KIDNEY TROUBLES.

Mrs. Louise M. Gibson Says That This Fatal Disease is Easily Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I felt very discouraged two years ago, I had suffered so long with kidney troubles and other complications, and had taken so much medicine without relief that I began to think there was no hope for me. Life looked so good to me, but what is life without health? I wanted to be well.

MRS. LOUISE M. GIBSON.

"Lydia E. Pinkham's Vegetable Compound cured me and made me well, and that is why I gladly write you this, and gladly thank you; six bottles was all I took, together with your Pills. My headache and backache and kidney trouble went, never to return; the burning sensation I had left altogether; my general health was so improved I felt as young and light and happy as at twenty."—Mrs. LOUISE M. GIBSON, 4813 Langley Ave., Chicago, Ill.—\$5000 forfeit if above testimonial is not genuine. If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. GRAIN-O! GRAIN-O!

Remember that name when you want a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it. Grain-O is made of pure grain, it aids digestion and strengthens the nerves. It is not a stimulant but a health builder and the children as well as the adults can drink it with great benefit. Costs about 1/4 as much as coffee. 15c and 25c per package. Ask your grocer for Grain-O.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant, of Merry Oaks, N. C. After I had tried many doctors and medicines to no avail, one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol. Don't try to cure stomach troubles by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. Geo. Harding.

Long and Short Hair.

Homer wrote of the long haired Greeks by way of honorable distinction. Subsequently the Athenian cavalry and all Lacedaemonian soldiers wore long hair. The Parthians and ancient Persians wore long, flowing hair. The Franks and ancient Teutons considered long hair a mark of high birth. The Goths looked on long hair as a mark of honor and on short hair as a mark of thralldom. So did the Gauls, for which reason Julius Caesar, when he subdued them, obliged them to cut their hair short in token of submission.

In England Judges, the speaker of the house of commons and at one time the bishops wore long hair, while criminals and paupers wore short hair. On the other hand, Jewish priests during their time of service had their hair cut once a fortnight, and Roman slaves wore their hair and beard long, but shaved their heads when manumitted. Sailors who escaped from shipwreck shaved their heads as if manumitted from the sea. In Ezekiel v. 1, there is mention of a "barber's razor," with instructions to "thou, son of man, take thee a barber's razor and cause it to pass upon thine head and upon thy beard."

Poetry and Hogs.

This particular practical wife looks like a dream, but she is right up to the mark in business. One day just as the frost was on the pumpkin he came in. "Darling," he began, "I have just been thinking this is a most memorable day in our lives, both yours and mine. Do you know what it recalls?" "No," she declared. "What! Not remember this particular date?" he asked in horror and reproach. "Oh, surely you must." She said again that she didn't, though to oblige him she would if she could, and he bowed his head and looked sorrowfully out of the window at the swaying trees loaded with red leaves. "Don't say it," he exclaimed. "Don't tell me you have no recollection of the serious import of this day. Think! See how I am impressed by the recollection. Surely you recall it." A dawning light spread over her face. "I believe I do," she cried joyously. "Yes, it was just this time we killed hogs last fall."

He gave a hollow groan and left the room of his too, too practical wife. It was their wedding anniversary.—Louisville Courier-Journal.

AFTER GRIP WHAT?

The Perilous Period Which Follows an Attack of this Mysterious Malady.

Grip is bad enough with its aching bones, inflamed eyes, painful back, and fever. But its after effects are perhaps even more to be dreaded than the misery attendant on an attack of the disease itself. The person who comes safely through an attack of grip, man, woman, or child, is left in a condition of peculiar debility and prostration from which it is difficult to rally. A slight cold or cough may find speedy termination in lung

disease. Ordinary exposure results in pneumonia. The disease seems to deplete the vitality, undermine the strength, and affect the balance of the mind. It is one of the sad experiences of the grip, that the convalescent supposed to be rallying well, has been found in a condition of complete collapse. As a result of the grip the lungs, and other organs of respiration seem peculiarly liable to be affected and consumption may easily be the after consequence of the malady. It needs no argument therefore to urge the building up of the system weakened by grip to enable it to resist and throw off these sequent diseases which so frequently prove fatal. In actual test Dr. Pierce's Golden Medical Discovery has proved itself peculiarly valuable not only in the quick cure of the disease but also in rebuilding the body which grip has undermined and in curing diseases which are prone to fasten on the enfeebled system. It strengthens the stomach, heals the lungs, and purifies the blood. It puts the whole body on a plane of sound and vigorous health.

A VICTIM OF GRIP.

"Two years ago this month I had an attack of grip which left my throat and lungs in bad condition," writes Mrs. M. R. Stewart, of Center, Chickasaw Nation, Ind. Ter. The doctor said I had disease of the bronchial tubes, but confessed to my husband (unknown to me), that I had consumption in the first stage and could never be cured; but, thanks to God and to Dr. Pierce, to-day I feel well, and am better now than I have been for many years. I can do as much work now as any woman of my age, which is forty-seven. One of my neighbor women advised me to get Dr. Pierce's Golden Medical Discovery, so I sent and got it, and then I was not satisfied with it alone, hardly believing it would cure me, so I wrote to Dr. Pierce and gave him my symptoms. He replied that I had catarrh of the head, extending to my lungs, and told what would cure me. I took his advice—never neglected it for anything. I have taken seventeen bottles of 'Golden Medical Discovery,' eight vials of Dr. Pierce's Pellets, and ten packages of Dr.
