Dangerous if Neglected.
 Sores, cuts and other wounds often
 heal properly if neglected and be-
 come troublesome sores. DeWitt's Witch
 Hazel Salve prevents such consequences.
 When delay has aggravated the in-
 jury DeWitt's Witch Hazel Salve affects
 it. "I had a running sore on my

WOMAN'S RELIEF
 A really healthy woman has lit-
 tle pain or discomfort at the
 menstrual period. No woman
 needs to have any. Wine of
 Cardui will quickly relieve those
 smarting menstrual pains and
 the dragging head, back and
 side aches caused by falling of
 the womb and irregular menses.

WINE OF CARDUI
 has brought permanent relief to
 1,000,000 women who suffered
 every month. It makes the men-
 strual organs strong and healthy.
 It is the provision made by Na-

 the terrible aches and pains which
 blight so many homes.
 GREENWOOD, La., Oct. 14, 1900.
 I have been very sick for some time.
 I was taken with a severe pain in my
 side and could not get any relief until
 I had a bottle of Wine of Cardui. To-
 day I feel as well as I did when I was
 ill. It is my duty to say that you have a
 wonderful medicine.

Musing in the Quiet Hour in Memorial.

Once more, in the busy turmoil of life,
 we pause to honor the heroes of our na-
 tion.
 In the history of our country we have
 many great men who ennobled the pos-
 sion of trust which they held and we
 may say with due modesty that the Re-
 publican party has had its share of
 those who were great and good. The
 sainted Lincoln, who guided the ship of
 state through troubled waters, whose
 life is a living example of the principles
 which placed him as the dictator of our
 nation in its darkest hour.
 Those who have wandered from the
 fold after "strange gods" have said, with
 a convincing word of the hand: "Repub-
 licanism in Abe Lincoln's time was what
 we needed but in these days of progress
 we have outgrown it." But in '98 we
 find these same principles enunciated
 by a new generation, which brought us
 through trying international complica-
 tions, proving conclusively that the Re-
 publican policy is not yet past its useful
 ness.
 Although there are fewer each year to
 answer the roll call of the Grand Army

of the Republic, many have lived to see
 the fruition of that gigantic struggle.
 "No North," "No South," but one
 grand union. The soldier in the Orient
 is termed a monster because he has
 learned by sad experience that he must
 wring from the wily Malay the secret
 of his treachery. If the American sol-
 dier errs it is that he is over generous to
 a fallen foe. This is why so many grey-
 haired mothers sit by their desolate
 hearthstones, waiting for the son who
 can never come to gladden her declining
 years.
 I shall never see the grave of one of
 these brave boys without visions of those
 low lying rice paddies, fringed by
 beetle-nut, bamboo and palms, over run
 with gourd and morning-glory vines,
 while the weird self-assertive cactus has
 already put forth its thorny growth in
 the grass-grown trenches, where the sons
 of the blue and the grey fell, loyally
 fighting shoulder to shoulder for "Old
 Glory." They have proved themselves
 the worthy sons of their fathers.
 Time, tide, and circumstances have
 compassed much.

AN ACT

[H. B. 76]

To amend sections 4081 and 4082 of Hill's Annotated Laws of Oregon, and to provide for the election of road supervisors.

Be it enacted by the Legislative Assembly of the State of Oregon:

That an act entitled "An Act to amend sections 4081 and 4082 of Hill's Annotated Laws of Oregon, and to provide for the election of road supervisors," passed at the twentieth regular session of the Legislative Assembly of the State of Oregon, and approved February 17, 1899, be and the same is hereby amended so as to read as follows:

§ 4081. The county courts in the several counties in this state shall, as often as they may deem necessary, but not oftener than once in two years, divide their respective counties, or any part thereof, into suitable and convenient road districts, each of which shall be numbered, and cause a brief description of the same to be entered on the county records. No road district shall be so made that it shall be partly in one election precinct and partly in another, but each road district shall be so formed as to lie wholly within one election precinct; provided, that all the territory within any incorporated town or city may be one road district. Each county court, at the January term, 1902, thereof, shall so arrange the road districts in the county as to conform to the provisions of this section; and at the January term of said court every two years thereafter, and at no other time, make such change in road districts as may be deemed necessary; but no changes, either in road districts or in election precincts, shall be made which shall interfere with the relative arrangement thereof as provided in this section.

