Wine of Cardui is the guardian of a woman's health and happiness from youth to old age. It helps her safely into womanhood. It sustains her during the trials of pregnancy, childbirth and motherhood, making labor easy and preventing flooding and miscarriage. It gently leads her through the dangerous period known as the change of life.

WOMAN'S BEAUTY.

to analyze it. A woman may have the measurements and lines of the Medician Venus and yet lack beauty. Or she may defy artistic standards and be known everywhere as a beautiful woman. There is, however, one kind of beauty which is recognized by all and which is every woman's dower, a beauty to which the Prench have given the name of "The Beauty of Youth." Many a time we turn to watch some sweet, young girl, of smooth skin, clear complexion, bright

wife looks at her yellow akin, sunken cheeks and hollow eyes and marvels at her own falling off. And the younger girls still retaining the beauty of youth wonder "what her husband could have seen attractive in her," not knowing that it will be their turn to fade very soon.

HOW TO KEEP BEAUTY. In order to preserve this beauty of youth, to retain the charm of sweetness and freshness which belongs to maiden-

bood, the prerequisite is to understand that the chief foe of woman's beauty is womanly ill-health. Young women are often very careless of themselves. The temptation of the dance, or of the sleighride overrules their prudence, and the result is suppression and perhaps irregu-larity. This is only the beginning of worse evila, and yet this alone is suf-ficient to steal the freshness from the The womanly health should be protected with the utmost care and the first symptom of derangement or disease should be met by the use of Dr. Pierce's Pavorite Prescription.

"I will always recommend Dr. Pierce's Pavorite Prescription, 'Golden Medical Discovery' and 'Pleasant Pellets,' for they cured me when doctors and other medicines failed," writes Mrs. Mary E. Lewis, of Tanner, Gilmer Co., W. Va.
