The best pill 'neath the stars and stripes. It cleanses the system and never grieves. Little Early Risers of woody reputation. Ask for De Witt's, take no substitute. A small pill, easy to buy, easy to take and easy to act, but never failing in results. De Witt's Little Early Risers arouse the secretions and act as a tonic to the liver, curing permanently. Geo. A. Harmsco.

The doctor has several patients at Woodburn, and says that he thinks the prospects for building up an active practice are very good.

Many good substantial Republicans were in the city Wednesday from all over the county in attendance at the meeting of the Republican county central committee. LOOK OUT For Colds—La Grippe!

Protect yourself, and don't trust to Providence. Considering the harm done, "neglect" before and after taking a cold is a physical crime. You may prevent a cold, or, if too late, you can insure yourself against the "after effects," for there is the greatest danger, by using Dr. Harter's Iron Tonic. Few die from Colds, or La Grippe, or Catarrh. They die of the after effects. These diseases all weaken, and to a weakened body come flocking a host of diseases that fasten on weak lungs, heart, stomach, kidneys, and other weak parts that we seldom think of.

The easiest and best thing to do is to fortify the system so that you will not catch cold, but if too late to do that, then you must see that no lasting injury is done. Medical authorities all agree that iron is the fighting element of the blood enabling the system not only to ward off disease, but to fight it after it has obtained a foothold.

Dr. HARTER'S IRON TONIC

is just the remedy needed, as it supplies the blood directly with the iron it requires to combat Colds or La Grippe. Take it before, during, or after. If taken in time, it will prevent; if taken during, it will shorten the course; if taken after, it will prevent all bad after effects.

Women are especially benefited by Dr. Harter's Iron Tonic, as they seem to suffer from the weakness of Colds and La Grippe longer than men, and they are particularly susceptible to the action of a blood builder such as this.

A gang of men are very busy on Madison street blasting rock and making way for the new water pipe which is now being laid along this street for the first time. The pipe will run down Madison street past D. C. Latourette's residence down to the Barclay school and back over to 11th when it is to connect with a main which has been in use for several years. The work of laying the pipe is very expensive as it is necessary to blast through solid beds of rock for two blocks.

NEW ELEVATOR—The Willamette Pulp & Paper Company has commenced the construction of a new safety elevator to take the place of the old one. Several accidents have happened within the last few years and a time or two people have been very seriously hurt. This new elevator is perfectly safe with hardly a possible chance for accident. The machinery is equipped with safety appliances, controlled by a stiff steel spring and if any part of the elevator gives away the weight of the elevator acts on some appliances on the bottom of the elevator and drives down the guides. The greater the weight the firmer will the elevator stick to the sides and thereby the whole thing is of great value to the mill.

At the meeting of the Republican County Central committee held at the court house Wednesday, great enthusiasm was manifested and the kindest feeling among members prevailed. One thing which bore pleasing evidence of the success of the party this spring, was the unanimity with which the entire body united on Geo. C. Brownell to be the representative of this district in Congress. There was no difference of opinion as to his ability to fill the high office and all expressed themselves determined to stand by him faithfully and do their best toward securing for him a strong delegation.

Tuesday night Mr. Turney gave his St. Patrick's ball at the Armory to a crowded house. It was a masquerade ball and the costumes and dancers were all attractive in the extreme. Bert Greenman and Miss Ella Lutz led the grand march after which the dance proper commenced. Three judges were appointed to decide on the merits of the costumes. They were C. K. Ramsby, O. F. Williams and Frank McQuinn. These judges found it some what difficult to write on a decision as so many costumes were well gotten up and so many dancers performed their parts so well. After some deliberation they awarded

Among the recent arrivals in Oregon City are Messrs. G. W. Whitlock and C. E. Farnham, of the Phoenix Savings, of San Francisco. These gentlemen have established headquarters at the Electric hotel, and enter into this field for the purpose of making loans as well as to dispose of the corporation's stock to the investing public. It is the intention to extend the association's operations throughout Oregon, Washington and Idaho. The Phoenix today occupies a leading position among the financial institutions of the West, having a subscribed capital of over \$7,000,000 and an accumulated reserve fund of over \$100,000, which absolutely protects its share holders from losses of every kind whatsoever. It has upon its board of directors such men as Charles E. Ladd, Chas. R. Bishop, Geo. C. Boardman, A. A. Watkins and Hon. Clarence G. Range.

