### Notice for Publication.

United States Land Office,
Oregon City, Oregon, October 14th, 1902.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, John E. Blazier, of Portland, county of Multnomah, State of Oregon, has this day filed in this office his sworn statement No. 5929, for the purchase of the N½ of NW¼ and W½ of NE¼ of Section No. 32 in Township No. 6, S Range No. 4 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Oregon City, Oregon, on Saturday, the 28th day of March, 1903

He names as witnesses: Thos. Devine, of Portland, Oregon; Isaac Vaugn, of Molalla, Oregon; Albert Pasold, of Molalla, Oregon; Frank Pasold, of Molalla, Oregon.

Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 28th day of March, 1903.

CHAS. B. MOORES,
Register.

## Annual Report of the Board of Water Commissioners.

Oregon City, Oregon, January 1st, 1903.

To the Honorable the Mayor and City Council,
Oregon City, Oregon,

Gentlemen:— We herewith submit this the eleventh Annual Report of the Board. The following exhibits will give a detailed report of the receipts and Disbursements for the past six months; also show the approximate value of the water works and other items of interest.

The plant is now in first class working order and complete in all its various branches.

One improvement made during the summer was the placing of an eight inch Centrifugal Pump, the duplicate of the one supplying the settling tanks, the same to be used exclusively for washing filters; although it is so arranged that it can pump into the settling tanks in case of an emergency. This takes the place of the proposed tanks on the bluff for which the Board had asked the Council's permission to use a part of Second street. The pump proves to be all that is required and has cost less than the tank proposition, besides adding to the water supply and being easier to take care of. There has been no interference with the pressure on the mains since its installation

Two blocks of four inch cast iron main was laid on Taylor street to replace the old lap-welded main that had begun to give out. Fifty feet of one and one fourth inch galvanized iron pipe was laid on Tenth street, and 150 feet of 1¼ inch galvanized pipe in alley of block 3. Ten tappings have been made during the year.

The filter plant has now been in constant operation for nearly a year and in all that time the water delivered into the mains has been clear and sparkling and the plant has given the best of satisfaction.
