

News of the Week

Friday, May 2.

Many persons were killed in India by a tornado. The President has ordered the trial by court-martial of Major Glenn, accused of participating in the water cure. Strikes are under way in many cities in the East. Potatoes and onions are booming in the local market. Wheat prices move upward at Chicago. Planing mills in Portland run short-handed, surrounded with union pickets. Sawmill situation unchanged, with strike in one mill. President Havemeyer, of the sugar trust, told a Senate committee his company had no holdings of sugar lands in Cuba. Since the first of the year the sugar trust has bought 94,000 tons of Cuban sugar, the yearly output of the island being 750,010 tons. Explaining the recent cutting of prices in the West, he frankly admitted it was to drive the beet-sugar men out of the market. Voters of Ashland and its vicinity yesterday met several of the principal Republican nominees for state offices, and heard them define their positions as regard state affairs. W. J. Furnish, nominee for governor, pledged himself to give the people a straightforward, business-like administration. Senator Fulton discussed National issues in a manner which left no doubt that the best interests of the county will be furthered by the endorsement of Republican policies.

Saturday, May 3.

Russian troops refuse to fire on rioters. Representative Amos J. Cummings is dead. The President presented diplomas to the graduates at Annapolis. Medford enthusiastically greets Furnish and other campaign speakers. Attorney-General of Washington holds School Directors need no special authority to provide free books. Small drop in wheat at Chicago. New steamboat to be built for Upper Willamette River service. Portland woolen mills opened with formal ceremonies. Great Central Railroad Company, incorporated for \$10,000,000, may join Salt Lake and Coos Bay. Federated Trades pass resolutions indorsing local strikes, in Portland. Republican leaders no longer harbor any fears that they will not control the next House. They propose to show the benefits to be derived from expansion, and meet every charge the Democrats make. As a compromise on the Philippine bill, a commission of Senators and Representatives may be sent to the islands to investigate.

Sunday, May 4.

Mindanao Moros attacked Americans, and lost two forts. General Chaffee reports many Filipino surrenders. An American student was saved from prison in Russia by appealing to the Czar. Leyds has gone to Utrecht to confer with Kruger. Loebel writes to Roosevelt accepting the invitation to participate in the Rochambeau ceremony. The laundry strike in Portland is over. The union workers won a complete vic-

MRS. HULDA JAKEMAN

Wife of President Jakeman of Elders of the Mormon Church, Salt Lake City, Utah, Recommends Lydia E. Pinkham's Vegetable Compound For Woman's Periodic Pains.

"DEAR MRS. PINKHAM:—Before I knew of Lydia E. Pinkham's Vegetable Compound I dreaded the approach of the time for my menstrual period, as it would mean a couple of

MRS. HULDA JAKEMAN.

days in bed with intense pain and suffering. I was under the physicians' care for over a year without any relief, when my attention was called to Lydia E. Pinkham's Vegetable Compound by several of our Mormon women who had been cured through its use. I began its systematic use and improved gradually in health, and after the use of six bottles my health was completely restored, and for over two years I have had neither ache or pain. You have a truly wonderful remedy for women. Very sincerely yours, Mrs. HULDA JAKEMAN, Salt Lake City, Utah. \$4.00 per bottle if above testimonial is not genuine.

Just as surely as Mrs. Jakeman was cured just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills. Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

All the employes yesterday signed the union agreement, guaranteeing a 10-hour day, overtime at the rate of one and one-half pay, new wage scale, and employment of workers through the union office. All the laundries will start up immediately. All the strikers are to be re-employed; those who worked during the strike will probably be taken into the union.

Monday, May 5.

By one blow, the power of the petty rulers of Mindanao has been overthrown and respect for the authority of the United States secured. Colonel Baldwin's gallant column, penetrating into the interior of the island, attacked and in the face of great odds captured the Moro stronghold, Fort Bayan. The leading datos and many of their followers were killed and the survivors, 84 in number, surrendered unconditionally. The American loss was 8 killed and 34 wounded. A few of the prisoners will be held as hostages and the remainder released. A general surrender of the insurgent tribesmen is expected by General Davis, who reports the attack on the fort as the most gallant he ever saw or heard of.

