The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address, F. J. CURENEY & Co., Toledo O. The United States postal department last Friday appointed T. J. Gary postmaster at Willamette, in place of A. S. Hent, who resigned in favor of Mr. Gary when the mercantile establishment passed to the ownership of the former gentleman.

Molalla Grange, No. 49, Liberal, October 11th, appointed C. T. Howard, Mrs. M. S. Howard and Ida S. Graves conference committee to arrange for a farmers' congress. Nearly all of the granges of Clackamas county have made their appointments.

R. L. Beattie, for a number of years postmaster at Ely, has resigned that duty and removed with his family to this city. John Everhart has been recommended for appointment to succeed Mr. Beattie, and is the deputized postmaster until his appointment is made.

Deputy Sheriff Hackett went out in the country yesterday morning after Henry Herrick, who resides on the Barrett place, on Clackamas, and who has been suffering from typhoid fever for the past two or three weeks, intending to take him to a hospital in Portland, but the patient said he did not consider it good policy to be removed at this time, as he is apparently improving.

We Owe An Apology

For the wretched condition of our store during the past month. It should have been all finished two weeks ago—was so planned. But "prosperity" is so great that the contractors could not get help or material as promised. But this week will see the last of them—Carpenters—Painters—Decorators and then we begin to arrange for the end we have had in view through all this tiresome enlarging, remodeling and refitting—namely, the better convenience and accommodation of our customers: a pleasanter and more comfortable place to trade—better service—larger stock—closer prices.

Patent Medicine Prices

We cut the prices on all patents when the manufacturer will permit. These prices are not special—but regular with us. You can depend on the very lowest prices on all patent medicines that go from this store whether advertised or not. You will get the benefit of every cut-rate whether you are posted or not. Here are a few samples:

Table listing various patent medicines and their prices, such as Pierces Discovery, Malted Milk, Paines Celery Compound, etc.

Cider Preservative—A 25c package will keep a whole barrel sweet.

Our Prescription Department.

This isn't the same drug store it was 10 or 5 or even 1 year ago. We keep up with the times—improving—perfecting. New chemicals, new medicines are constantly being discovered—you will find them here when your doctor prescribes them. We have in use now the best prescription tools and appliances that can be found anywhere. Nothing is left undone that can improve the quality of our prescription work. Then last of all our prices are as low as at places where they are not so particular.

A Woman's Taste.

Is shown in her choice of stationery. A pencil may do under compulsion for writing a note, but there is no other excuse. Good paper is inexpensive, so is ink and pens. There are different sizes for notes and letters and invitations, etc; different textures and different shades. Sizes do not often change but finish and color are changing always. You will find the new and the right things here—you are not likely to find them at stores that keep only a few tablets and envelopes—that make no pretension to style and quality and taste in stationery.
