

News of the Week

Friday, September 12.

Beveridge makes a great speech in Ogden, Utah, opening the campaign in that state.

Union striking marine engineers declare they will not return to work until their demands are met by the steamboat companies.

The oil fields in the vicinity of Beaumont, Texas, are on fire, and there is but slight hope of extinguishing the flames, which started in the waste oil.

The report of a terrific earthquake in Alaska reaches Seattle. There were several shocks on August 17th; causing the collapse of a salmon cannery at Yakutat.

Tom O'Brien, who escaped from the Montana state penitentiary about three weeks ago, and was persistently pursued, returned to the prison today and surrendered.

A. T. Belding, the Portland murderer, was found guilty in the first degree. Belding killed his wife and mother-in-law and shot his father-in-law at Portland in July.

Washington republicans completed their state convention work, and though the fight was bitter, the hatchet has been buried and they declare that all factions are united.

J. P. Morgan and Senator Hanna have launched an undertaking for establishing churches in Manila, of Episcopal denomination. Mr. Morgan gave \$110,000 to build a cathedral in Manila.

The long-expected merger of the meat packing establishments of the country will go into active and open operation on the 27th of this month. An industrial combination second only to the steel trust in point of magnitude, is practically an accomplished fact.

Not for many years has there been such a great volume of fires throughout the Northwest as are prevailing today. Almost total darkness prevails in midday in some parts of Oregon, so dense is the smoke. People in the vicinity of Washington, Wash., were driven from their homes and great damage is reported from all over the state.

Saturday, September 13.

The Pacific Steamship Company will not remove its headquarters from San Francisco to Seattle, as announced some time since.

Smoke is so dense off the mouth of the Columbia that no vessels attempt to enter the harbor and shipping is practically stopped.

Killing frosts in Colorado and Iowa do great damage to crops. The corn crop in the latter state sustains a very great damage. Potatoes in Colorado are practically ruined.

The United States war vessels, Wisconsin and Cincinnati, are ordered to scene of trouble in the isthmus of Panama. They are sent simply to protect American interests there.

Fir logs are selling for \$6.50 per 1000 feet, the highest price reached by that class of timber in many years. A few sales have been made at \$8.50 per 1000. Good spruce is very scarce and brings exceptionally high prices.

Mrs. William M. Stewart, wife of Senator Stewart, of Nevada, was killed in California today by being dashed against a telephone pole from an unmanageable

automobile. A wagon came in sight, and the driver, Mrs. Stewart's nephew, attempting to guide the auto clear of the wagon, made a false move, and that caused the accident.

The strike of the hoppers in the Jackson yard, near Fairfield, in Marion county, was settled today by the employers agreeing to advance the price for picking from 40 to 50 cents per box. The raise demanded was granted within seven hours after the strike was declared. The yard is operated by Chinamen, and about 200 pickers are employed.

David B. Ogden and party of surveyors, of the United States Engineers today began the survey of the river at Albany with a view to the construction of a revetment opposite the city to prevent the changing of the channel of the river. The survey was provided for by the last Congress. No provision, however, has yet been made for the revetment, that depending upon the report of the engineers.

Sunday, September 14.

At a conference of the leading republicans of New York it was agreed to endorse Roosevelt for the presidential nomination in 1904.

The revolutionists of the Isthmus are waiting for arms to renew their attack and will next center their efforts on the railways.

The Vanderbilt and Pennsylvania railway systems from huge combine. The new combination will have a capitalization of \$2,000,000,000.

The president meets several senators and they discuss the tariff issue. There may be some discussion of the matter of calling an extra session of congress.

Eastern Oregon people announce their intention to attempt the defeat of any movement that will be undertaken for the repeal of the seal bounty law.

Mount Souffriere's new crater, which has been quiet heretofore, is throwing out black smoke today. The old crater is still issuing forth dense clouds of white steam.

The secretary of the treasury has taken steps to relieve any possible stringency that might arise through the movement of crops. He will let out \$4,000,000 in blocks of \$50,000 to the national banks.

Seeking to relieve, in a measure, the stringency in the Eastern money market, and also to benefit by the advancing rates for loans, Armour & Co., today sent \$4,000,000 to New York for loaning purposes.

The cold wave, which did much damage to corn crops yesterday, extended its operations north and east. Tennessee, Arkansas, Indiana and many Illinois towns reported frosts. Late crops were badly damaged.

The price of soft coal in Chicago has risen to \$9 a ton, as compared with \$7.75 on September 1. Anthracite is practically unobtainable, and is quoted by some dealers as high as \$25 a ton. The sudden advance in prices is attributed to demand caused by the cold weather, which, though not severe in itself, has aroused householders to a realization that their buildings are empty.

Monday, September 15.

O. P. Barnes, who is the general agent of the Ginn V Co., text book publishers, says Oregon text book law and commission have become famous the country over.