§ 4082. At the general election in 1902, and every two years thereafter, there shall be elected in each election precinct in this state in which there is one or more road districts, as provided in section 4081, a road supervisor for each road district in such election precinct, who shall be a resident of the road district for which he is elected, and shall hold his office for two years, or until his successor shall have been elected and qualified. At such election every person entitled to vote for precinct officers in a given precinct shall be entitled to vote for one road supervisor for each road district in such precinct. Before entering upon the discharge of his duties, each road supervisor shall take an oath to faithfully discharge the duties of his office; and when any person shall fail or refuse to accept the office of road supervisor to which he shall have been elected he shall be fined in the sum of \$25, which fine shall be appropriated to road purposes in the road district in which such person shall have been elected. Such fine shall be imposed and collected by any justice of the peace in the county in which such road district shall be located, or by the county court of such county, and the amount of such fine shall be turned over to the road supervisor of the precinct in which it is to be used. All vacancies in the office of road supervisor shall be filled by the county court at the next term thereof after such vacancy shall have occurred.

Approved February 27, 1901.

This is the law that I voted for, and the only law that there now is on the road supervisor subject. My vote is found in Senate Journal of 1901, page 853.

OREGON RIVERS GET \$2,350,000.

Good Work of Congressman Tongue For Harbors of the State.

The river and harbor bill was reported by the conference committee in the house Tuesday Oregon, including the Columbia River, gets \$2,350,000.
 In the 10 years prior to McKinley's first administration, exclusive of the Cascade improvement, the state secured but \$4,007,880, while the whole appropriation for the state and Columbia, exclusive of the Cascade, has been \$6,250,000. This is a particularly creditable showing for Representative Tongue, who as a member of the river and harbor committee in the last two Congresses, has secured for the Willamette River \$231,000, as against \$288,500 for that river in all previous bills; \$52,000 for Tillamook, as against \$53,700 in previous bills, and now \$225,000 for the lower Willamette and the Columbia, as against \$500,000 in the 10 years preceding the McKinley administration. Moreover, Oregon had a member on both Senate and House committees handling these bills. This year it has but one. The bill as agreed to carries the following amounts:
 Mouth of Columbia.....\$ 500,000
 Contracts.....1,000,000
 Portland to the sea.....225,000
 Dalles-Celilo Canal.....314,000
 Dalles-Celilo, above Portland.....68,000
 Willamette at cascades.....30,000
 Columbia at cascades.....53,000
 Upper Columbia and Snake.....75,000
 Coos Bay.....75,000

MAY MEETING OF COUNTY TEACHERS

Local Institute at Willamette Falls Last Saturday.

VINCENT TALKS OF ARITHMETIC

Educators Visit Capen Shoe Factory and Are Entertained at Luncheon By Willamette Residents.

The May meeting of the Clackamas County Teachers' Association was held in the public school building at Willamette Falls last Saturday. The work of the association was both interesting and instructive, and the audience enthusiastic. The attendance was good, there being present many patrons of the school and leading educators. The meeting was called to order at 10:30 A. M., President J. C. Zinser in the chair.

The program of the day was opened by remarks relative to the work of the association for the past year, by Supt. J. C. Zinser. He dwelt on the benefits to be derived from teachers attending the monthly meetings, and showed how many teachers had improved their schools by meeting together and talking over the difficulties and obstacles that presented themselves from time to time.

"Important Points in Arithmetic" was the topic assigned Mr. L. H. Vincent, principal of Wilsonville School, who made an excellent and thoroughly practical address on the same. The speaker showed the great necessity of teachers drilling constantly on the four fundamental operations, and their relations. He believed that if teachers taught the relations of the four fundamental operations thoroughly, when pupils reached percentage and its different applications there would be no difficulty in getting pupils to understand the entire subject. The subject of factoring should be thoroughly taught, and impressed upon the minds of children, for factoring is used in almost every case in arithmetic.