Queen Wilhelmina's condition is critical. A new airship was successfully tried at Paris. Potter Palmer, the Chicago millionaire, is dead. Representative Otey, of Virginia, is dead. Portland defeats Tacoma in 16-inning game 5 to 4. Club women at Los Angeles gave up the day to recreation. A Chicago doctor was killed at Los Angeles in a battle with detectives.

Tuesday, May 6.

Senate passes bill to postpone St. Louis fair until 1904. Archbishop Corrigan is dead. Northern Securities Company files its answer in merger suit. Queen Wilhelmina is much improved and her recovery is now expected. Federation of Women's Clubs at Los Angeles debates color question. Electric railway projected between Pendleton and Walla Walla. Trial of the Mack libel suit against the Oregonian begins. John V. Berry, the noted election expert and general statistician, points out strong chances for Democrats to carry the House at this year's Congressional elections. He presents statistics showing how few Democrats were elected last year in states that generally send as many men of that political faith as Republicans. History shows that the party in power generally loses members of Congress at the election following the choice of President. Eight sites for the Lewis and Clark Exposition were offered yesterday for the consideration of the executive committee, as follows:

- Hawthorne Park, 23 blocks..... 30.00
Abrams & Knox tract, etc..... 104.00
City View Park..... 177.85
University Park..... 300.00
Peninsula..... 12.00
Love tract, near Piedmont..... 200.00
City Park, including adjoining King tract..... 180.00
P. L. Willis, near Guild's Lane..... 200.00
No action, looking to the selection of any particular tract was taken. Most of

them were offered free. A sub-committee was appointed to get additional information pertaining to Hawthorne Park, City View Park and the City Park. When this subcommittee shall be ready to report another meeting of the executive committee will be called.

A State Federation of Labor was organized at a convention of delegates from unions throughout the state, held in Portland yesterday. All unions, alliances and other bodies of workmen in the state are included in the federation. A conservative policy was counseled, and will without doubt be followed. The federation, as such, will meet today to elect officers.

Wednesday, May 7.

The Senate passed 40 pension bills. Admiral Sampson died at Washington, D. C.

Wilhelmina's condition again causes anxiety. Chaffee recinds his concentration order in Luzon.

The peace situation in South Africa is improving. More prisoners tried to escape, and 35 were killed.

Weather scare carries wheat up a trifle at Chicago.

Ladd tract is out of race for Lewis and Clark Fair site.

Bret Harte died at his home near Aldershot, England.

Margaret Taylor, the kidnaped child, has been located in Italy.

The nominating committee, after five hours' secret session last night, decided to place one ticket before the Women's Club Convention, headed by Mrs. Denison, of New York, for the presidency; Mrs. Robert Burdette, Pasadena, first vice-president; Mrs. Emma Fox, Detroit, second vice-president; Mrs. W. P. Coad, of South Dakota, recording secretary.

The sheep-shearing season is at its height throughout Eastern Oregon, and the clip promises to be large and of unusually good quality. Shaniko, Pendleton, Heppner, and The Dalles, four of the principal wool points, will handle over 15,000,000 pounds. Practically all of the sheep country east of the Cascade Mountains is tributary to Portland, and its present prosperity will be shared by the metropolis.

Thursday, May 8.

Secretary Root answers the Senate charges of Philippine cruelty.

Vasquez' revolution in Santo Domingo triumphed.

Seven persons were drowned by the running down of a launch at Toledo, O.

The anthracite miners have not yet settled the strike question.

Women's Club-Congress may refuse to accept nominations made by committee.

Many idle and destitute men in the Yukon.

Eastern grain market weak, and slight fall in wheat at Chicago.

State Federation of labor elects officers.

Oregon Naval reserve to be mustered out.

Strange disappearance of Mrs. Mamie F. Geiger, a Portland nurse.

Don't Start Wrong

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Grovetown, N. H. "I never found anything else that acted so safely and quickly." Geo. Harding.

