

Oregon City Enterprise TOLD IN SIDEHEADS.

REDUEN TO CELEBRATE.—Saturday night at the Redmen's hall a grand celebration is to take place and the best time of the season will be enjoyed by the members. Come and bring your friends.

WOODMAN TO ENTERTAIN.—This Friday evening at Logan's order of Woodmen of the World will hold a literary entertainment and social. All friends of this popular organization are invited to come and enjoy themselves.

GOOD AMATEURS.—The young industrial actors which has been organized in this city is composed of the very best talent in Oregon City and it is safe to predict that the staging of February 19 their work will attain to all that their friends have been led. There are entered in the men's relay such men as Messrs.

LAND SLIDE.—The recent heavy rain have had a loosening up effect on the ground, especially along the hillsides. On Tuesday morning a great quantity of earth came crashing down the mountain side near the Fruitdale farm on the Clackamas road, completely obstructing the road, taking trees, brush and rocks along with it and rendering travel impossible.

DEATH OF A. GINSBERG.—On Monday morning A. Ginsberg died at his home in Central addition. The deceased has been suffering for a long time with dropsy. He leaves a wife and two sons to mourn his death. Tuesday afternoon at the family residence the funeral was held, Mr. Grimm officiating, following which the remains were removed to Mountain View cemetery.

TEACHERS' EXAMINATION.—Wednesday, Thursday and Friday all day witnessed the winter term. At the conclusion pretty well filled with industrious teachers working hard to pass the regular teachers' examination which comes every year to distribute their peace of mind. These examinations are under the direct supervision of Professor Zinner and consist of an examination in the important department of "Theory and Practice."

NEEDS REPAIR.—The piers on the east end of the suspension bridge are sadly in need of immediate repair. A few days ago a careful examination of the bridge was made by an expert bridge carpenter and the fact revealed that a good deal of the bridge was rotting away and already in such bad shape as to render travel somewhat dangerous. Several men have been put to work tearing off the old timber and replacing it with new so that now it is thought the repair necessary has been made for the present.

DON'T FORGET.—On the Friday evening there will be held at the home of Mr. and Mrs. William Green on Seventh street, a delightful acquaintance social for the benefit of the young people of the Presbyterian church and their friends. This, as the reader will perceive, is "Valentine's" evening and the unique and interesting character of the occasion will lead an extra charm to the gathering. Extensive preparations have been under way all the week past to make the affair an enjoyable one and the many friends and members of this growing society are very cordially invited to attend. Music and games are to be the order of the evening, so come and enjoy yourself.

HE'S A RESIDENT.—One day recently a spirited little contest occurred in the justice court in which one J. Morley contended that A. MacLeod was not a resident of Clackamas county and therefore obliged to put up costs in an action which was to be tried Thursday. The statute provides, as all know, that a non-resident of a county in this state, when bringing an action, shall first put up a sufficient consideration to cover costs. A. MacLeod has sued J. Morley for two weeks' wages and it was to make him put up costs for this suit that this initial appearance was required of him. The facts were brought out in the case that this man MacLeod was working here and from indications intended to work here, so the judge declared him a resident entitled to the privileges of a resident. V. Hyde appeared for the plaintiff and G. V. Dumick for defendant.

KEEN INDUSTRY.—In the last few days the boat, trailer and electric car running between this city and Portland have invoked the deepest kind of chagrin on the part of our good people, by raising the freight rates from 2 1/2 cents to 7 cents on the hundred pounds. At this high rate the business men and merchants of this city can't well hope to make any profit on their merchandise and it is recognized by all our people to be the very essence of injustice. The other evening the Retail Clerks' union met in the office of Messrs. U'Ren & Schuebel and held an indignation meeting and decided to send a special embassy to the transportation companies to endeavor to get them to return to more reasonable figures. There is considerable talk about putting a boat on the river to run independent of the regular boats, and this method will probably be adopted if the present freight rates are not readjusted to where they ought to be.