The subject was ably discussed by County Supt. Zinser, who explained how our present system of education tends to correlation of all subjects. He added several helpful suggestions, all of which were much appreciated.

On motion the association adjourned to a room on the second floor, where the teachers, pupils and patrons of the school had prepared a most delicious luncheon for all present.

After the teachers had partaken of the delicious luncheon which had been prepared by the good people of the burg, Supt. Zinser and all the teachers visited the "Capen Shoe Factory" and observed the work. Mr. Frank Capen very kindly explained to all visitors the different processes necessary in the manufacture of shoes.

The meeting was called to order again at 3:30, Pres. J. C. Zinser presiding. "Proper and Improper Use of Objects in Number Work" was the subject of an entertaining paper well read by Miss Katherine C. McMillan, Miss McMillan said: Make the first year's number work almost entirely oral; deal with small numbers only; make haste slowly; learn the combinations thoroughly; teach that subtracting is separating a number into its parts and not taking away; and help pupils to use their imaginations.

Supt. Zinser and Mr. Winches participated in a lively discussion which followed.

"System in Blackboard Work in Arithmetic" was handled in a practical and skillful manner by Mr. A. C. McLaughlin, principal of Milwaukie school. The speaker said that system was one of the most valuable things connected with our school work. System is the key to success. Training pupils to orderly habits in the schoolroom prepares them for orderly habits through life. In teaching arithmetic there is more opportunity for a system than in any other branch. The board work should be a model of system. In dealing with all arithmetical subjects, the teacher should have a clear, concise and practical method. Very often it may be necessary for the teachers to depart from the author under consideration and use their own individuality in presenting topics.

Several choice musical selections were rendered by the pupils of the school, all receiving hearty encores.

The following committee was appointed by the chair to prepare resolutions of thanks: Mrs. A. T. Winches, Miss Gertrude Neffner and Mrs. E. B. Salisbury. "The Teacher's Part in Character Building" was the subject of a thoughtful and intensely patriotic paper read by Mr. F. J. Meindl, of Oregon City. In this valuable paper the speaker set forth his plan which had worked with success. The paper covered the subject comprehensively. The speaker said that the teacher and parent are the character builders of this great nation. We should live for our flag, for our country, and for its institutions. Our nation was founded on the rock of justice and perfect upon the foundation of liberty. Our mission is to do what we can for the perpetuation of freedom and justice, cost it what it may. Every nation has its fortress; every true character has its anchorage; and each is secured by skill, effort and heroism. The greatness of a nation depends upon the character of its citizens, and this character is due largely to the work of the teacher, for the teacher molds for the child its future.

"Book-keeping in the Public School," was the title of an interesting talk given by Mr. Robert Ginther, of Shubel. His speech was listened to with attention as it contained so many helpful suggestions to teachers. Mr. Ginther approached his subject from a practical standpoint. He illustrated to those present his method of dealing with practical work in the country schools, showing how he prepared children for future work in life.

Mr. Hunt, one of the directors of the school, made several pertinent remarks on the work of teachers.

A resolution of thanks was offered and passed, thanking the teachers, patrons and pupils of the Willamette Falls School for the royal and hospitable entertainment received.

CLOSING OUT SALE

ALL GOODS BELOW COST

Ladies' and Gents' Furnishing Goods.

I only decided to close out a short time ago. I ordered Spring and Summer goods last Fall for 1901 and 1902, and they have just arrived from Eastern factories. I invite all the people of Oregon City and Clackamas County to see our new goods and new prices. Am sure you will be surprised to see all articles marked way down. This will give you an opportunity to buy clean goods cheap. Come early and secure what you want. What remains of the stock I will move to Portland. I rather sell below cost, so as to save trouble of packing goods when I move away.

Just one word about our shoes. Just from J. B. Lewis' factory at Boston. They are going out of business, and sold me an order cheap, and you can get the benefit of this. Call for J. B. Lewis shoes.

The closing out sale of some stores is merely a scheme to get rid of old stock, but this sale is bona fide.

I have already purchased a building in Portland, so I am in a hurry to move there so as to save expense of rent and car fare.

Do not fail to call.
