TOLD IN SIDEHEADS.

SOCIAL.—Last Wednesday evening the young people of the Presbyterian church held an enjoyable social at the residence of Mr. and Mrs. Horn on 5th St. The evening was very pleasantly spent in games, recitations and music.

MASHED HIS FINGER.—Dan Fisher sustained a painful injury last Saturday while working on the electric line near Portland. He attempted to lift a heavy steel rail on one end and it fell down on his hand and injured the hand and mashed one finger almost so badly that it is doubtful if he will ever again be able to use it.

J. M. PARK DEAD.—The death of J. M. Park occurred last Friday at Springwater. The deceased has been living for several years with the family of J. A. Workman at Springwater and died of cancer of the stomach. He was a single man with no relatives in this part of the county. The funeral was held at Springwater and in the Springwater cemetery the remains were interred.

DEATH OF MRS. SMITH.—Last week Friday the remains of Mrs. Marguerite Smith arrived in this city from Los Angeles where she died of paralysis while on a visit. Mrs. Smith was formerly a resident of Parkville and is a sister-in-law of Captain William Smith, of Parkville. The deceased leaves a husband and six children at Arlington. The funeral occurred at Springwater where the interment occurred.

STOLE PEPPERS AND PEANUTS.—Tuesday morning three loaves broke into P. N. Clark's candy stand at the Canemah park and got away with a lot of popcorn and peanuts. Somebody saw the miscreants break in and immediately notified Clark who in company with some friends went and followed the rogues up till they were over taken about a mile up the river. Chief of Police Burns soon had them in charge and they were taken to the city jail and put there for safe keeping.

ANOTHER INJURED HAND.—A young man by the name of Olin, who lives at Gladstone, had his hand very nearly cut off last Saturday while cutting wood. The axe slipped, as usual, and instead of cutting into the wood entered his hand near the wrist and all but cut it off. He was taken immediately to Dr. Sommer, who was obliged to take several stitches. The unfortunate boy lost considerable blood as a result of the accident and it was with much difficulty that he was brought to Oregon City in a conscious state.

SICK BENEFIT.—Again that splendid order the Woodmen of the World shows its magnificent spirit by adding a sick benefit to its privileges. Heretofore there has only been a death benefit allowed with a membership to the order, but the other evening a committee met and decided to extend these benefits even farther than ever before. This sick benefit is no new thing, it being an auxiliary of the Woodmen in many other parts of the United States. Hereafter by paying a little in addition to the regular monthly dues, a benefit will be extended to all the members in the time of sickness, thus enabling people to derive help from the order before death claims them.

TOM'S HOUSE CATCHES FIRE.—Tom, the Chinaman, came within an ace of losing his little home on Water Street Sunday morning. The trouble all arose from leaving a little fire in the stove while Tom was out on the street attending to his usual duties. The little house was pretty well surrounded by fire when discovered by some passer by who rang the bell vigorously and in a minute with the aid of the firemen the flames were out. Before the work was completed and while the place was yet burning, poor Tom, all trembling with fear, arrived on the scene, and began to superintend the work of the firemen in an excited manner. He thought the boys were not exerting themselves as much as they ought and said he thought they would let his house burn up for the fun of it. His fears, however, were soon allayed when he saw the flames die down and his little home appear out of the smoke, quite as safe and secure as before.

SNOW PARTY.—Wednesday of last week a novel afternoon party was held at the home of Mrs. Thomas at Gladstone. The name of this unique affair was a "snow party" and everything in the spacious parlors was in keeping with the idea suggested by the name. Mrs. Thomas extended her hospitality to the Ladies Aid society of the Congregational church and the gathering was pleasing in the extreme. The parlor was beautifully decorated with evergreens and on the evergreens there was laid white cotton suggestive of snow. White draperies hung over the door ways and windows and snow white muslin was artistically draped along the walls. The reception committee consisting of the Misses Amy Thomas, Kette Marks, Echo Sampson and Hilda McGetchie wore attire of pure white in keeping with the significance of the meeting. These young ladies served refreshments to the ladies and aided materially in the delightful entertainment afforded.