The ideal institution for the depository and accumulating of savings should possess particularly three features—first, absolute safety; second, a definite plan to suit the varying conditions of its shareholders. There has been and is now in the Pacific Northwest an urgent demand for an institution possessing these features, and the want seems about to be supplied by the Phoenix. Its plan is new, embracing as it does guarantees of safety and profit while extending options to its shareholders such as must commend themselves to every conservative man and woman. Their earnings have never been less than 9 per cent.

Danger of Cold and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by G. A. Harding.

For blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. George A. Harding.

It Stands Alone.

Doctor Pierce's Favorite Prescription stands alone, as the one and only remedy for leucorrhoea, female weakness, prolapus, or falling of the womb, so absolutely specific and sure in curing these common ailments of women, as to warrant its makers in offering to pay, as they hereby do, the sum of \$500 reward for a case of the above maladies which they can not cure. This is a remarkable offer. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee. No other medicine for woman's ill is possessed of the unparalleled curative properties that would warrant its makers in publishing such an offer; no other remedy has such a record of a third of a century of cures on which to base such a remarkable offer.

CANCER CAUSED DEATH.—H. A. CAUSON, a prominent resident of Canby, died at his home at Canby Monday and on Wednesday was buried from the Norwegian church at Canby. The cause of the deceased's death can be traced to cancer from which he has been suffering for a long time, though the character of his complaint had been for quite a while not understood. The deceased leaves a wife and seven children and many friends to lament his demise.

Oregon fir is greatly in demand for building purposes, all through the eastern and middle states. Last week a large boom of logs were floated down the river around the Molalla and sent to some where in Utah and again this week a crew of men have been busy escorting another raft of fine fir logs down stream to Portland from which place they will be sent to Salt Lake City and used for piling. It seems that our fir is stronger and firmer and less inclined to rot than that of almost any other state.

All the saw mills in Clackamas County are being rushed and the demand greatly exceeds their ability to supply the same. One building in this city, which is under construction, is now waiting for lumber caused from the fact that the mill which is furnishing the building materials has more orders on hand than can be supplied. Work on the M. E. church has been repeatedly interrupted by the same condition of affairs and many other structures, all over the city, are sustaining the similar draw backs to the completion of the work of erection.

Miss Ella Lutz first prize for the best dressed lady and Al Cannon first prize for best dressed gentleman. Lake May was given the prize for best comic man and Barton Barlow was awarded first prize for acting the part of a comic woman. The whole affair was one of the most pleasant ever given by Mr. and Mrs. Turney.

A delightful party was tendered Uncle Joe Stewart and wife Wednesday evening at the Odd Fellows hall. The pleasing affair was given by the Rebekah lodge and a large attendance of members and friends did the well known residents honor. "Uncle Joe" is about to leave Oregon City where he has lived for 30 years and will move to Seaside where it is his intention to make his abode. Judge Galloway and Mrs. Howell delivered stirring addresses and spoke eloquently of the life of these two old citizens. After the addresses by these two speakers, the company repaired to the banquet hall where a sumptuous luncheon was partaken of. These two old residents of this county have lived here so long and been so identified with the life of the city, that their friends are very reluctant about bidding them adieu. Many hopes and kind memories attend them on their departure to their new home by the sad sea waves and they are to know that at any time they decide to return to this little city, they will find many friends ready to welcome them back.

succeeding he may yet accomplish his purpose. His long association at the bar and his recognized ability as a conservative business man fit him amply for the place. He has ever been a true-blue Republican, and always to be found on the side of Republican principles. Always in the past when campaigning was to be done for his friends and for the party, he has been the first to go out and do battle for the cause; and it does seem as if in the face of all this sacrifice and effort, his services ought to be awarded. Mr. Dresser's friends in this city still express strong hopes of his yet securing the place, and they are going to do all possible to further his cause and aid him in getting what by rights he certainly is entitled to.

On the 9th of this month Thomas B. Jones of Highland, this county, passed away after an illness of about three weeks at the age of nearly seventy-six. The next day in spite of the terrible storm that was raging at the time, a large procession followed the remains to the Highland church where the religious services were held by Rev. Dunlap after which the Highland Grange, No. 261, of which Mr. Jones was a charter member, assisted by members of Central Grange, No. 276, of Beaver Creek, took charge of the funeral and buried him according to the beautiful and impressive funeral rites of the Grange. The pallbearers were E. Harrington and Steve Hutchinson, of Central Grange; A. J. Ringo, Finley Nicolas, W. G. Mayfield and E. A. Cummins, of Highland Grange; while