Roosevelt has the indorsement of more states for the presidential nomination than are needed to secure the place. There is no probability of another candidate.

William S. Stratton, the discoverer of the famous Independence mine, at Cripple Creek, Colo., died today. His wealth is variously estimated at from \$15,000,000 to \$50,000,000.

It is estimated that Great Britain does five times as much business with South Africa as the United States. A great opportunity is said to exist there for America to extend her trade.

"Captain" Bilo, a leader of Ladrones in Bulacan Province, Luzon, who was guilty of thirty murders, and who had been an outlaw for years, was killed by the native constabulary last Friday.

Earl Caldwell, a machinist, was attacked by the striking machinists in Omaha. Caldwell had formerly gone out with the other workmen when the strike was declared, but necessity forced him to return to work, and for this reason his life was taken. A co-worker was with Caldwell, but he escaped from the mob uninjured.

Today will begin the 19th week of the coal strike. The date on which Senator Platt predicted that the strike would end has passed and the hope that was instilled into the people of that locality because of that prediction has been succeeded by a feeling that the end is still far off.

The grain crop in the Poloune country is equal to that of last year and one of the best ever known. M. Sowers has just threshed 40 acres of Red Russian wheat which yielded 55 bushels per acre. Sowers Bros. had 15 acres of Red Rus-

KIDNEY CURE.

There is no disease so insinuating, so slow but sure, as kidney disease, or so wide-spread. The symptoms are so slight as to generally escape notice. The first indications appear in the urine, with varied effects. The quantity may be increased or decreased; it is likely to be highly colored and smelly; it may be pale or thin, or thick and milky with a sediment. Later on more pronounced symptoms will be present, such as dizziness, bloating, etc., with marked bladder and urinary disorders. Poisonous waste matter is collected by the blood from all parts of the system and carried to the kidneys, where it is separated and cast out through the urine. The kidneys deal with the blood only, deriving no nutriment therefrom. Hence, if the blood is bad the kidneys are not only overworked, but underfed. If necessary it is, therefore, that the purity and vitality of the blood should be maintained. It is plain why the great blood purifier and strengthener—Dr. Harter's Iron Tonic—has been successfully used in treating kidney diseases and in preventing same in purifying the blood. The kidneys are greatly relieved, while, at the same time, new strength and vitality are given these organs. The following letter tells a very old story:

PINE KNOT, KY., June 25, 1902. The Dr. Harter Medicine Co., Dayton, O. GENTLEMEN: I had a severe case of typhoid fever six years ago, which left my kidneys in bad order. I have tried a number of remedies and taken treatment from doctors, but Dr. Harter's Iron Tonic has done me more good than everything else. C. CORDELL, Merchant and Mine Operator.

There are thousands of just such cases as the above that are treated without results because they are wrongly treated. Mr. Cordell's condition resulted from an exhausting fever; the kidneys, as well as the rest of the system, had been wasted by disease. No wonder Dr. Harter's Iron Tonic promptly cured, because it purified and enriched the blood, and such blood carried new strength and vitality directly to the kidneys and to all the organs. FOR SALE EVERYWHERE.

...sion which yielded 55 bushels per acre, and 140 acres of red clover which averaged 45 bushels per acre. Bowman Espey, three miles northwest of town, had fifty acres of oats which averaged 150 bushels per acre. Yields of 80 to 90 bushels of oats are quite common and three yields of 100 bushels have been reported near here. A number of yields of 40 to 50 bushels of wheat per acre have been reported since harvest began.

Tuesday, September 16.

Ex-Supreme Justice Gray is dead, having been stricken with paralysis.

Suffering from pneumonia, Senator Thomas C. Bard, of California, is lying at death's door.

Eighteen thousand persons were entertained by the president at his home at Oyster Bay today.

Thirty-eight lives are reported lost as a result of the recent fires on Lewis river, in Washington.

The state fair attendance is reported today to be more than double that of any time in the history of the affair.

From Juneau, Alaska, comes the report of a terrific rain storm, which lasted for thirty-one hours, doing much damage.

Eleven of the fourteen smallpox patients at Ilwaco have been discharged. The disease was confined to three families.

An unfruitful attempt was made at Eugene to rob the money safe of the flouring mill. The safe was blown open, but it contained only \$10.

The clam canning establishment at Warrenton will be removed at Gray's Harbor. The supply of clams on Clatsop beach is said to be exhausted.

The government thermometer at Cleveland, Ohio, registered 42 degrees above zero today, the lowest point reached in September in thirty years.

At a special election held over at Dallas the proposition to bond the city for \$12,000 to put in a water system, was voted on today. It carried by a vote of 129 to 45.

Lieutenant John R. Morris, of the Olympia, Dewey's flagship, committed suicide today. Morris is the second officer of that vessel to commit suicide within five days.

