STRIKE ON ELECTRIC LINE.

Only Two Cars Are Running Between Oregon City and Portland.

Tuesday morning the entire force of the Portland City & Oregon Railway Company went on a strike and there is no prospect of an early settlement. The trouble was caused by a petition which was presented to President Hurlburt asking for the dismissal of Dispatcher Stuart and Superintendent Tiffany. The petition was signed by the employees of the road and a number of Oregon City business men and was presented by the grievance committee of the employees. President Hurlburt summarily discharged the members of the committee and also John Anderson, the former dispatcher, and afterwards employed on the road. Both sides appear to be firm. The employees charge that Stuart is incompetent and their lives are endangered by serving under such orders. They do not like Tiffany because he is gruff in his manner and is unjust to them. They claim that the accident near Meldrum's station was caused by contrary orders of the dispatcher.

Two cars are running on the line. They leave Portland on the mail scheduled time but at other times run when they get ready. There is little or no travel on them and the boats are reaping a harvest. Superintendent Tiffany operated one car Tuesday and put off some express matter at Howell & Jones store. This is in violation of the city ordinance, granting a franchise to the company, which provides that no express matter can be delivered between Fourth and Fourteenth streets. Tiffany was arrested by Chief Burns and was taken before Recorder Curry. He pled not guilty and his trial was set for July 3 at 1 P. M. His attorney raised the point as to whether or not a passenger car carrying express matter should be considered an express car.

The strike is causing much inconvenience to people living in Gladstone and other suburbs. Liveryman Young is running stages to Gladstone. The strikers are determined and active and they have the sympathy of most of the people of this city. Boys carrying banners labeled "Scab cars; keep off," parade the streets and reaching clear across the street in front of the ticket office in this city is a huge banner warning the public to take the boat to Portland and asking them not to ride on "Scab cars."
