The walking sick, what a crowd of them there are! Persons who are thin and weak but not sick enough to go to bed.

"Chronic cases" that's what the doctors call them, which in common English means—long sickness.

Blindfold woman and she loses all confidence in herself. Her step is slow, hesitating and uncertain. Her hands are raised to ward the imaginary blows which threaten her. When a sick woman seeks the means of health she is often like a woman blindfold. She has no confidence. She cannot tell what her effort will lead to. She turns now to this side and then to the other in uncertainty and doubt.

The sick woman who uses Dr. Pierce's Favorite Prescription may do so with absolute confidence. It involves open-eyed investigation. There need be no hesitation in following the hundreds of thousands of women who have found a perfect cure for womanly ills in the use of this medicine.

"Favorite Prescription" cures irregularity and dries weakening humors. It heals inflammation and ulceration and cures female weakness.

"With a heart full of gratitude to you for sending out over the land your wonderful medicine I send these few lines, hoping that some poor suffering woman will be by Dr. Pierce's medicine."

Write Mrs. C. L. Root, of Greening Park, near Washington, D. C., for a copy of the book, 'The Female Weakness and its Cures,' which is a great deal of the time. Had headache, backache, and pain in left side when lying down. Commenced taking Dr. Pierce's Favorite Prescription, and had not taken two bottles when I was able to be around again and do my work with but little rest. Can't say out any thing and it never hurts me any more. Have taken seven bottles of Dr. Pierce's Favorite Prescription, and one of his Compound Extract of Sarsaparilla, and several trials of his Pleasant Pellets. Feeling better every day. My husband says I look like every-day."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.