Foreign Lands

We issue drafts payable in other countries. Whenever you have occasion to send money to foreign lands, it will pay you to send it through this bank.

THE BANK OF OREGON CITY Oregon City, Oregon

The O. R. & N. steamers, plying between Portland and San Francisco, will be laid off. The Harriman people do not care to operate a line of steamers in opposition to their rail lines.

Twenty-five villages have been swept away, and 6000 persons have been rendered homeless by floods due to the overflowing of rivers in the southern part of the Presidency of Bengal. Relief camps for the sufferers have been started.

Wednesday, September 17.

The condition of Senator Bard, of California, who has been ill with pneumonia for several days, is reported somewhat improved, and hope for his recovery is now entertained.

The wheat yield of Walla Walla, Columbia and Umatilla counties, in Washington, is estimated at 9,000,000 bushels. The total yield of Walla Walla county is less than 3,000,000 bushels, the smallest in years.

The governors of Colorado and Wyoming appeal to the federal government for aid to fight the fires that are raging in the government timber lands. The fires are terrific along the border line of the two states.

The condition of the channel at the mouth of the Columbia is said to be very bad just now. The urgent need for improving the channel can be understood when it is known that a vessel crossing the bar a few days since struck bottom three times.

At a conference of several senators and President Roosevelt held at Oyster Bay, Senator Hanna made the declaration that he will fight the proposal to make any changes in the present tariff. At least he is opposed to such action being taken at present.

M. P. Isenberg, of Hood River, has been appointed supervisor of the northern and eastern portion of the Cascade forest reserve, to succeed W. H. H. Duffur, whose appointment was recalled by President Roosevelt some months ago. Mr. Isenberg will at once assume the duties of the position.

Speaker David B. Henderson, of the National House of Representatives, declines the nomination for re-election to congress from Iowa. His announcement that he cannot agree with the public in regard to changes in the tariff and that there is no remedy by which the trusts can be curbed, create a sensation. He has been in congress continuously since 1882.

Thursday, September 18.

Fire continues to rage in the vicinity of Tillamook and the town may yet be destroyed.

Representative Charles E. Littlefield, of Maine, announces his candidacy for Speaker of the House.

The marine strike on the Snake river has completely tied up all boats and the situation is becoming serious for the fruit-raisers.

J. C. Cooper assaulted and brutally beat J. W. McComey in a hop yard near Albany. McComey will not recover and Cooper is held in \$1000 bonds.

Speaker Henderson is so firm in his statements to retire from congress that he refuses to comply to a request from the president to remain a candidate for election.

The residence of John D. Rockefeller at Pocantico Hills, Westchester county, New York, was destroyed by fire today. The fire is supposed to have started from crossed electric wires. The loss is estimated at \$40,000.

A would-be robber drops a dynamite bomb in the Canadian Bank of Commerce in Skagway, killing himself and wrecking the building. He demanded that he be given \$20,000, and upon refusal committed the act.

Massachusetts democrats repudiate a leader who is married to the silver cause, even his him and refuse to recognize his desire to be placed on the ticket. A great battle of words ensued immediately upon the opening of the convention.

The coming national issue of the republican leaders will be an adherence to the tariff plank in the platform of 1896. This was definitely settled at the conference of republican senators and the president held at Oyster Bay Wednesday.

A great railroad war is threatened, in which it will be war to the knife and the knife to the hilt. Gould and Harriman are pitted against the Morgan crowd, and leading financial houses of New York take sides in the battle which is about to ensue.

Eastern Oregon is greatly agitated over the discovery of a vast coal belt in the Blue mountains country. There are said to be nine continuous veins and the belt is about twelve miles square. Experts declare the quality of the coal to be superior to that of the Rock Springs districts, in Wyoming or the coal fields of Puget Sound.

ASTORIA. The Kind You Run Always Bought. Bears the Signature of

A DARK OUTLOOK

FOR THE YOUNG MAN WITH WEAK LUNGS.

Time and again we see young men just arriving at their legal majority, or having barely passed it, suddenly stopped in a career full of promise. Disease has laid its hand on the lungs! He who never took a thought for himself must be careful now. He must be careful about food and drink, careful about his clothing and his exercise. No more late hours or night air. No more athletics. His lungs are "weak." He has an ominous cough. He has fallen away in flesh. When that cloud of consumption falls on a young man's life it darkens every-

thing. The words of love the unspoken on his lips. He cannot speak now to the girl he hoped would share his future. Middle aged men that have been under that cloud remember it still with a shiver. But the important fact is that there are men who were once in danger from "weak" lungs who have grown strong again, married and brought up healthy families.

