Some people need severe restraint imposed on them in this world, and these

eidents will happen, sometimes, in the best of regulated concerns. This statement is borne out by the burning out of several dynamos the other day in the electric plant on the other side of the river. The burning of the dynamoses caused a dangerous fire to start which, though stopped before damaging a great deal of property, did enough to amount to something like \$2.000. While the dynamos were rendered unfit for work, they, of course, failed to generate the usual amount of power along the lines of the O. W. P. & Ry. AT WORK IN EARNEST—At last the cement foundation for the M. E. church is under construction and a ted-ous par ticolar job it is. Considerable delay has been occasioned by the caving in of two car loads of earth on the east end of the basement This will have to be removed before hendway along the end can be made. For several weeks a great dear of attention has been given to pumping the surface water out of the basement bottom which also has occasioned much delay and trouble. The promoters little thought when the work was ordered commenced that it would be so long delayed. The expense must be very much more than at first thought.

Stiding Down Hill.-Slowly but surely an immense embankment of earth on the north side of the city is seliding into the canyon and with it is going a large square boose. It has been known for some time that this hill side was sinking in a little and shifting toward the center of a deep declivity but the movement of the earth was so gradual that no pecial notice has been paid to it until very recently. The other night, howsquare house felt the whole structure tremble and slide as if a violent earthseveral feet. The house is now vacant and onless immediate measures are used to remove it from its present unstable site there will be a house there no longer.

kidney trouble.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fall to do their work. Pains, aches and rheu-

matism come from excess of uric acid in the blood, due to neglected Kidney trouble causes quick or unsteady

heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arterica. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their begin-

ning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits and is sold on its merits by all druggists in fifty-cent and one-dollar siz-
