Deputy County Clerk F. W. Greenman has invented a new motor, a working model of which may be seen in the clerk's office. Though Mr. Greenman, like his prototype, Keely, of Keely motor fame, is very reticent about the source of power in his invention, it is evident from the presence of insulated wires, buttons, etc., that electricity plays a part in its operation.

Come out and hear the free open air concert in front of Huntley's where you can just step in and buy a ticket to Who's Who Minstrel. The parade will be at noon. The free show will be at noon, and, well you can see at that time what you can see at that time.

The second illustrated lecture of the series at the Congregational church was enjoyed by a still larger audience on Tuesday evening. The last one, next Tuesday evening, will be the humorous one. A rare treat is in store for all who avail themselves of the opportunity of spending the evening with that quaint character, "David Harum."

On Friday of last week Mayor Dimick united in marriage Miss Della Fleming to Geo. A. Hall. Mr. Hall resides at St. Helens and is a member of the local profession. Miss Fleming has been for some time a resident of Willamette Falls. Immediately after the ceremony the young couple left for St. Helens, where they will reside.

The usual services will be held next Sunday at St. Paul's church. Holy communion at 8 A. M. Sunday school at 10. Morning prayer and sermon on "Treasures in Heaven" at 11. Evening song and sermon on "The Spiritual Basis of Education" at 5 P. M. C. A. Miller will sing a solo in the morning and Miss Mary Conyers in the evening.

Married—on Thursday evening evening, February 5, at the Congregational manse, Mr. Foss Maple and Miss Annie Gadke, Rev. E. S. Bollinger officiating. Both parties are well known in Oregon City and have the well wishes of a host of friends. Mr. Maple will shortly go to New Mexico to look up a business location. Mrs. Maple will follow when the location is made.

Come and "rubber" at the big free "hot air," we mean open air concert on Main street in front of Huntley's. The line of parade will be from Shively's to Main, South to the factory, counter march to Huntley's, "Free Show," resume and march to Shively's.

On Saturday afternoon the ladies of St. Paul's church will give a Valentine Tea in Willamette hall from 2 to 5 o'clock. The hall will be prettily decorated, delicate refreshments served and an interesting program rendered consisting of songs, readings and recitations and a charming talk from Mrs. P. J. Mann, of Portland, on "A Trip Abroad." Miss Lillian Brown will render a piano solo.

This Friday evening there will be given a basket social at the Bolton school house. The object of this social is to procure a library for the school and it is earnestly hoped that a large attendance be present to assist in augmenting the fund for this praiseworthy object. Prof. J. C. Zinner will make the address and Howard M. Brownell is on the program for a ten minute talk.

It has been some time since the people of Oregon City have had the privilege of listening to a purely classical concert and on the evening of February 24 there will be given by Miss Mary Conyers a concert of this rare kind at the Woodmen hall. This concert, as will be readily perceived, is to be supported by the very best talent on the Pacific coast, and all that money and tireless energy can do to make an enterprise a success will be here done. Miss Conyers reputation for giving high grade concerts in this city is recognized by her many friends, and the fact that she is the promoter of this treat will insure its success.

To make the concert a complete success, Miss Conyers has used great care in choosing her talent, as will be seen when our readers know that Mrs. Walter Reed, Dom J. Zan, Mrs. Robert Miller, Miss Veda Williams and Marian Lawrence are to appear and take leading parts.

Mrs. Walter Reed, Portland's favorite contralto singer, is a leader in her profession and she is to be one of the principal factors in the elaborate programme. Her fine voice and superior ability always command admiration and her many admirers will not let this opportunity escape to again hear her.

Dom J. Zan, one of the most capable baritone singers on the Pacific coast, is to be a drawing card on this special evening. Mr. Zan has just returned from the city of San Francisco, where the musical world has been captivated by his commanding talents and excellent efforts.

Mrs. Robert A. Miller, of this city, has been procured by Miss Conyers to give one her fascinating Shakespearean readings and in this feature the programme is greatly strengthened, as everybody knows who has heard Mrs. Miller.

Miss Veda Williams, the accomplished pianist, will render that most enchanting of selections "Beethoven's Moonlight Sonata," and it is unnecessary to add that this feature of the programme will be of the very highest order. Miss Williams is an artist at her profession and her work merits all the praise given to it.

To add attractiveness and novelty, Miss Conyers has procured Miss Marian Lawrence to render a selection on the piano and this number, as everybody knows, will please, as the little maiden is quite a wonder in the musical line.

Tickets to the concert will be reduced to the very low cost of 50 cents. Seats are now selling fast and as there are but a limited number of seats available, it will be well for you to purchase at once. Remember the time, February 24, and place, the Woodmen hall.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO. Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

"The Poetry of the Orange."

"It appeals to you, when the fruit hangs ripe and sweet on the tree late in February or early in March. Thence blossoms break out, and the treasure yellow with golden globes, and with orange flowers. It may be that a flurry of snow has whitened the mountain tops, and then you have an artistic background for a tropical forest. The air is full of sunshine, and heavy with fragrance as night comes on, and then, if the moon be shining, you may hear at midnight through open windows the song of the mockingbird in the scented grove, and it never seemed so melodious before."

An experience like this is possible any winter and it is worth a journey of a thousand miles, while you can have it, by taking the scenic Shasta route through the grand and picturesque Sierran and Shasta mountains to Southern California. Complete information about the trip and descriptive matter, telling about California, may be had from any Southern Pacific agent or W. E. COMAN, General Passenger Agent S. P. Co. I wish to state to the public that the preparation sold by A. McLeod for separating butter from cream and which he claims I have recommended, is in my opinion not what he claims for it. I have put no money in it. C. E. SPENCE.
