When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food, when you hate it, and can't digest it?

REPUBLICAN LEGISLATIVE NOMINEE.

HANS PAULSEN.

Hans Paulsen, of George, Republican nominee for the Legislature, was born in Schleswig-Holstein in 1841. Upon reaching the age of 21, he went to Australia, where he spent two years. When the gold fields were discovered in New Zealand, he went there, and remained until 1871, when he returned to Australia, but remained only a short time, and went to England. The following year he returned to his native land, and after a nine months' stay came to the United States. He came to Oregon, and took up a homestead and purchased railroad land in Clackamas County, where he has resided since. Mr. Paulsen has always been a Republican, and has taken an active interest in politics. He is a successful farmer and has succeeded under heavy difficulties where many men would have failed. Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.
