Among the heaviest losers by the fire at the Mount Baker Hotel at Olympia, this morning was Mrs. J. Wesley Ladd, wife of the Portland banker, who lost jewelry and personal effects. Mrs. Casey, wife of Rear-Admiral Casey, and Miss Casey also lost some of their effects.

Renewed activity of Mount Pelee yesterday causes great alarm among the people of the world. More than 2000 people lost their lives and a tidal wave is feared. The natives fear a general collapse of the island if the eruptions continue. It is now believed that the entire West India islands will be desolated.

With the exception of a few scratches, the president has fully recovered from the effects of the accident of Wednesday, when he so narrowly escaped being killed by an electric car at Pittsfield, Mass. The people of that city are highly indignant at the action of the street railway company for refusing to grant to the president of the United States the courtesy of allowing his carriage the right of way. They claim that the fame of their illustrious city has thus been greatly depreciated.

A few weeks ago there was discovered to the east of Fresno, Cal., in the Sierras, the biggest tree in the world. At the time it was said that it measured 150 feet in circumference. John Muir, the great naturalist, has just visited the tree, and says that it measures at the base only 109 feet, and at four feet above the ground it was only 97 feet in circumfer-

ence. It is, however, larger than General Sherman and General Grant, which heretofore were the recognized monarchs of the forest.

The house of Lawrence Tarwoski, a nonunion mineworker at Holston, six miles north of Wilkesbarre, Pa., was wrecked by a mob of strikers today. Every window in the house was broken. Tarwoski was not at home at the time, and his wife, who was alone, fled in terror.

Plans are being perfected today by a syndicate of New York capitalists, to combine a number of the largest shingle-manufacturing plants in Maine. The syndicate is reported to have secured options on several of the biggest factories, and to have purchased large tracts of timber land.

Hops in the vicinity of Dallas are in excellent shape. The crop will be large and of good quality. No lice have yet made their appearance in the Dallas yards. One yard commenced picking today, several others will start tomorrow, and by Tuesday all the crews will be at work. Fifty cents per nine-bushel box is the price being paid the pickers. About 150 Siletz and Grand Ronde Indians are employed in the yards owned by Kirkpatrick & Williams.

Master Fish Warden Van Dusen returned today from a trip of inspection to the state hatcheries at Alesca and Yaquina. He found both in excellent condition and ready to receive eggs as soon as the salmon run up these rivers. The Chinook run will come first, followed by the silver-sides. The Alesca hatchery has a capacity of 2,500,000 eggs, and the Yaquina hatchery 3,000,000. These figures are for chinooks and silversides, respectively.

The manufactured product, tools, etc., of the Loebner-Going Company, of Portland, at the State Penitentiary, have been listed, and will be assessed on the 1902 tax roll for Marion county as personal property. This is the first time that this property has been assessed in that county. The listing of the property is along the line of action adopted by Assessor Lembecke, who proposes to tax at a reasonable valuation all such public franchises and properties as are taxable and have heretofore escaped all taxation.

"I am seriously alarmed at the news of the renewed activity of the Martinique and St. Vincent volcanoes," says Louis H. Ayme, United States Consul at Guadeloupe, who is in Chicago on sick leave. Should Mount Pelee "blow its head off," the loss of life would be appalling. With Pelee as a center, a chain of islands extends northward, embracing a population of some 750,000. Almost without exception, the cities and villages are situated along the coasts and but slightly elevated above the sea. A tidal wave 40 feet high would probably destroy 500,000 lives before it dashed against the shores of Porto Rico, with its 1,000,000 inhabitants.

Sunday, September 7.

The assessment roll for Benton county for the current year has been turned over to the county court. The totals show an advance in the total valuation of over \$80,000.

D. Lee, superintendent. A warrant has been drawn for the amount of the reward.

A cloudburst at El Paso, Texas, this afternoon delayed street-car traffic for absolutely an hour. Water ran in the streets a foot deep in many places. The fiercest hailstorm ever known on the border accompanied the rain. Hail was piled two inches in depth in many places, so rapidly did it fall. The rain and hail was accompanied by a sandstorm, the velocity of the wind being 48 miles an hour.

TIRED AND WORN OUT.

Women Need

A constant supply of blood-making material or their systems will break down. The complicated female organism is so delicately adjusted as to be easily thrown out of balance. As a result, health and strength are affected by divers diseases. Motherhood, family, society all levy such drains upon her strength that most women break under the nervous tension. The demands upon her nervous strength are much greater than similar demands of the opposite sex. Hence she must be supplied in greater measure with the element—iron—that gives strength. The reason women feel tired and worn out and suffer from headache, pains in the back and limbs, etc., is because they have used up their supply of iron. Menstruation trouble is largely caused by lack of iron.

Dr. Harter's Iron Tonic

supplies this element. It enriches the blood and restores what strain has used up.

Augusta, Ark., May 10, 1901.

