

CORRESPONDENCE

Our correspondents will please send in articles before Wednesdays of each week, otherwise it reaches us too late for publication.

Eldorado.

Ed Paine started baling hops this week. Clarence Mallatt was amongst us Sunday. Chas. Spangler finished hay baling Monday. Al Jones went to Oregon City Wednesday. Harvey Ball is working for Ed Paine this week. Jack and Eph Dodge went to Oregon City Friday. Ed Bowman is working for Dr. Goucher this week.

W. H. Jones took a load of swine to Oregon City Saturday. Willis Pratt went to Portland Saturday, returning Sunday. Geo. Helvey was the guest of W. H. Jones last Monday night. Miss Tillie Molzan was the guest of Neva Jones this week. "Hooter creek" logging crew had their photos taken Tuesday. H. C. S. Phelps had the misfortune to lose his fruit drier Sunday by fire.

Tommy Jones and Co. have gone to packing rock on horseback. Suppose that's the latest way of hauling rock. Shannon Bros. "hay balers" broke their baling record at W. H. Jones' on Tuesday, baling 9 1/2 tons of wheat in three hours and twenty minutes.

Canby.

Mrs. M. Hosford has been visiting with friends in Salem the past week. Dr. Dedman and family and Mrs. J. Evans attended the state fair last Thursday. Charles Ranch had his leg broken one evening last week while wrestling with Arthur Knight. Fred Roth left here last Thursday for Corvallis, where he will attend the Agricultural College this winter. Roy and Bessie Sleight were up from Oregon City Sunday to visit their aunt, Mrs. Hayden, at Riverside. Mrs. O. Vorpahl spent the last two weeks at the home of her parents, Mr. and Mrs. Mumm, near Salem. Mrs. A. Snell and daughter, who have been spending a few weeks in Canby, returned to Portland Tuesday morning. L. Holmes wears a broad smile these days, a large baby girl having arrived at his house last Friday. Mother and child getting along nicely. D. Dimick and family have returned from Eastern Oregon, where they have been spending the summer. Mrs. Dimick's health is not good and they will stay in Portland this winter.

Molalla.

Capt. Clark, of Russellville, is nearing death's door at the hotel here. Quite a number of our citizens have returned from the state fair and report a splendid fair all around. Many were sad last Friday on hearing of the death of Mrs. Wm. Loveridge, who formerly resided here. Let no one be so careless as to forget to attend the "World's Fair" at Marquam Friday and Saturday of this week.

Don't Get Thin

Get fat; get nice and plump; there is safety in plumpness. Summer has tried your food-works; winter is coming to try your breath-mill. Fall is the time to brace yourself. But weather is tricky; look out! Look out for colds especially. Scott's Emulsion of Cod Liver Oil is the subtlest of helps. It is food, the easiest food in the world; it is more than food, it helps you digest your food, and get more nutriment from it. Don't get thin, there is safety in plumpness. Man, woman and child. If you have not tried it, send for free sample. Its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 409 Pearl Street, New York. Get it at all druggists.

Poorly?

"For two years I suffered terribly from dyspepsia, with great depression, and was always feeling poorly. I then tried Ayer's Sarsaparilla, and in one week I was a new man."—John McDonald, Philadelphia, Pa.

Don't forget that it's "Ayer's" Sarsaparilla that will make you strong and hopeful. Don't waste your time and money by trying some other kind. Use the old, tested, tried, and true Ayer's Sarsaparilla. \$1.00 a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows all about this grand old family medicine. Follow his advice and you will be satisfied. J. C. AYER CO., Lowell, Mass.

W. O. Sawtell died very suddenly last Saturday morning at his home. No one knew when he passed away. His grandson found him by a fruit tree with his hand over his heart. Deceased was born at Somerset, England, November 21, 1831. He came to New York in 1851 and on to Oregon in 1853. Ten years later he married Margaret Todd. There were two daughters and four sons, two of whom, Mrs. Alice Tubbs and Ralph, still survive to console their mother in her grief.

Logan and Stone.

Harvest is over and good crops are reported in this vicinity. Hop-pickers are returning and some are attending the fair. Everybody was glad to see a good "Oregon mist" once more. Mr. McMurray, of Stone, is moving to the Chase place, on the Clackamas. George Clarke's family are entertaining some of their Portland friends this week. Claude Sprague and Louis Gerber called on Prairie avenue friends Sunday. B. C. Hawley is operating his fruit dryer now. Prunes are not a full crop this year.

The recent east winds blew down a large quantity of apples. In some places even the trees were blown down. Fred Riebbhoff and wife took a trip to the capital Thursday, taking in the fair and seeing the sights generally. Mr. and Mrs. O. D. Robbins visited Viola relatives Sunday. Mr. E. Newkirk and family made a call that way also. Miss Lizzie Wilson, who has been employed in the metropolis for some time, is staying at home for a short time. E. W. Hutchiss' new cottage is nearing completion. It is a neat structure and will add much to the appearance of that corner of the prairie.

