FIRE IN A BOX CAR.—Fire in a box car on the Southern Pacific track in this city on Monday night caused the destruction of the woodwork of the car and most of its contents, which consisted of the household effects of G. Voorhis, of Portland, which were being shipped to Medford. Besides the household furniture there were two horses in the car and animals were saved, though one was badly burned on the back. The fire was probably caused from spontaneous combustion.

The following schedule will be maintained: Leave Oregon City at 7 and 10 A. M. and at 1:30 and 4 P. M. Leave Portland at 8:30 and 11:30 A. M. and at 3:30 and 6:15 P. M. The steamer will lay over nights at Oregon City. Round trip 25 cents.

CHANGE IN WATER RATE.—The changes in the water rates, which will be found in another column, have been deemed advisable by the board of water commissioners, in view of the fact that the former charges have been trifling and have not met the necessary expense of wear and tear incidental to the extra pumping during the hot season. The water having to be filtered, it is but

reasonable that due economy be observed in its use, otherwise the rates must of necessity be further increased, and it may be advisable that meters be adopted to prevent waste. The hours for sprinkling are from 6 to 8 a. m. and the same hours in the evening and the rates are \$2 for the season to consumers and \$2.50 to non-consumers. The rate for stores is \$1.

MEMORIAL DAY SERVICES.—Memorial Day was appropriately observed in this city today. Friday morning the members of the Union Veterans' Union went in carriages to the cemetery and decorated the graves of their fallen comrades. The principal exercises of the day were under the auspices of the Grand Army of the Republic. In the morning a procession was formed headed by the Parkplace Band, and followed by Co. A, Third Regiment, Oregon National Guard, Meade Post No. 2, G. A. R., Meade Relief Corps, No. 18, and the children of the public schools and of St. John's school. Captain H. Leighton Kelly was grand marshal of the parade and his aides were John W. Moffatt, chief of staff, Harry Draper, James W. Church and Louis Rall. The procession first marched to the center of the suspension bridge, where flowers were strewn on the waters of the river in honor of the sailors who were buried at sea during the war of the rebellion. After this ceremony, services were held in Shively's opera house, which was crowded to standing room. Ritualistic work of the Grand Army of the Republic was followed by an address by Rev. Robert McLean, of Portland. He paid a high tribute to the soldiers of the war and made a fervent eulogy of the memory of the fallen heroes. The procession was then reformed and proceeded to Mountain View cemetery. The solemn ceremonies of the Grand Army and Woman's Relief Corps were held, three volleys were fired by Company A and decoration of graves ended the services for the day.

CROP REPORT FOR THE WEEK.—The past week has been one of great extremes in temperature. The first two days were bright and warm, after which it turned cool and cloudy. Frequent small showers have fallen during the latter portion of the week, and on several mornings during temporary clearing spells, light frosts occurred in the eastern portion of the state. The maximum, or day temperatures in Western Oregon ranged between 54 degrees and 90 degrees, and the minimum, or night temperatures between 42 degrees and 56 degrees. In Eastern Oregon the maximum temperatures ranged between 50 and 80 degrees and the minimum temperatures between 34 degrees and 56 degrees. The condition of grain continues good, especially in the eastern portion of the state. There has been plenty of moisture for spring-sown wheat, as the plant has stood nicely the yield promises to be larger than usual. Fall wheat is heading, but owing to the cool weather, it is making slow advancement, and steady, mild temperatures are now needed to mature a plump and hard kernel. Some alfalfa has been cut in Southern Oregon, and clover and alfalfa is generally ready for harvesting, which is retarded by the unsettled condition of the weather. Pastures continue in excellent condition and stock is now fat and sleek. Sheepshearing is progressing slowly and the clip will probably be an average one. Sugar beets in Union county are being thinned and the crop is doing nicely. Gardens, corn, potatoes, and hops, all need warmer weather, but they continue thrifty and promising, although very backward. The warm weather during the first of the week brought in a number of encouraging fruit reports to the effect that the damage to prunes, cherries and pears was not as great as expected, but the weather became unfavorable, and the damage in the Willamette valley to Italian prunes, royal ann cherries and bartlett pears is considerable. In Southern and Eastern Oregon the fruit outlook is very promising, and there will undoubtedly be plenty of berries in all parts of the state. Early apples have dropped badly, but winter apples, as far as can be determined, have set nicely.
