## **Good Health**

and pure blood are inseparable. If your blood is bad, your health must suf-fer. Poor blood allows the body to lose vitality just as a poor fire under the boiler allows the steam to run down. From poor blood to impure blood is but a step, and impure blood is mother to a large percentage of human ills. Dr. Harter's from Tonic is an antidote for both poor and impure blood, for it is both a builder and purifier — a food and a medicine. It is the best combination of the kind known to medical science, and its success for nearly half a century has led to its endorsement by thousands of medical men who have been unable to find a substitute.

## Dr. Harter's Iron Tonic

will insure you against the many evils resulting from impure blood. Scrofula, plumies, thoteles, ketney discribers, rheumatism, gout, dyspepsia, female weakness, anemia, chierosis, etc., are a few of them: but the greatest evil, the greatest danger, is the general weakening of the whole system, which affords an opening for every passing disease.

The following is only one of the thousands of estimonials we have received:

"I commenced using ite Harter's Iron Tutle when prostrate from a severe attack of rheumatism. After using three bottles all traces of this disease were completely eradicated from my system, and my general health was restored. As a blood perfore Dr. Harter's Fron Tonic has no equal, and I most sineerely recommend it to all persons suffering from indigestion, fatigue, rheumatism, and the many weakened conditions of the system produced by impover ished blood."
