WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

I Coughed

"I had a most stubborn cough for many years. It deprived me of sleep and I grew very thin. I then tried Ayer's Cherry Pectoral, and was quickly cured."

R. N. Mann, Fall Mills, Tenn.

Sixty years of cures and such testimony as the above have taught us what Ayer's Cherry Pectoral will do.

We know it's the greatest cough remedy ever made. And you will say so, too, after you try it. There's cure in every drop.

Three sizes: 25c, 50c, \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, don't take it. He knows. Leave it with him. We are willing. J. C. AYER CO., Lowell, Mass.

Walter Lemon had the misfortune to lose his barn, with grain and hay, by fire recently. He had but little grain sown. The fire was caused by a large dead tree catching on fire by fire set out to burn dead fern. He and two others tried to put the fire out on the tree but it got above their reach, and as the tree was a monster of the forest, 7 feet in diameter, and fire falling from above on the tree they could not fall it. They watched the barn till morning, when all came to the house for a few minutes, when on returning it was found to be on fire. One cow and calf perished; also one cow badly burned. The loss falls heavily on Walter, as he is just beginning farming by himself. Loss about \$300.

Marmot.

Joseph Bachman, a prominent and highly respected farmer of Stone, had quite a smash up in Portland, Monday of last week, which resulted in the loss of a valuable 12-year-old horse and a general smash up of his vehicle. It seems that he stepped leaving his horses standing outside a street car, the victim ran up against a telephone post, crushing its skull and breaking its neck killing it instantly. Its mate tore loose, upsetting vehicle, demolishing three wheels and the tongue. The damage and loss amounts to over \$100.

The new bell of Marmot is a credit to Clackamas County. The cost of it and transportation from Portland was \$35. It is a No. 28 bell and weighs 300 pounds. It was raised March 19. Quite a number of the patrons gathered at the school house and with the school children witnessed the hoisting of the bell. Fifty-four dollars and eighty-five cents were the proceeds of the entertainment which was given by the school last month for the purpose of raising money for a bell. The cost of the bell being deducted, \$19 85 remained to cover the cost of the material and construction of the bell, which was built by Mr. Culpson, a carpenter of Astoria, who appreciates school very much and was so kind as to build

the bell free of charge for the sake of the children, charging only \$5 to cover the cost of transportation of his tools to and from the school house. The bell is as neat and substantial as the bell itself. Mr. Culpson deservedly has the hearty thanks of the people of the community. The Messrs. Aschoff also deserve praise for the amount of assistance they rendered, in constructing the bell. The material, lumber, shingles, paint, rope, etc. cost about \$12.50 which added to \$5 equals \$17.50 and leaves the sum of \$2.50 which will be invested in books for the library. All of Marmot and adjoining districts are daily reminded by the peals of this melodious bell, that there is at least one progressive school in this section of Clackamas County. School closes April 10, after which the Monday following Miss Bachman will begin her third three months school at Sandy.

The Stomach is the Man.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Geo. A. Harding.

For Young Men and Young Women.

There is nothing that will arouse the ire of a young man or woman so quick as to have inferior laundry work put off on them. They may dress ever so well, but if their shirt front or shirt waist is unsew, their neat appearance is spoiled. The Troy Laundry makes a specialty of ladies' and gentlemen's fine work. There can be no better work than is done at the Troy. Leave your orders at Johnson's barber shop.

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town, (Monon, Ind.,) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by Geo. A. Harding.
