MALARIA AND YELLOW JACK

(From N. Y. Herald, January 14, 1902.)

The widow of Dr. Lazear, who, in the employ of the Government, went to Cuba, was inoculated with Yellow Fever through mosquito bites, and died, applied to Congress for relief to-day.

The above tells of the sad culmination of a series of experiments by the Government, all of which proved conclusively that the familiar mosquito is a dangerous vehicle for carrying Malaria, "Yellow Jack," and other malarial fevers.

Those who are exposed to mosquitos or other malarial influences should take warning. Iron is the fighting element in the blood and provides nature with sufficient resistance to ward off disease. But if the blood is impure or impoverished, or if there is weakness, it means that the fighting qualities of the blood have been lowered, and consequently there is danger. If you would escape, keep the blood pure and properly nourished with

Forty Years "Torture."

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what DeWitt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "DeWitt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. G. A. Harding.

STRUCK DOWN.

Slain in the Hour of Success.

The Indian who trailed the hunter silently and secretly through the woods, often played with his victim as a cat plays with a mouse. Just in the moment of the hunter's success, the blow fell; silent, sudden, swift.

There are certain forms of disease which seem inhumanly malevolent. Like the Indian they seem to play with the victim, until some day when he has reached the height of success and is thinking to "take life easy," disease strikes him down, perhaps never to rise again, or mayhap to drag out the remainder of existence in physical pain and privation.

The best example of such a malevolent disease is found in dyspepsia and allied forms of "stomach trouble." Not long

ago the newspapers were calling attention to one of the richest men of the age working in his garden like a common laborer for his health's sake and for the same cause living abstemiously on a diet which a laborer would despise. There's a conspicuous example of the class of people whose success seems almost failure. But how many people are struck down fatally in the hours of success, no man can absolutely say. Stomach "failure" means heart failure, the failure of kidneys, liver, lungs and any other organ, inasmuch as each and every organ of the body is dependent on the stomach for its nutrition and therefore for its vitality. For this reason no vital statistics can ever give the number of those who fall victims to disease of the stomach and the other organs of digestion and nutrition, because the cause of their disease is charged to other organs diseased through the stomach.

WHAT'S THE MATTER WITH YOU? Is it "weak" lungs, "weak" heart, kidney "trouble," liver "trouble" or disease of any other organ? You will find that in general, if you trace the disease back it originates in a diseased condition of the stomach and its allied organs of digestion and nutrition. The best proof of this is that diseases of heart, liver, lungs, kidneys, etc., are constantly being cured by Dr. Pierce's Golden Medical Discovery which is primarily and chiefly a medicine for the cure of diseases of the stomach and of the blood. The body and all its organs are sustained by food, properly digested and assimilated, which when converted into blood forms the nutrition by which physical life is renewed day by day, and meal by meal.

But when the stomach and other organs of digestion and nutrition are diseased, the nutritive properties are not extracted from food, the blood becomes poor, the body lacks adequate nourishment and the flesh "falls away." The weakness consequent on this loss of nutrition will generally find its expression in some one organ which has been longest starved. Thus as starvation causes weakness, when the nutrition fails short of the needs of the body we may look for the expression of that weakness in some one organ—lungs, liver, heart, kidneys, or any other vital organ of the body. When the diseased stomach is cured by Dr. Pierce's Golden Medical Discovery, then the diseases of other organs which originated in the disease of the stomach are cured also.

WHAT PEOPLE SAY. "Your 'Golden Medical Discovery' and Dr. Sage's Catarrh Remedy have been of great benefit to me," writes (Prof.) Pleasant A. Oliver, of Viola, Fulton Co., Ark. "Before I used the above mentioned remedies my sleep was not sound; digestion bad; a continual feeling of misery. I now feel like a new man."

"I have been taking your medicines," writes Mrs. W. M. Bowers, of Lynch, Boyd Co., Neb., "and I can't say enough in their praise. They have helped me more than all our doctors have helped me in two years' doctoring. I spent dollars upon dollars for my lungs and received no benefit from the medicine I took, until a lady friend advised me to write to Dr. Pierce. I did so, took his kind advice, and am now so well as to be able to do my own work. I also took the 'Golden Medical Discovery' and the 'Pellets' six months for liver disease and indigestion, as the kind doctor advised. I know that they reached the case, as they have helped me so."

"I have taken your medicine with the greatest satisfaction," writes Mrs. George Riehl, of Lockport Station, Westmoreland Co., Pa. "and I can honestly say Dr. Pierce's Golden Medical Discovery has cured me of a pain in my right lung that the best doctors could not help. My appetite and digestion have improved so that I can eat anything at all, and I feel better than I have for years. My pain is all gone and I feel like a new person."

"I am glad to testify to the benefits derived from Dr. Pierce's Golden Medical Discovery," writes Miss Mary Belle Summerton, of San Diego, Duval Co., Texas. "I was troubled with very frequent headaches, often accompanied by severe vomiting; bowels were irregular and my stomach and liver seemed continually out of order. Often I could eat almost nothing, and sometimes absolutely nothing, for twenty-four hours at a time. I was entirely unfit for work, and my whole system seemed so run-down that I feared a severe sick spell, and was very much discouraged. I was advised to try Dr. Pierce's Golden Medical Discovery and did so with such satisfactory results that before finishing the third bottle I felt perfectly able to undertake the duties attending public school life, and contracted to do so."