REDMEN HAVE TIME.—On the evening of Saturday last, Wacheno Tribe No. 13, I. O. B. M., celebrated its 10th anniversary in their spacious parlors on Seventh street and it was one of those affairs that will always be remembered for its interesting features and social intercourse. Dr. Carl was to be chairman of the meeting but not being able to be present on account of his attendance on professional duties, Dr. Paul Seimler, of Willamette Tribe, Portland, acted in his stead and performed the duties in a manner creditable to himself and friends. A lengthy program was first in order, consisting of recitations and songs by W. L. Little, Messrs. Hatch and Long and H. Henningson, and last but not least, by the Maccabee Quartette. Every number on the program received hearty applause and was encored heartily. The attendance was not alone confined to members of the tribe but others who were friends of members assembled and took a part in the social which followed the program. A sumptuous banquet followed the entertainment and in this everybody indulged and did his part well.

MISSED THE STEEL.—One day last week a gentleman was pounding on a piece of steel which Phillip Bucklein held in his hand, and missing the metal he struck Mr. Bucklein's thumb on the right hand and mashed it painfully. The injury was very painful and has resulted in unfitting the mechanic for work. This indisposition will perhaps continue for several weeks before the old time use of his hand will return to him.

CITY PROSPEROUS.—A convincing proof that Oregon City is on the growing order is that for several days past all the hotels have been crowded to their utmost so that after certain hours each day no one has been able to obtain rooms. Another good sign which goes to substantiate the same statement is that houses of any kind are unobtainable at any price; small houses are renting for ten, twelve and even fifteen dollars per month and the large ones are all occupied and have been so for months past.

MINOR DRUNK.—It has been a frequent spectacle of late to witness young lads not over sixteen and seventeen years of age, going along the streets under the influence of liquor. Where they get the liquor is not known but they get it somewhere and it is the duty of the respectable people of this city to awaken to their responsibility and see to it that the continuance of this practice be stopped. Everybody knows that there is a strict law against this kind of a thing and it remains for the people to enforce it.

CONGRESS ORGANIZED.—A boys congress has been organized and will hold regular meetings every week in the Presbyterian church. The object of this organization is to teach the young men parliamentary law, and assist them in speaking before an audience. In the summer it is hoped that the boys may make a camping trip into the woods for ten or twelve days. Great interest is shown in the new order and there is no danger of not having the required number.

MANY NEW TELEPHONES.—For two weeks a crew of men will be employed putting in new telephones and running new wires. The growing exigencies of the city have long demanded this new work and it is now being pushed vigorously. About forty new phones are being added to the list now and probably more will come a little later. This augmentation will necessitate changing many wires and several old telephone numbers will have to be replaced with new ones. These new phones are going not alone into residences but business houses on Main St. where their increasing business and growing trade demand these conveniences.

A GOOD TURN OUT.—Friday evening the Bolton school house was filled with an appreciative audience assembled in the interest of the library fund. The entertainment was of a musical and literary nature and highly enjoyable. Many little folks recited and took part in amusing dialogues, rendering the whole affair highly pleasing. The exercises were opened with an address by Prof. J. C. Zinser whose remarks were as usual pleasing and helpful. This was followed by a dozen short songs and recitations followed with a brief address by Howard M. Brownell. When the exercises were over and everybody had enjoyed themselves, Mr. Magon took charge of the baskets and auctioned them off. Two baskets sold like hot cakes and netted \$25, much to the satisfaction of all present. The little Bolton school is growing in interest and attendance and the work never was better in any respect.