GOOD GAMES.—The two games played at the Y. M. C. A. Saturday night between the two home teams and Portland and Willamette university were very fine exhibitions of basket ball. The game between the senior basket ball players of the home association and Willamette resulted in a victory for Willamette in a score of 7 to 9. In this game, though the home team lost, their work in every detail was excellent in the extreme and showed fine skill and excellent head work. This is the first game the senior boys have lost this season and we think their record an enviable one. They played good clean ball, and treated their opponents in a manner highly gratifying. Some say it was an off evening for our boys, and we feel confident that while Willamette plays good ball, we can play better when conditions are a little more favorable. In the game between the Oregon City Intermediates and the Portland Y. M. C. A. Intermediates, we met with better success, the score standing 11 to 1 in favor of the home team. This game was played with no little enthusiasm on both sides, and though the visitors played ball they failed to play together as well as the home team.

THE OLD COUNTRY

If you wish to send money to the "Old Country," you can do so easily and cheaply through this bank. We issue drafts payable in nearly all countries.

Bank of Oregon City OREGON CITY, ORE.

To Address Women.—Mrs. F. H. Trumbull, of Portland, will speak in the parlors of the Baptist church Thursday, Feb. 19, at 2:30 P. M. This address will be given under the auspices of the Mother's Club. The subject "The responsibility of mothers to children other than their own." Mrs. Trumbull is a forceful and interesting speaker and the women of this city are most cordially invited to hear her.

To Address Women.—This was the score of the football game between the High School and Canemah teams Saturday at Willamette Falls, and the 17 was in favor of the High School. The game was a line game on the part of Canemah and the ground was too wet and heavy to admit of any very fast playing. The principal plays were made by Gordon Moores who made two sixty yard runs with the ball. All the boys played hard and all through the contest their work was noticeable for its gentility and polite behavior. This game, perhaps, ends the work of the high school this year but again when the winter months roll around the same players intend continuing their work. The next sport which will engage the boys' attention is baseball which is to come on very shortly now.

UNDERESTIMATED DAMAGES.—At the last session of the county court a report was made of the damages caused by the laying of the Leyman road at Damascus, and the estimate of damages was so small that the parties sustaining them are going to appeal the case to the next term of the circuit court in April, and endeavor to get higher damages than what were allowed. The three men who have been the most affected by this road and who have suffered the greatest damages are H. J. Feathers, O. R. Homer and C. Amacher. They have employed Geo. C. Brownell and Howard M. Brownell to conduct their case and they intend to prosecute it with an unflinching determination. They each contend that they have been given but half what justice will allow them. They all own large farms at Damascus and are all influential farmers of Clackamas County.

VAIN ENDEAVOR.—For a week past a gang of men have been trying to move the old Park residence away from its present foundation on the north side of Lewis, but owing to the fact that the earth is so very damp, their efforts have been fruitless and the old house stands on the edge of the canyon in great danger of momentarily being precipitated down the steep canyon with the crumbling earth. The house sits on the top of a hill and the embankment has already nearly all crumbled away leaving the structure on a very insecure foundation with scarcely any dirt under it. It has been determined by the men, that the house will have to be left to its fate with the hope that the ground will cease crumbling and next spring when the earth is not so damp, further efforts will be made to move it away.

MEETING OF CATARACTS.—Last Thursday evening occurred the regular annual business meeting of the Cataract Fire Company and the following members were unanimously elected: C. Ramsby, president; F. Pratt, vice-president; G. B. Dumick, secretary; John W. Loder, treasurer; Ed Reckner, foreman; J. E. Williams, first assistant foreman; Joe Meldrum, second assistant foreman; William Boek, janitor. Tuesday night of this week the Cataract's assembled in their hall and attended to the nomination of a member of the Fire Commission Committee. They nominated Howard M. Brownell to be their candidate. This committee consists of three members elected from the five companies, to act in conjunction with the mayor. Their duty is to furnish exemption certificates and look out for the general welfare of all the companies of the city. The election of these three officers occurs on the first Monday in March.