"After having sold Dr. Harter's remedies for thirty years I can cheerfully recommend them. I might add that I hold in special favor Dr. Harter's Iron Tonic, and would recommend it as the very best preparation of iron I am acquainted with. To weak, worn-out women, and those troubled with nervousness, poor digestion and pale, thin blood, I believe it to be a panacea."

The Southern Pacific Company has begun construction of the 2,250,000-gallon steel oil tank that is to be used in the Ashland yards. The foundations for the immense structure have been laid for two months past, but there has been some delay in securing men for the work. A crew of 27 ironworkers and boiler-makers has arrived, and work will now be pushed on the large tank with the expectation of its completion in two months. The tank will be one of the largest on the Coast line. It will be 30 feet high and 115 feet in diameter.

BIG BABIES. HEALTHY CHILDREN MAKE HAPPY MOTHERS.

No baby ever came into the world, however weak and frail, but held as its birthright the precious dower of a mother's priceless love. But love can do so little for the weakling child except pity it and sorrow for its helplessness, that the mother who had looked forward to the care of her child with happy anticipation finds it a task that tests her devotion, to care for a puny, fretful, weeping baby.

What a difference when the baby is big, healthy and happy! What a joy

to watch the growth of the sturdy little one, whose gurgling laughter finds an echo in the voice of every member of the family.

The question is, are the conditions which determine the strength or weakness of the child unalterable? Is it possible that a mother who has borne several children and lost them all because of inherent weakness, can be so strengthened that her children shall be healthy and happy?

READ THE ANSWER to that question, written by a woman who is certainly competent to speak as to the remarkable strength-giving power of Dr. Pierce's Favorite Prescription.

Mrs. Alex. Kjer, of Gordonville, Cape Girardeau Co., Mo., writes: "When I look at my little boy I feel it my duty to write to you. Perhaps some one will see my testimonial and be led to use your 'Favorite Prescription' and be blessed in the same way."

"I do hope that if any women have the same trouble that I have had they will try Dr. Pierce's Favorite Prescription. We recommended it to one of our

neighbors and she tried it and the result is a big, healthy boy. Her last two babies before this one were born dead, after she had suffered untold misery. She feels very grateful for the 'Favorite Prescription.'

Such testimony as that of Mrs. Kjer must carry conviction to the mind of every woman who reads it, and let this be remembered; there are thousands of such testimonials to the fact that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. There is indeed scarcely a form of disease peculiar to women and curable by medicine which has not yielded to the use of 'Favorite Prescription.'

WEAK AND NERVOUS.

"I was very weak and nervous when I commenced taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' about a year ago," writes Mrs. M. E. Bveretts, of 89 Oxford St., Woodstock, Ont. "I had been suffering for seven long months and had taken medicine from a physician all the time but it seemed to make me feel much worse. My stomach had had so my doctor told me, and my nerves were in such a state that I would start at the least noise. I felt irritable all the time; was not able to do any of my own housework; had to keep help all the time. How I suffered God and myself alone know. I was greatly discouraged when I commenced taking your medicines, but the first bottle seemed to help me. I took five bottles of 'Favorite Prescription,' two of 'Golden Medical Discovery,' also two vials of Dr. Pierce's Pleasant Pellets. I can highly recommend 'Favorite Prescription' and 'Golden Medical Discovery' to all who suffer as I did. My sickness dated from the birth of my last child, who died the same day she was born. My own life hung on a thread for weeks. If I had only taken Dr. Pierce's Favorite Prescription I am sure my poor baby would have been alive to-day. I suffered all the time before she was born. I never had better health than I now enjoy and it is all owing to Dr. Pierce's medicines."

Dr. Pierce's Favorite Prescription is a safe and sure medicine for women. It contains no alcohol, neither opium, cocaine nor any other narcotic. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It is the best preparative for maternity—tranquilizing the nerves, encouraging the appetite and inducing refreshing sleep. It cures the nausea experienced by many women who anticipate maternity. It increases the physical vigor and vitality, so that the ordeal is approached without anxiety, and the baby's advent is made practically painless.

WOMAN'S OPPORTUNITY.

Dr. Pierce invites women who suffer from long standing ailments to consult him by letter, free. All correspondence is held as strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

WOMAN'S RELIEF. A really healthy woman has little pain or discomfort at the menstrual period. No woman needs to have any. Wine of Cardui will quickly relieve those smarting menstrual pains and the dragging head, back and side aches caused by falling of the womb and irregular menses. WINE OF CARDUI has brought permanent relief to 1,000,000 women who suffered every month. It makes the menstrual organs strong and healthy. It is the provision made by Nature to give women relief from the terrible aches and pains which blight so many homes. GREENWOOD, La., Oct. 14, 1900. I have been very sick for some time. I was taken with a severe pain in my side and could not get any relief until I tried a bottle of Wine of Cardui. Before I had taken all of it I was relieved. I feel it my duty to say that you have a wonderful medicine. Mrs. M. A. Young.