TO PAY FOR ORGANS.—The Oregon City Debating Society are preparing to have an entertainment in about a week the proceeds of which will go to pay for a new organ which has been lately added to the school. To attract the public and make the evening an enjoyable one, a rival programme has been prepared in which supremacy will depend on the side getting the greater number of points from the judges. Three judges are to be chosen to decide on the merits of the respective sides the judges being three leading business men from the city. The following is the programme to be announced a little later: Debate, "Resolved that women ought not to have the right of suffrage." Speakers for affirmative are Miss Bessie Davis, Howard M. Brownell; negative, C. W. Pogue, Marcus Sugarman. Declamations, Chas. Robison, Mrs. Ivy Park, Essays, Miss Diekey, Miss Hornshub. Papers, Virgil Clark, Miss Effie Grace. Instrumental music, Miss Pearl Curran, Miss Gertrude Griffith. Debate, Ivy Park vs. Charles Haines. Address on Socialism, Mr. Howard, Ed Willey. This entertainment will have attached to it the small charge of fifteen cents all of which proceeds will be devoted to paying for the organ. The cause is a worthy one and it is hoped that the many friends of the institution may turn out and help all they can.

\$4.00 SENT FREE! The Well-Known Specialist, Franklin Miles, M. D., LL. B., Will Send His Book and \$4.00 Worth of His Personal Treatment Free to Any Reader.

There never was a better opportunity for persons suffering from diseases of the heart, nerves, liver, stomach, and kidneys to test free, a remarkably successful treatment for these disorders. Dr. Miles is known to be a leading specialist in these diseases and his liberal offer is certainly worthy of serious consideration by every afflicted reader. This opportunity may never occur again.

His personal system of Treatment is thoroughly scientific and immensely superior to other methods. It includes several new remedies carefully selected to suit each individual case and is the final result of twenty-five years of very extensive research and great success in treating these diseases. Each treatment consists of a curative elixir, tonic tablets, eliminating pills and usually a plaster. Extensive statistics clearly demonstrate that Dr. Miles' Personal Treatment is at least three times as successful as the usual treatment of physicians or general remedies purchased at the stores.

Col. E. B. Spelman, of the 7th United States Regulars, located at San Diego, Cal., says: "Dr. Miles' Treatment has worked wonders in my son's case when all else failed. I had employed the best medical talent and had spent \$2,000. I believe he is a wonderful specialist. I consider it my duty to recommend him." "For years I had severe trouble with my stomach, head, neuralgia, sinking spells and dropsy. Your treatment cured me." writes Hon. W. A. Warren, of Jamestown, N. Y.

Mr. Julius Koester, of Chicago, was cured after ten able physicians had failed. Mrs. R. Trimmer, of Greenspring, Pa., was cured after many physicians called her case "hopeless." As all afflicted readers may have \$4.00 worth of treatment especially adapted to their case, free, we would advise them to send for it before it is too late. Address, Dr. FRANKLIN MILES, Dept. 16, 263 to 265 State St., Chicago

GRAND MASQUERADE.—Last Friday evening the Masquerade ball was filled with a gay crowd of ladies and gentlemen, who assembled to enjoy the evening dancing. Garret's five orchestra furnished music and a more delightful dance has never been witnessed in the Mollala neighborhood. A crowd of young people were present at the dance from Oregon City and all report a delightful time.

COMPANY A GROWING.—Last Monday night, Company A, which at present is under the able management of Mr. Fred Humphrys, received fourteen new members into its membership and, from the present signs, the number will not stop here but many more will be added. This is, indeed, a splendid record for a night and indicates that the company of young soldiers will grow and increase in strength. During the absence of Captain Campbell at Salem, Fred Humphrys will fill his place. Under him the company has prospered and grown; he is a first class officer and commands the highest respect of his men.