A. J. Johnston, of Logan, is going to erect a cottage soon. Mr. Johnston only recently returned from Alaska, where he was employed for the summer. W. P. Kirchem is building a silo for corn, of which he has four acres, of an average height of nine to ten feet. Who says corn will not grow in Oregon?

Where are all the surplus school teachers? Lower Logan school has not found a teacher yet. The one engaged resigned on account of ill health. A good teacher is wanted. There is one "smart" fisherman in Stone. He was seen very early Sunday morning wending his way up the river. He says "it's the early bird that gets the worm." We have always noticed that the early worm gets caught. Almost every-day people are coming here, and it is the same story: looking for farms for sale. It seems that some of them think people ought to give them a farm, with the improvements all thrown in. Farms are not cheap in Logan, for this is not a cheap place. No, not much. Onward, upward, is the motto here. We welcome all new-comers. Many are surprised at the published estimates of the losses by the recent Springwater fire. It is an insult to those hard working people. Many are the expressions of indignation. For example, A. Lacey's loss is placed at \$300, when \$5000 would barely replace everything burned. Al Carey's loss is placed at \$10, which any child, with average intelligence, knows is absurd. B. Tucker, also, who lost everything. His loss is rated at \$500, which would not replace either house or barn, not to say anything of the year's crop or of other buildings, tools, machinery, etc.

Lawrence Mack left last week for Corvallis, where he will enter on his

third year at college. Chas. Albright and his mother have rented rooms over Grace's store, and moved there for the winter. Melvin Smalley is now a salesman in Ely Bros. store, and Austin Nichols is driving the delivery wagon. Henry Henri has quit blacksmithing and gone back to the farm. Most of his fences were destroyed and he will have a serious time replacing them. David Bottenmiller, who has been working for Josi Bros., on their milk ranch, left Saturday morning on his wheel for his home at Ridgeway, Wash. Our whole community is rejoicing, because of the abundant rain by which we were visited this week. The fires were put out effectually, so there will be no more danger from them this year. Most of the hop-pickers have returned home, picking being finished in a majority of yards. They seem to be quite flush of money, and are debating the question whether to invest their surplus cash in government bonds or start a bank. Commissioner Lewelling went out to Springwater Saturday and could hardly recognize his flourishing home neighborhood in the desolation surrounding it now. Mrs. Lewelling returned home with the Judge Sunday afternoon, after a week's visit with her son and daughter.

Beaver Creek.

O. Hughes was doing some surveying last week. Mrs. David E. Jones started for Wardner last Tuesday. Wm. Phelps intends to leave for Eastern Oregon as soon as he can arrange his business matters. August Bluhm is slowly improving from the effects of a severe accident he received a few weeks ago. Joseph Fisher arrived home on a short visit, and returned to Wardner, where he has been working for the past several months. F. Henrick lost a valuable horse last Monday. The owner snapped a whip, frightening the horse, which ran for the engine house, knocking a hole in the wall. The animal died a few hours later.

George.

Miss Emma Paulson, of Portland, is out for a visit. Mrs. Waldecker, of Portland, has been visiting her friends here for about three weeks. Great excitement was caused by the fire which came from Gardfield and swept through here Friday forenoon, September 12th. An empty house and barn and some fences belonging to John Duns, of Gardfield, and some other fences were burned. As the wind turned in the afternoon it did not do any other damage. Everything entirely new this season with Gorton's Famous Minstrels. Sweet singing, great dancing specialties, big novelty features; seen only with Gorton's at Shively's opera house next Wednesday evening.

"To say a pleasant word to anyone was almost impossible."

"I was troubled with female weakness for eight years, and suffered more than I can tell," writes Mrs. Gust. Moser, of Oranola, Deerbridge Co., Mont. "My disposition was affected to such an extent that to say a pleasant word to anyone was almost impossible."

"I had two operations performed by one of the most skilled surgeons of the West, but did not get relief. Thereupon I bought a bottle of Dr. Pierce's Favorite Prescription and followed the directions given in the Common Sense Medical Adviser. I continued this treatment for three months, and in a day or two I was as healthy and well as a woman can be. I cannot thank Dr. Pierce enough for his kind letters to me."

Womanly diseases, as a rule, spoil the "disposition," because of the extreme nervousness and suffering they cause. Happiness as well as health is restored to the woman whose diseased condition is cured by the use of Dr. Pierce's Favorite Prescription. After eight years of suffering and two fruitless operations, three months' use of "Favorite Prescription" restored Mrs. Moser to perfect health. This great remedy for woman's ills, establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. The Common Sense Medical Adviser, 1000 large pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

SPRINGWATER LOSSES.

