AS OTHERS SEE US. In the Portland Oregonian of last Sunday appeared an editorial nearly a column in length devoted entirely to the beautification of the city.

The valley of the Willamette is full of towns. Some of these towns are beautiful and some are not. For those in the latter category there is no excuse. There is every reason why they should be beautiful and there is no good reason why they should not be so.

More perhaps in this city than in any other town in Oregon do these conditions exist. From its proximity to the metropolis and its easy access to tourists, Oregon City is visited by thousands of people every summer.

On the 4th of this month, at the regular council meeting, a petition signed by a number of prominent business men, was filed with the council, asking that body to purchase a street sprinkler.

Is the death of J. S. Risley Clackamas County loses one of her best citizens. To know Mr. Risley was to respect and admire him. A man that was fair and just to all men, he inspired by his life higher ideals and better aims in the younger generation.

PEOPLE who live so that it is possible for them to attend should make an extra effort to attend the Chautauqua. It is worth while to hear what some of the great thinkers, writers and workers have to say on some of the leading subjects engaging the attention of the people.

THE DAY OF INDEPENDENCE. The American eagle will give vent to his annual scream next Friday. He has been treading his throat-strength for a year so that he might scream on the Fourth of July, 1902, as he never has screamed before.

the 120th anniversary of the independence of the United States and the citizens of the city will entertain its guests in a great and grand celebration, to which thousands of people will come and enjoy the program made up especially for them.

One Fourth of July is very much like another. Each celebration is a repetition of the preceding one. The difference lies in the fact that with the succeeding years, succeeding generations rejoice in the establishment of a Democratic government, a government of the people, for the people and by the people, and are glad that fate has placed them within the bounds of a country where all are free and equal and no one is denied a voice in the framing of the wise and just laws under which we live.

We give little thought to our good fortune and are prone to take it more as a matter of course than as a gift of God. We are apt to forget, in our enjoyment of the celebration, the memory of the great men who lived in the latter half of the 18th century, of what they endured and worked to accomplish that America might be free.

Since the declaration of independence by 13 states things have occurred of which our forefathers never dreamed.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him.

Read It in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkzeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief.

A Minister's Mistake.

A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began "Take Kemp's Balsam, the best Cough Cure."

HONOR FOR CLACKAMAS COUNTY WOMAN.

Miss Fannie G. Porter, who won the State prize offered by the John Burroughs Society, of Portland, for the best set of compositions written by the June graduating classes of the public schools on "Oregon Native Birds," is a native daughter, being born in Oregon City, August 9, 1868.

Miss Porter received her education in the public schools of the State. After completing the High School course, she entered the State Normal School at Monmouth, from which institution she graduated with honors in the class of 1889. After graduation she entered the profession of teaching at Oregon City, where she remained several years, resigning to accept a position in the Portland Schools.

Miss Porter has always been deeply interested in all educational matters in the State, serving at one time as a member of the Board of Examiners of Clackamas County, and has held the office of Secretary of the Clackamas County Teachers' Association ever since the organization of the society.

The acquisition of territory thousands of miles away from our home shores was not contemplated in 1876. The credit of this increase is due to patriots of a latter day.

Let us then next Friday give a thought to the memories of those who have done so much for us. If we are grateful, and we are, the least we can do is to show our appreciation of their sacrifices, of their sufferings, which have resulted in the existence this day of the greatest and grandest government on the face of the earth.

County Superintendent J. C. Zinser has completed the list of those who received diplomas for eighth grade examinations all over the county, although it does not include joint districts, where certificates are received from other superintendents. The list is as follows: Mae Egge, Tillie Schafer, Harry Bardine, Willamette district No. 195; Ernest Naef, Milwaukie, district No. 20; Sarah E.