HOW IT HAPPENED. There is no chance about such cures. If only a few persons had been benefited, it might be said that they had exaggerated their danger or had only been suffering from some common ailment. But when the cured are numbered by thousands; when the doctor's diagnosis was consumption; when every symptom bore that diagnosis—weakness, emaciation, bleeding of the lungs—and these sufferers were perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery, it must be concluded that these cures are not of chance, but due to the healing power of a great remedy, for coughs, weak lungs, bronchitis, and like diseases, which if neglected or unskillfully treated, find a fatal termination in consumption.

"I beg to state that I have used three bottles of Dr. Pierce's Golden Medical Discovery since my correspondence with you," writes Mr. A. P. Novotny, of New York, N. Y. (Box 1437). "I feel that I am in need of no more medical assistance. When I started to take your medicine I had a regular consumptive cough, of which I was afraid, and everybody cautioned and warned me concerning it. I was losing weight rapidly, was very pale and had no appetite whatever. Now my condition is changed entirely. I do not cough at all, have gained eight pounds in weight, have recovered my healthy color, and my appetite is enormous. In conclusion I beg to state that I can and will recommend your medicine to everybody who may be in need of same, as it is a sure cure, no humbug, as are most other patent medicines, and is far superior to all similar medicines."

GRATITUDE WILL OUT. Gratitude, like murder, will out. You can't stifle it. To that is due the fact that there is so great a mass of testimony to the remarkable cures effected by "Golden Medical Discovery." It is testimony which no one can gainsay; testimony indisputable and unassailable. It comes from people of all classes and conditions, but in many cases from those who have found a cure in the use of "Discovery" when other medicines have failed to help, and often when physicians had pronounced the sufferer incurable.

"I took a severe cold which settled in the bronchial tubes," writes Rev. Frank Hay, of Nortonville, Jefferson Co., Kans. "After trying without number, I was led to try Dr. Pierce's Golden Medical Discovery. I took two bottles and was cured, and have stayed cured." "When I think of the great pain I had to endure, and the terrible cough I had, it seems almost a miracle that I was so soon relieved."

"That God may spare you many years and abundantly bless you is the prayer of your grateful friend." There is one striking evidence in almost all these testimonials, both to the actual diseased condition and its positive cure. That evidence is found in the loss of flesh, marking the wasting character of the disease, and in the gain of flesh which marks the cure by the use of "Golden Medical Discovery."

GAINED 39 POUNDS. "While living in Charlotte, N. C., your medicine cured me of asthma and nasal catarrh of ten years' standing," writes J. L. Lunsden, Esq., of 331 Whitehall Street, Atlanta, Ga. "At that time life was a burden to me, and after spending hundreds of dollars under numerous doctors I was dying by inches. I weighed only 131 pounds. In twenty days after I commenced your treatment I was well of both troubles, and in six months I weighed 170 pounds and was in perfect health. I have never felt the slightest symptom of either since. Am now sixty-five years old and in perfect health, and weigh 160 pounds. No money could repay you for what you did for me. I would not return to the condition I was in. In October, 1872, for Rockefeller's wealth."

There is no alcohol in "Golden Medical Discovery," and it is free from opium, cocaine and all other narcotics. "Accept no substitute for the 'Discovery.'" Speaking by the record of the medicine, there is nothing else "just as good" for those who cough or have weak lungs.

Persons who are suffering from disease in chronic form are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce is chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. He is assisted by a staff of nearly a score of experienced physicians, and the success of his methods may be gathered from the fact that in a practice of over thirty years, and the treatment of hundreds of thousands of sick men and women, 98 per cent. have been perfectly and permanently cured.

A BIG BOOK FREE. Big in its scope as in its size, Dr. Pierce's Common Sense Medical Adviser, containing 1000 large pages and over 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps if content to have the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment. Announcement. To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. C. N. Greenman, PIONEER Transfer and Express, Freight and parcels delivered to all parts of the city. RATES - REASONABLE

ALL WOMEN Wine of Cardui is the guardian of a woman's health and happiness from youth to old age. It helps her safely into womanhood. It sustains her during the trials of pregnancy, childbirth and motherhood, making labor easy and preventing flooding and miscarriage. It gently leads her through the dangerous period known as the change of life. WINE OF CARDUI cures leucorrhoea, falling of the womb, and menstrual irregularity in every form. It is valuable in every trying period of a woman's life. It reinforces the nervous system, acts directly on the genital organs and is the finest tonic for women known. Ask your druggist for a \$1.00 bottle of Wine of Cardui. Batesville, Ala., July 21, 1900. I am using Wine of Cardui and I feel like a different woman already. Several ladies here keep the medicine in their homes all the time. I have three girls and they are using it with me. Mrs. KATH BROWDER. For advice and literature, address, giving symptoms, "The Ladies' Friend Dispensary," The Chattanooga Medicine Company, Chattanooga, Tenn.
