

DEATH OF OSCAR JONES.

An Unexpected Departure and a Loss to the Community.

Monday morning, Oscar Jones passed away at the home of his parents, Mr. and Mrs. J. A. Jones, near the Jones's saw mill, two miles east of Oregon City.

Oscar Jones was born thirty-two years ago at Highland, Oregon, where he spent most of the early portion of his boyhood. Fifteen years ago his parents moved two miles east of Oregon City where his father began actively to engage in the saw mill business. Here, during the last fifteen years, the deceased has been working in the employ of his father. A few months ago he left for a season's logging at Cathlamet, Washington, where contracted lung fever, undoubtedly the result of exposure. A little over a week ago Mr. Jones came to his home in this city, where, to the surprise and grief of his brothers and friends, he died. The funeral was on Thursday in the little church at Highland and in the Highland cemetery the remains were laid to rest. Mr. Jones was highly respected by all who knew him and a citizen of sterling worth in the community. He leaves to mourn his departure his parents, Mr. and Mrs. J. A. Jones, a little daughter of three years, four brothers, O. F. Jones, F. A. Jones, M. G. Jones and P. E. Jones, and four sisters, Rosetta Larkins, Rosanna Louney, Sarah Leek and Mary Jones.

Congregational Church.

"Standards of the Christian Life" will be the theme at the Congregational church next Sunday morning. An evening with a few of the most popular hymns will constitute the nature of the second service. Nearly all of our popular hymns have an interesting history. The interesting history of these hymns will be given. The pastor will also give a brief outline of the church's early music.

Special Christmas services are in preparation at the Congregational church. The Sunday School will give a cantata entitled the "Charming Garden," and the choir will render a praise service on the next Sunday night of the month. To assist in making these services all that is possible, the church has secured an excellent new Kimball organ for the last room.

A Correction.

Mr. SCOTT—LENTS P. O., Dec 2, 1902, Editor Enterprise—In your issue of November 21st on page 4 appears the statement that our school district, (No. 99, Clackamas county), formerly known as "Happy Hollow," was at the last annual school meeting named—"Christina Valley." This is a mistake or a wilful misstatement of facts; and the minutes of the school clerk of said district and records at the school superintendent's office in your city will bear me out in the statement. It was not named "Christina Valley," but "East Mt. Scott." Please give this space in your next issue and oblige yours,

C. F. ZAXSEN,
Chairman of said school meeting.

Better Than a Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side or chest. Pain Balm has no superior as a liniment for the relief of deep-seated muscular and rheumatic pains. For sale by G. A. Harding.

Stanford University.

On Saturday evening, Dec. 27, Stanford University Bandolier and Glee Club will give a concert in Shively's Opera House under the auspices of Clackamas Council Royal Arcanum. Tickets will be on sale in a few days and the price of admission will be 50 cents.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

A NARROW ESCAPE

O. F. Olson and Horse Fall Down an Embankment on West Side.

Tuesday morning O. F. Olson, was driving his three-year-old, blood-4 animal, of the West Side hill near W. P. Hawley's residence, when suddenly a stone cast by some unseen hand from above, struck the young colt in the neck, causing her to jump out of her shafts, over the embankment, and down the steep incline several feet almost to the West Side Electric line. Mr. Olson, as speedily as possible, extricated himself from the mix up, but not until the frightened animal had carried him several feet down the hill. The vehicle was broken to atoms and the horse lay at the foot of the hill bleeding profusely from the mouth and nostrils. Mr. Olson summoned a veterinary surgeon, who administered a restorative, but the strangest thing about the whole thing is, that after the doctor had administered to the horse, and while Mr. Olson was away, he disappeared somewhere and cannot be found. Mr. Olson thinks that he tried to get away into the woods and may have died in the bushes.

A Cold Wave.

The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your own home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures Coughs, Colds, Lung Grippe, Bronchitis, Pneumonia and all Throat and Lung troubles. One Minute Cough Cure cuts the phlegm, dries out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. Geo. A. Harding.

I Coughed

"I had a most stubborn cough for many years. It deprived me of sleep and I grew very thin. I tried Ayer's Cherry Pectoral, and was quickly cured."

P. N. Mann, Fall Mills, Tenn.

Sixty years of cures and such testimony as the above have taught us what Ayer's Cherry Pectoral will do.

We know it's the greatest cough remedy ever made. And you will say so, too, after you try it. There's curcine every drop.

(See also 12c, Mc. 21, All drugs.)

Consult your doctor. If he says take it, do as he says. If he tells you not to take it, then don't take it. He knows, leave it with him. We are willing.

J. F. AYER CO., Lowell, Mass.

Notice.

To all whom it may concern, Know ye that the County Court of the County of Clackamas and State of Oregon did, on the 10th day of December, 1902, grant the petition of William Franklin Smart, that his name be changed to William Franklin Smart. Published by order of Then, F. Ryan, Judge of said Court.

One Accident and a Narrow Escape.

Edgar Ingman narrowly escaped severe injuries Saturday at the paper mill. He was working with a hose full of hot water when it parted, throwing the hot water against his side and arm. The burn was very painful but not serious.

The next occurrence that approached being an accident was a runaway elevator at the Willamette mill which broke loose and carried Mr. Antone down two stories at a frightful speed but resulted only in slight injuries about the man's head.

In and Around the Court House.

The customary bustle in and around the court house begins to decline as we approach the holidays, but one or two cases being filed with no apparent indication of much revival right away. The most important work perhaps under way this week being that of County Clerk sleight who is sending out 120 postal cards to the various school clerks notifying them of the valuation of the property in the 120 school districts. This work is purely voluntary on the part of Mr. Sleight it being customary for the clerks to issue this information when demanded.

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before this attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by G. A. Harding.

A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for Consumption, and writes—"It completely cured me and saved my life. I now weigh 227 pounds." It's positively guaranteed for Coughs, Colds and Lung troubles. Price 50c and \$1.00. Trial bottles free at Geo. A. Harding's.