Mother Gray's Sweet Powders for Children. Mother Gray, for years a nurse in the Children's Home in New York, treated children successfully with a remedy, now prepared and placed in the drug stores, called Mother Gray's Sweet Powders for Children. They are harmless as milk, pleasant to take and never fail. A certain cure for feverishness, constipation, headache, teething and stomach disorders and remove worms. At all druggists, 25c. Sample sent FREE. Address Allen S. Olmsted, LeRoy, N. Y..

Catarrh of the Nose

Chronic, or ulcerative, causes ulcers to form which produce scabs and fetid breath; first one then the other nostril is stopped up. If the secretions of the facial and nasal cavities have become putrid and of cancerous form, and the discharge offensive, a safe and effective wash is a solution of Boracic Acid in hot water, stronger or weaker according to the inflammation of the parts affected, which may be used with nasal douche or snuffed up from the hand gently, never violently. In all cases take the S. B. Catarrh Cure as directed, which will remove the accumulation of effete matter from the system, carrying it off through the various organs of the body, and a speedy cure may be relied upon. For sale by all druggists. Book on Catarrh free. Address Smith Bros., Fresno, Cal.

CROP CONDITIONS IN OREGON.

Sunshiny Weather Is Needed to Bring Out the Grain.

With the exception of last Sunday, which was mild and sunshiny, the weather of the week has been generally cloudy, with frequent showers, and altogether too cool for rapid growth. There were several mornings with light frosts, but as far as known they have done no damage of consequence. The soil in the wheat sections in the eastern part of the State is wet to a good depth, and all that is now needed is warm weather to bring vegetation forward very rapidly.

The maximum, or day temperatures in western Oregon ranged between 49 degrees and 74 degrees, and the minimum, or night temperatures between 37 degrees and 51 degrees. In eastern Oregon the maximum temperatures ranged between 42 degrees and 68 degrees and the minimum temperatures between 32 degrees and 42 degrees.

Farm work generally has been greatly retarded on account of the wet weather, and spring seeding in the Willamette valley is not yet finished. In Eastern Oregon the soil is in excellent condition for plowing, and good advancement has been made in summer-fallowing.

Wheat, although backward, is very promising, except in portions of the Willamette valley, where it is becoming yellow on account of the lack of sunshine. Spring wheat also is unusually slow in germinating, but with the ample moisture now in the soil a few days of warm, sunshiny weather is all that is needed to bring the grain crop out in excellent condition.

Feed on the ranges is splendid and stock in all parts of the state is doing nicely. In the plateau region the increase in lambs has been the heaviest in years. Sheep-shearing is progressing slower than usual on account of the cool weather. The clip is reported to be good. Hops, although slow in starting, are coming up well, and in the southern portion of the state the work of training the vines is general.

Corn planting is now in active progress in Southern Oregon, and in the western sections of the state the planting of late potatoes has begun.

The fruit outlook on the whole is reported to be very favorable. A great deal of anxiety has occurred for fear that the cold weather would interfere with perfect pollenization and a number of orchardists report that early cherries and early prunes, especially in Clackamas county, have been badly damaged. Strawberries and apple trees are now generally in bloom in the Willamette and Hood River valleys and in Southern Oregon.

GRAIN-O!

Remember that name when you want a delicious, appetizing, nourishing food to take the place of coffee. Sold by all grocers and liked by all who have used it. Grain-O is made of pure grain, it aids digestion and strengthens the nerves. It is not a stimulant but a health builder and the children as well as the adults can drink it with great benefit. Costs about 1/4 as much as coffee. 15c and 25c per package. Ask your grocer for Grain-O.

Wants Others to Know.

"I have used DeWitt's Little Early Risers for constipation and torpid liver and they are all right. I am glad to indorse them for I think when we find a good thing we ought to let others know it," writes Alfred Heinz, Quincy, Ill. They never gripe or distress. Sure, safe pills. Geo. Harding.

IN DEADLY PERIL.

The Narrow Path of Safety.

The Alpine tourist who finds himself suddenly clinging with feet and fingers to a shelf of slippery rock overhanging a dizzy precipice, understands in a very literal sense the full meaning of the words, "There is but a step between me and death." His peril is so tragic in all circumstances, so wild in its mountain setting, that the heart almost stands still at the thought of it.

