THE LOCAL NEWS.

Oregon City, in all probability, will soon be the home of another secret society. An effort has been made here this week to institute an order of the Fraternal Order of Eagles.

D. H. Mosher, a prominent young school teacher of this county, just now engaged at representing an Eastern tailoring establishment, sustained a rather severe loss on Monday by reason of a runaway. His newly purchased buggy was damaged to a considerable extent.

J. B. Crook, residing out east of town, at "Kansas City," sustained a fractured ankle Sunday, having stumbled and fallen while walking in a comparatively smooth track.

Word comes from Astoria that the work of rebuilding the pulp mill, the property of the Willamette Pulp & Paper Co., recently destroyed at Skamokawa by fire, will start at once.

Just what will come out of the agitation to put in elevators to carry people up and down the hill in this city is yet unknown, but if something tangible should result there will be abundant occasion for rejoicing by the many whose days are shortened by the daily plodding to and fro.

The New Era prune grower, Matt Clemens, was in town Monday with a quantity of fruit from his orchard. Mr. Clemens says the crop at his place this year will not be much more than one-third what he usually gathers.

As a result of the August examinations state certificates will be granted to the following persons of this county: Aura D. Thompson, Stafford; Sade H. Chase and Sheba Childs, of Oregon City.

George Himler, track inspector for the Southern Pacific, between this city and Clackamas, was in town Wednesday, and reported that the section crew working between Canby and Milwaukie have demanded an increase in their wages and are accordingly out on a strike.

Rev. Frank Mixsell, of Horicon, Wis., occupied the pulpit in the Presbyterian church here last Sunday. Mr. Mixsell is a young man of rare ability, a graduate of McCormick seminary, Chicago, and comes highly recommended.

Captain Leighton Kelly, of the militia company, has resigned, turning the affairs of the company over to First Lieutenant Humphrys, who will serve in the capacity of captain until an election is held.

Weather permitting, the militia company will indulge in target practice next Sunday morning. As the members of the company went forth last Sunday to the scene of operations they soon detected that the atmosphere was too heavy with smoke to permit of accurate work, hence an adjournment was taken.

Only by the most generous good fortune was a serious collision averted on the electric line at a very late hour Sunday night. Cars headed in opposite directions collided in a narrow cut, but not with sufficient force to do any material damage.

An the Dallas passenger train was passing the river steamer Pomona, opposite E's Rock Monday evening, a passenger on the boat deliberately raised a rifle to his shoulder and fired at the train.

Phillip Humphrey, of Clackamas station, who has been in San Francisco hospital, died Thursday.

William Foster, who had been a resident of Clackamas station for many years, died on Monday, at St. Vincent's hospital, Portland, of consumption, aged thirty-one years.

We desire to direct the attention of our readers to the advertisement in this issue of Mr. Frank Busch, the house furnisher, who is offering big inducements to the public in the way of reduced prices on certain articles carried in stock.

ing of the council it will be placed upon its first reading. Besides the consideration of this ordinance a committee, composed of Councilmen Albright and Huntley and Mayor Dimick, was appointed as an official head of a movement to solicit and distribute aid for the people of the fire districts of the county.

The schools of the city will open next Monday morning with what bids fair to be a very large attendance and a most successful and prosperous year of school work.

A man by the name of Krohn was taken into custody Tuesday in the vicinity of Highland, for maltreatment of his former wife. The man is said to be a frequenter of places where bacchanals feast, and in the condition consequent upon such indulgence he strode away to the home of his former life partner and proceeded to abuse her unmercifully.

For some time past there has been a friendly rivalry existing between R. D. Wilson and Charles Wright to outdo the other at fishing. Another tryout by the gentlemen took place last Sunday, when they went up the Clackamas river.

The fact can no longer be questioned that Oregon is a producer of a good quality of broom corn. That much has this year been demonstrated to the full and entire satisfaction of one man, at least, Mr. A. A. Porter, of Canby.

The first and not unexpected mishap to the newly-placed drinking fountain, corner Main and Seventh streets, occurred Thursday, shortly after the dinner hour.

Farmers' Market Place. An enthusiastic meeting of the market place and farmers' rest quarters committee, appointed at the last meeting of the East Side Improvement Association, held Wednesday night in the East Side Bank, \$700 was subscribed to the enterprise, and it was decided to recommend to the association that a joint stock company be organized.

H. H. Newhall, J. H. Heiler, Thomas Hielop and H. Baumer, of the committee, were present. The meeting was entirely informal, to talk over the situation. Mr. Heiler said that he subscribed for \$250 for the purchase of the block to go with the offer of the Hawthorne Park as a fair site, and that he should be willing to give \$300 toward the establishment of a market place and rest quarters on the block offered by the Hawthornes.

W. H. Markell said he would give \$250. He thought that a joint stock market company of not less than \$10,000 should be organized, and all business men be invited to subscribe. The farmers also should be asked to take stock, if they felt so inclined.

Mr. Newhall offered \$100 as his subscription. He thought the enterprise worthy of support and encouragement. H. Baumer offered \$50 toward the enterprise. It is evident from the spirit shown by the committee that a considerable sum can be secured.

"To say a pleasant word to anyone was almost impossible."

"I was troubled with female weakness for eight years, and suffered more than I can tell," writes Mrs. G. A. Harding of Oswego, Deerledge Co., Mont. "My disposition was affected to such an extent that I could say a pleasant word to anyone was almost impossible."

"I had two operations performed by one of the most skilled surgeons of the West, but did not get relief. Then, against my doctor's strict orders, I commenced taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' and also followed the advice given in the Common Sense Medical Adviser."

"After eight years of suffering and two fruitless operations, three months' use of 'Favorite Prescription' restored Mrs. Moser to perfect health. This great remedy for women's ills, establishes regularity, drives weakening drains, heals inflammation and ulceration and cures female weakness."