LAYING BRICKS FAST.—The bricks are piling up fast on the walls of the Methodist church and this week they will all probably be in place and the walls completed. Before resting the building proper on the walls, however, the structure must be raised about eight inches on the north east corner; at this place the immense weight has caused the temporary supports to sink and has thrown the church building out of line. Johnson & Andrews, the contractors, think that by the forepart of next week in earnest and as to how long this is to take is somewhat of an enigma depending principally on the condition of the weather etc. If every thing goes well the workmen ought to rest from their labors in about six weeks when W. L. Block is to move his stock of furniture into the new store rooms. The contractors think that the building, when completed, will present an attractive appearance, notwithstanding many expressions of opinion to the contrary, and will be second to none in the city. The bricks are of the very best quality and their highly polished surfaces make a very attractive structure.

\$4.00 SENT FREE!

The Well-Known Specialist, Franklin Miles, M. D., LL. B., Will Send His Book and \$4.00 Worth of His Personal Treatment Free to Any Reader.

There never was a better opportunity for persons suffering from diseases of the heart, nerves, liver, stomach, and kidneys to test free, a remarkably successful treatment for these disorders. Dr. Miles is known to be a leading specialist in these diseases and his liberal offer is certainly worthy of serious consideration by every afflicted reader. This opportunity may never occur again. His personal system of treatment is thoroughly scientific and immensely superior to other methods. It includes several new remedies carefully selected to suit each individual case and is the final result of twenty-five years of very extensive research and great success in treating these diseases. Each treatment consists of a curative elixir, tonic tablets, eliminating pills and usually a plaster. Extensive statistical clearly demonstrate that Dr. Miles' Personal Treatment is at least three times as successful as the usual treatment of physicians or general remedies purchased at the stores.

Col. E. B. Spelman, of the 7th United States Regulars, located at San Diego, Cal., says: "Dr. Miles' Treatment has worked wonders in my son's case when all else failed. I had employed the best medical talent and had spent \$2,500. I believe he is a wonderful specialist. I consider it my duty to recommend him." "For years I had severe trouble with my stomach, head, neuralgia, sinking spells and dropsy. Your treatment cured me," writes Hon. W. A. Warren, of Jamestown, N. Y.

Mr. Julius Koester, of Chicago, was cured after ten able physicians had failed. Mrs. R. Trimmer, of Greenspring, Pa., was cured after many physicians called her case "hopeless." As all afflicted readers may have \$4.00 worth of treatment especially adapted to their case, free, we would advise them to send for it before it is too late. Address, DR. FRANKLIN MILES, Dept. 16, 213 to 235 State St., Chicago.

MASQUERADE at MOLAILLA.—This Friday night a crowd of young people will go to Molailla to attend the masquerade given at that place by Edgar Shaver and Roy Kidding. A good time is anticipated as the young people in this place always enjoy themselves.

A GOOD TIME.—On the evening of Feb. 6, the popular Les Papillons held an enjoyable dance at the Armory. Fifty ladies and gentlemen were present and the affair was an enjoyable one. Furmy's orchestra furnished the music and the dancers heartily enjoyed their pleasure. The little state which goes by the very unique name of Les Papillons is growing in popularity and is rapidly becoming a prominent factor in the social life of the city.

PEOPLE TAKING EXAMINATIONS.—Next week beginning Monday and continuing throughout the greater part of the week examination will be held in the Eastham and Barclay schools in which the pupils will be the participants. Not all the pupils however, only those who received an average below ninety per cent. The rule has been adopted by the school board and teachers to relieve any pupil from an examination in those studies showing an average of ninety or over. It will be gratifying to the parents of pupils to know that in the case of the majority of the pupils the work is of such an excellent character as to merit exemption from an examination.

GLADSTONE HOSPITAL BURNED.—The beautiful structure at Gladstone formerly occupied by the hospital was burned to the ground early Tuesday morning, with fifteen hundred dollars worth of furniture. F. M. Wilson and brother, who operate the depot saloon, have been occupying rooms in the building for some time and were in the house at the time it went up in smoke. How the fire was started is a mystery. The Wilsons know about it until they detected the smoke, which had filled the whole house. The structure was too far away from the Oregon City fire companies to receive any aid at all, and though within a stone's throw of the Clackamas river, none of this water could be applied in time to do any good or lessen the violence of the flames. Both house and furniture were insured, so the loss will not be so heavy as it might otherwise have been. The building was owned by H. C. Stevens, of this city.

If you don't get the ENTERPRISE you don't get the news.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for anything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.
