmers are largely interested in the laws passed. A vote for Hans Paulsen will help put one of the most progressive farmers in the county in the legislature.

THE fusionists have given up all hopes of success. Even their party paper has become so disgusted with the situation that it is saying absolutely nothing in support of the ticket.

**GRANGES FOR THE REFERENDUM.**

Secretary U'Ren, of the Direct Legislation League, Says It Is Sure.

Clackamas County granges are taking active interest in the passage of the initiative and referendum amendment. A short time ago the grange at New Era voted \$5 toward the cause and on last Saturday Harding Grange, No. 122, Patrons of Husbandry, declared in favor of the amendment and voted \$5 from its treasury to be sent to the direct legislation league.

Hon. W. S. U'Ren, secretary of the league, said Tuesday that trades unions and granges all over the state were contributing liberally and enthusiastically in support of the amendment. The Federated Trades Council, of Portland, has sent requests to candidates for all offices all over Oregon to have the words "Vote for the Initiative and Referendum amendment" printed on their cards which they circulate among the voters. Regardless of party affiliation the candidates are very generally doing this. Mr. U'Ren is now sending out 30,000 referendum folders to the voters of the state. Over 20,000 names were secured from the Oregon Gazetteer, which contains the name of every man in Oregon engaged in any kind of business of professional work. The league has a list of about 8,000 other names which have been secured in various ways. The necessity for the great amount of work is owing to the fact that the law provides that the amendment must have a majority of all of the electors of the State in order to become a law.

Albert Teazer, president of the National Editorial Association, informs Mr. U'Ren that not a single newspaper in Oregon is opposing the amendment. Before the Republican state convention was held there were two journals against the measure. What little opposition there is to the initiative and referendum comes from those who are afraid of trusting in the judgment of the people. Mr. U'Ren has visited many portions of the state in the interest of the amendment and has found only two men who are actively opposed to its becoming a law.

**IN DEFENSE OF DR. GOUCHER.**

C. Griffin, of Union Hall, Relates a Political Incident

UNION HALL, Or., May 5, 1902.—(To the Editor.)—Will you permit me a little space in your paper? I was in Oregon City today and on the street I chanced to see Dr. R. Goucher. He met an imitation of a man who told the doctor that two or three of the Citizens would be elected. The doctor asked who and the man said E. H. Cooper, and the doctor said: "I do not think so." He said: "I hear you are working against Cooper." The doctor said "It is true." So you see he did not lie about it.

Abuse commenced. The man said that Dr. Goucher had no influence and he was a drunken sot. Now I will say that the doctor is no drunken sot and he always pays his honest debts and no one can say different and tell the truth. Everyone knows that Dr. Goucher is no drunkard. He takes a drink but he does not deny it, but if the doctor had said he was working for E. H. Cooper his hair would have had golden bangles on. This man will find out that abuse will not increase the votes for E. H. Cooper, but I will give the doctor credit, for he smiled and walked along and took no notice.

C. GRIFFIN.

**PROGRESS OF THE CAMPAIGN.**

(Continued from page 1.)

is ludicrous in the extreme. All of these things will be made clear to the voters during the campaign of the Republican candidates. It will be easy to convince the voters of Clackamas County of the insincerity of the reformers on the records of the men themselves which are familiar to every newspaper reader in the county.

**SUPREME COURT DECISIONS.**

A plaintiff must recover, if at all, upon the cause alleged in his complaint, and the allegations must be supported by proof. The happening of an accident does not raise a presumption of negligence.

When stockholders of a National bank have been notified by the Controller of the Currency of an impairment of the capital stock, they must choose between levying an assessment or going out of business. The stockholders, not the directors, must vote to suspend.

A verbal purchase of real property, followed by possession by the vendee as owner, makes the contract binding in equity to the extent that the vendee cannot repudiate it.

Where a city charter requires claims to be presented to the Recorder, such presentation must be made before suit can be brought.

**The Latest Yarn.**

A Pittsburg drummer tells this new yarn: I always carry a bottle of Kemp's Balsam in my grip. I take cold easily and a few doses of the Balsam always makes me a well man. Everywhere I go I speak a good word for Kemp. I take hold of my customers—I take old men and young men, and tell them confidentially what I do when I take cold. At druggists, 25c and 50c.

ALL CASES OF  
**DEAFNESS OR HARD HEARING ARE NOW CURABLE**  
by our new invention. Only those born deaf are incurable.  
**HEAD NOISES CEASE IMMEDIATELY.**  
F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give a full history of my case, to be used at your discretion.  
About five years ago my right ear began to ring, and this kept on getting worse, until my hearing in this ear entirely.  
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the best means was then cease, but the hearing in the affected ear would be lost forever.  
I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain  
Very truly yours,  
F. A. WERMAN, 730 B. Broadway, Baltimore, Md.

**Whooping Cough.**

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—Jessie Pinkey Hall, Springville, Ala. This remedy is for sale by G. A. Harding, Druggist.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