Corrected List of the Individual Amounts Lost Out There.

Through the aid of A. M. Shibley, of Springwater, who was in the city Monday, we are enabled to give a list of the losses sustained by individuals in the vicinity of Springwater, by reason of the late forest fires. Mr. Shibley says that in the report published last week some estimates were too high and others too low. We gladly publish a revised list, and state that not wishing to overestimate damage sustained, we acted only upon the best information obtainable at that time. A list of losses, which Mr. Shibley says is about correct, is given below: George Cunningham, \$400; Mrs. Cherry, 200; Robert Gutridge, 250; E. J. Bowen, 400; Jan. a Gutridge, 200; Carroll Howell, 2000; H. Whitehead, 300; E. Ridgway, 400; D. C. Howell, 500; Frank Millard, 200; Al Carey, 1000; Phil Shannon, 800; A. M. Shibley, 2000; Myers & Son's mill, 2000; B. Tucker, 2000; H. E. Cross, 500; Mrs. Albright, 500; Mr. Cain, 100; Joseph Keeler, 300; Mrs. Reed, 200; Mrs. Gordon, 500; Mr. Gobie, 500; — Bridenstain, 500; Frank Busch, 500; Ed Miller, 500; Willis' place, 200; — Closser, 1000; Al Lacey, 3000; Smith's ranch, insured, 1000; Wm. Lewellen, 600; M. C. Warnick, 2000; Charles Bard, 2000; Wm. Kandel, 1000; John Stormer, 1000; John Reed, 500; Wm. Bard, 800; Mrs. Charters, 200; Wm. Snider, 1000; James Marshbank, 200; George Reed, 500; T. Strite, 400; John Marshbank, 300; James Shibley, 200. Mr. Shibley states that these amounts cover all losses, including stock, grain, barns, houses, fences, etc. The amount of cordwood burned in that vicinity will not exceed 100 cords. The damage to timber is difficult to estimate on account of such a diversity of opinions in regard to the value of standing timber, but it is the gentleman's very candid opinion that if the timber is used up within a year or two the damage will not be so great, otherwise he estimates a loss sustained of perhaps \$20,000.

One of Life's Pleasures.

There is nothing in life more enjoyable and at the same time so beneficial to both mind and body, as traveling. A modern railway journey, intelligently taken, tends to prolong life, break the monotony of existence and acts as a panacea for dull care, by taking us out of the well worn channels of worldly and business struggles.

Before starting upon a trip, whether on business or recreation, it is well to inquire and investigate the various routes, and choose the one offering the best inducements in the way of comfort and attractions. The traveler, the tourist or business man is wise in selecting the Rio Grande Lines in a journey to and from the east, as it offers every comfort and modern convenience to suit all classes of travel, with an array of scenic attractions unsurpassed in the world. Castle Gate, the Canon of the Grand, Marshall Pass, Tennessee Pass and the world renowned Royal Gorge are but few of these attractions seen from the car windows. Three fast trains daily between Ogden and Denver.

Pullman Palace and Ordinary Sleeping cars on all trains to Denver, Omaha, Kansas City, Chicago and St. Louis without change. A perfect Dining car service. Agents throughout the Northwest can sell tickets via this route. For rates, maps and all information or for copy of beautiful booklet, "With Nature in Colorado," write to or call on W. C. McBride, Gen'l Agent, or M. J. Roche, Traveling Passenger Agent, 124 Third Street, Portland, Oregon.

Ex-Governor Whiteaker Dying.

Hon. John W. Whiteaker, who was the first governor of Oregon as a state, was stricken with paralysis a few days ago, and is now at his home in Eugene, in a very critical condition, and it is not likely that he will survive but a few days longer. He has no use, whatever, of his right side, and out little use of the left side. He takes some nourishment. Ex-Governor Whiteaker was born in Indiana in 1820 and came to Oregon in 1852. He was elected by the democrats as the first governor of this state. He has served three times in the House and one time in the upper House of the state legislature, and in 1870 he was elected to congress. He has lived in retirement for several years on his farm in Lane county. He is now 82 years of age.

The Annihilation of Distances.

How much nearer to each other all the nations of the world seem to be

to-day and really are to day than was the case only a few decades ago. When weeks and months for communications between the United States and Europe the countries of the old world appeared to be a long way off. Now the circumference of old earth is belted with telegraph and cable lines in every possible direction. What happens to-day in Europe, Asia, Africa, Australia, South America and the great islands of the sea is made known to us to-morrow by great newspapers like The Chicago Record-Herald, whose foreign correspondents are located in every important city in the world outside of the United States. In addition to its own staff correspondents the Record-Herald enjoys the foreign news service of the New York Herald, famous for many years for the reliability of its foreign news, and also of that great co-operative news gathering organization, the Associated Press. No other daily newspaper in America possesses facilities so varied and extensive for covering the news of all nations.
