Wednesday evening, Trainer Beach escorted his intermediate team of basketball players to Portland to go from there to Vancouver and play the Vancouver team, but to the deep disappointment of our players, they found on arriving at Portland that the last car for Vancouver had left at 6:15 and so there would be no getting to the place of disappointment that evening. Mr. Beach endeavored after finding that he was too late to get aboard the car, to telephone to the boys at Vancouver and get them to meet him and his team across the river and take the river, but something was out of order with the telephone and no communication was to be had. Deafness Cannot be Cured by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO. Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

"The Poetry of the Orange"

"It appeals to you, when the fruit hangs ripe and sweet on the tree late in February or early in March. The blossoms break out, and the trees are yellow with golden globes, and with orange flowers. It may be that the air is full of sunshine, and heavy with fragrance as night comes on, and then, if the moon be shining, you may hear at midnight through open windows the song of the mocking-bird in the scented grove, and it never seemed so melodious before.

An experience like this is possible any winter and it is worth a journey of a thousand miles, while you can have it, by taking the scenic Shasta route through the grand and picturesque Sierran and Shasta mountains to Southern California. Complete information about the trip and descriptive matter, telling about California, may be had from any Southern Pacific agent or W. E. COMAN, General Passenger Agent S. P. Co. Lines in Oregon, Portland Oregon.

I wish to state to the public that the preparation sold by A. McLeod for separating butter from cream and which he claims I have recommended, is in my opinion not what he claims for it. I have put no money in it.