THE AFFAIR OF THE SEASON.—On Valentine's evening a crowd of ladies and gentlemen, invited guests, assembled at the home of Miss Pope and spent a most enjoyable evening playing original progressive whist, singing songs and telling stories. The young ladies who issued the invitations and prepared the program were Misses Pope, Pratt, Finley and Draper, and a more enjoyable party has seldom been witnessed in the city. The elegant parlors of the Pope residence were richly decked with every variety of evergreen and fern, all of which gave beauty to the scene incomparable. Most of the evening was devoted to original progressive whist, the winners of which being awarded prizes. Those who were fortunate in securing prizes were Miss Manie Lewthwaite and George Swafford, Lizzy Stipp and Miss Eva Meldrum, Miss Hattie Mary Pratt and M. Latourette. When the evening was advanced pretty well and the games had lost some of their charm, the company resorted to an indulgence admissible only on Valentine's day, namely, singing old fashioned love songs; this being followed by a sumptuous luncheon, the company dispersed with many happy expressions of appreciation for the delightful time afforded.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

PUPILS EXEMPT.—Many pupils of the Oregon City public schools are enjoying a well earned rest this week, on account of having a standing of over ninety per cent in their work. All whose work merited ninety or over are exempt from these troublesome ordeals of the school life. The examinations will extend till Friday of this week and on Monday morning bright and early all will be required to return and resume their tasks.

NO VIOLATION PROVES.—The question of whether Germany violated the Monroe doctrine in Venezuela or not was hotly discussed at the Academy rooms last Tuesday night and it was decided that she did not. William Califf and Miss Hornshub were on the winning side and C. W. Pogue and Mr. Haines represented the losers. The speeches were highly able and a good sized audience was present.

STOLE MONKEY WRENCH.—A poor fellow in languishing in the county jail to day for stealing a monkey wrench from Sugarman's second-hand store on Main street. He went to the store Monday night to sell some iron but as the proprietor was absent, instead of selling anything he took the monkey wrench and started away with it. It was but a few minutes before Mr. Sugarman had discovered the loss and notified Burns and Moody of the same. These two officers soon found the man with the stolen property and put him behind the bars for a few days. The man is one of those unfortunates who uses opium and is not wholly accountable for his deeds. His condition is pitiable, as every hour of the day he cries for the drug and is dead to the world when not under its influence.

THE OREGON CITY BAND.—The Oregon City Band is doing splendid work under the leadership of C. A. Nash. The band is composed of eight or twenty musicians of considerable experience and their work is strictly first class in every particular. The band meets on Main street every Wednesday and is just at the present time learning some new music which will be furnished to the people of Oregon City during the next few months. One fact in connection with them deserving more than a passing notice is a little indifference on the part of our good people to the needs of this organization which is so essential to the social welfare of the city. The band boys are entitled to more advantages than they now enjoy. They have always labored under serious disadvantages in the way of not having facilities for practice and this in itself is enough to deter their progress decidedly. There are enough music loving people in this city to justify the building of a grand stand where the public might assemble and enjoy a concert by the band. Of course expenses are already pretty high but everybody loves music in this city and in the long run, it seems to us, it would pay the city to contribute something, at least enough to pay expenses, to the needs of the band. There is nothing more edifying than music and a band concert in the open air would at least keep many of our young people away from less helpful indulgences and at the same time afford a pleasurable hour to us all. Many of the small places in the west have a regular weekly open air band concert, and it seems certain that we are fully able to hold our own with them.

STILL BUSY.—The work of extending the tax roll continues and will probably not be completed till next week about Monday or Tuesday. Three good fast clerks are working on the books but they can't begin to finish the task before the first or middle of the following week.

CUT HIS FOOT.—William Shelley while cutting cord wood at Maple Lane Tuesday afternoon knocked off a piece of the steel wedge and it entered his foot and cut it severely. The injured boy was brought to Oregon City and Dr. Strickland dressed the wound and sewed it up. The boy lost considerable blood and on arriving at the doctors operating room fainted away.

A Weak Stomach

causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christman, Tex., says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that money could do was done but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." GEO. A. HARDING.
