SCIENTIFIC DENTISTRY

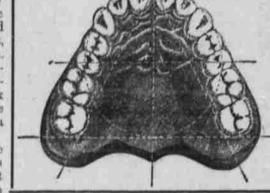

Why Many Artificial Sets of Teeth Do Not Work Satisfactory.

FROM JUNE 28 TO 26 INCLUSIVE They are Not Constructed Along Lines of Recent Scientific Investigations.

> COME time ago it was discovered by Dr. W. I. Bonwell, a dentist, who has made many scientific investigations in relation to the human teeth, that the lower jaw forms an equilatoral triangle, the base of which is distance from center to center of the condyles of the jaw, and the sides the distance from these points to the medium line of the inferior incisors. The sides of the triangle average about four inches.

suers and Are In Washington.

Tracey and Merrill, the desperate conviets who escaped from the Salem penitentiary June 9, are still at large there is no immediate prospect of their capture. The Oregon City militia company went out to Molalla to aid in the search on Thursday of last week, but returned home Friday. On Saturday G. Randall near New Era, drove through Oregon City and crossed the Clackamas River at an early hour Sunday morning. They abandoned the team near Mount Tabor, where it was afterwards discovered by Mr. Randall and made their way across the Columbia near Vancouver. They are now in the state of Washington. Persistent efforts have been made to capture the desperadoes but without success. Guard Carson and the blood-hounds have been active. Tracey and Merrill have held up several people and have taken money, horses and provisions from them. There is nothing on which to base a hope of their early capture.

The following is the list of letters remaining in the postoffice at Oregon City, Ore., on June 19th, 1902:

"One Minute Cough Cure beats all other medicines I ever tried for coughs, colds, throat and lung troubles," says D. Scott Currin, of Loganton Pa. One Minute Cough Cure is the only absolutely sale cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleas-aut to take. Children like it. Sure cure aut to take. Children like it. Ladies' and Gents' Furnishing Goods.

I only decided to close out a short time ago. I ordered Spring and Summer goods last Fall for 1901 and 1902, and they have just arrived from Eastern factories. I invite all the people of Oregon City and Clackamas County to see our new goods and new prices. Am sure you will be surprised to see all articles marked way down. This will give you an opportunity to buy clean goods cheap. Come early and secure what you want. What remains of the stock I will move to Portland. I rather sell below cost, so as to save trouble of packing goods when I move away.

Just one word about our shoes. Just from J. B. Lewis' factory at Boston. They are going out of business, and sold me an order cheap, and you can get the benefit of this. Call for J. B. Lewis shoes. The closing out sale of some stores is merely a scheme to get rid of

old stock, but this sale is bona fide. I have already purchased a building in Portland, so I am in a hurry to move there so as to save expense of rent and car 'are.