But as a matter of fact every man walks the world with his life in his hands, and the path of safety is narrow or his feet.

An example of the constant peril in which we live is found in the alarming

number of deaths from consumption. The country is thoroughly aroused to the need of doing something to stop the ravages of the deadly germ of this disease. Several states have made liberal appropriations for sanitarians in favorable climates. The medical skill of the world is enlisted to fight consumption. Yet in spite of all that is done, the disease seems to gain ground instead of losing it.

THE FORCE OF HABIT is strong with us. We are so accustomed to the world wide prevalence of consumption that we accept it practically as a necessary evil. If some strange disease were to break out, and destroy human life to the same extent as does consumption, such a disease would be looked upon as an appalling plague. Quarantine would be established against it, and days of fasting and prayer appointed by the churches for the mitigation of the disease. But we accept consumption as inevitable because of its familiarity.

How true this is may be judged from a recent report of Sanitary Officer Gorgas, of Havana, Cuba. It has been called to the United States that yellow fever is epidemic in Havana. Dr. Gorgas answered that there is no epidemic. He says: "In the past month there were 72 deaths from consumption and 53 from yellow fever. Yellow fever therefore should not be considered epidemic more than consumption."

What light that throws on our acceptance of consumption! A scare cry is raised that yellow fever is epidemic because of 52 deaths in one month. Not a word was said as to consumption which in the same month claimed 72 victims, or over 35% more than died of yellow fever. The great question is: Why is con-

Holds Up a Congressman.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked men and women, and sickly men and women, get splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Geo. A. Harding.

umption so widespread? The answer is found in the general neglect of health which if neglected or unsuitably treated, will find a fatal termination in consumption.

"I was troubled with a bad cold, settled on my lungs and left me in a miserable cough," writes Mr. J. Burns, of 318 Huestis St., Idaho. "I used two bottles of your 'Golden Medical Discovery,' after which my cough disappeared entirely. I cannot recommend your medicine too highly."

"But 'Golden Medical Discovery' is not a cough medicine. It is a medicine of deep-seated character, chills, etc., are but tests of the merit of the medicine. In many cases where there were rashes, night-sweats, prostration, and every symptom of disease which terminates fatally in consumption, 'Golden Medical Discovery' has effected a lasting cure."

"I take great pleasure in sending you this testimonial," writes Mr. J. Whittire, of Arkin, Washington Co., Va. "I tender you my thanks for the restoration to health of my son, J. Whittire, through the use of 'Golden Medical Discovery' and 'Pleasant Pills.' Our son contracted a deep cold, and had his chial tubes open, he was a doctor and he pronounced it irritation of the chial tubes, with serious trouble, and he believed me that my son would die at any time. We did not give him any medicine but after treating him several weeks my son growing worse all the while I concluded to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pills'. I had seen several instances brought about by the use of these medicines, and, of course, I had wonderful faith in them. I am so happy at you that I have not been disappointed, and that my boy is well. He used four bottles of 'Golden Medical Discovery' at home and one vial of the 'Pleasant Pills' and was then well enough to go to Virginia, taking a supply with him. I am just in receipt of a letter from him from which I quote: 'I am well and getting very fresh.'"

"The neighbors all knew the condition of my boy and they all said he had consumption and would not live a week, and the doctor told some persons who commenced the use of your medicine, my boy had quick consumption and would have died."

Persons suffering from disease in the form are invited to consult Dr. Pierce's Medical Adviser, containing 700 pages and 700 illustrations, is sent free on receipt of 700 stamps to pay expense of mailing only. Send 31 one-cent stamps for cloth-bound volume, or only 25 for the book in paper cover. Address Dr. R. V. Pierce, Buffalo, N. Y.

CASCARET CATHARTIC TRADE MARK REGISTERED REGULATE THE LIVER Pleasant, Palatable, Potent, Pure, Good, Never Sickens, Weakens, or Gouges the Bowels. CURE CONSTIPATION. Sterling Remedies Company, Chicago, Standard for Tablets.
