It was announced a few days ago that George H. Himes, of Portland, would deliver an address in this city on early Oregon City history; this address has been deferred on account of unavoidable circumstances having arisen which prevented Mr. Himes from comings. It has now been arranged by the ladies of the Mothers' club to have Mr. Himes speak in this city on the evening of Friday, April the 24th, in the Woodmen hall. Mr. Himes needs no introduction to the people of Oregon as he is known all over the state as well as the coast and having at an early day resided in this little city, his address is sure to give the public a treat. He is a speaker of ability and can interest the most indif-ferent auditor.

About twenty-five thousand acres of land in Clackamas county is held by P. H. Marlay, et al, under tax titles, which will soon ripen into good titles if not defeated. I hereby agree to defeat any of those titles for about one-half the sum demanded for a deed by said P. H. Marlay et al. Otheswise no enarges made

Jacob Crader, an old resident of New ent who enjoyed the pleasures of the oc | HARD TO GET ROADS THROUGH.

Difficult for Farmers to Follow the Legal Technicalities.

Farmers and others interested in the ening of county roads are slow to learn the intricacies of legal preparation, and thus a large proportion of their projects "fall down" when put to the test in the ounty courts. Nearly every farmer thinks he knows just how a petition should be worded and how it should be posted, and if there are certain points he is not sure of he asks the first county official he meets. He is then likely to forget something by the time he reaches home and so the road project he has worked so long and earnestly on comes to naught and he feels as though he has been mistreated. There is always some one to remonstrate against a new road, and these remonstrators take advantage of the mistakes of the petitioners. Several worthy projects have fallen through in Clackamas County recently because the legal technicalities had not all been

Danger of Cold and Grip.

The greatest danger, from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberiain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by G. A. Harding.

A Night In Ireland.

Following is the program for the en-tertainment, "A Night in Ireland," to be given this (Friday) evening. t'iano solo—Irish Melodies.

Selection SelectionFrancis Galloway. Quartet—Selected Mrs. Ganong, Mrs. Caufield, Mrs. Porter Mrs. Miller.

Selection Nordstrom children. Death of Robert M. Wickham.

Tuesday night at 12:30 there passed away at his home in this city, Robert M. Wickham, one of the best known and most highly respected citizens in Clack-amas County. Robert Wickham was born in Northern Iowa in the year 1839 and devoted his early boyhood princi-pally to agriculture on his father's farm when the war broke out, he joined the 13th Iowa Infantry and served through the entire war. He bore the reputation for great bravery and everybody who knew him at that time will testify to his fortitude on all occasions. For nearly fortitude on all occasions. For nearly two years he was immured in Anderson-ville prison and while here nearly O I & S Co to A Wise, tract Miller starved to death coming out a mere shadow of skin and bones. Gaining his freedom finally when many of the prisoners secured their release. This brave old yeteran positioned. This brave old veteran continued in the service of his country till the boys were dismissed at the end of the campaign in 65. After the war Mr. Wickham returned to the home of his youth and continued there to work on his father's farm till he was about thirty years old when he married Miss Sarah Moore and soon afterwards turned his steps westward to Oregon and came to Oregon City where he has resided for nearly 30 years. Mr. Wickham while in Oregon City has worked in the woolen mill and various other employments and has been active in his work up to the last ten years when his present maiady cancer of the stomach, unfitted him for work. For two years he has been a sufferer and up to the last moment his pain was very intense. He leaves to mourn his death, his wife, Mrs. Sarah M. Wiekham and two sons Alonzo Wickham and G. W. Wickham both of whom are well known in these parts. The funeral was held Thursday afternoon at the Presbyterian church and Rev. Beaven officiated.

What's In A Name?

Everything is in the name when it omes to Witch Hazel Salve. E. C. De-Witt & Co., of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protrud-ing Piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask or DeWitt's-the genuine. George A. Harding.

A Great Agency

We Have Secured Control for This City of the Fulton Compounds, the Only Things Known to Medicine That Cure Kidney Diseases in Both the Primary and Secondary Stages.

The kidneys are not sensitive and the disease is sometimes fastened and aiready chronic with the very first symptoms. If it has hungon eight to ten months it is surely chronic. In either case why take chances? Why not take at

en eight to ten months it is surely chronic. In either case why take chances? Why not take at first the only thing known that cures hidney disease in the chronic as well as the primar stages. The Pell case cited below, by permission, is especially valuable, for its incurability was doubly confirmed by consulting physicians, and after recovery under the Funca Compounds the recovery was also doubly attested.

On May 1st, 1882, the zon of R. C. Pell, the manager of the Facilite Coast Biscuit Company of Second and Folsom streets. San Francisco was doclared by the family physician to have chronic hidney disease and incurable. Another physician was called in and confirmed the diagnosis. The whole body was swellen with droper, and a fixtal termination looked for. The Fulica Compounds were then turned to as the only hope. Our September 15 the dropsy had disappeared and the boy was well, and after double examinations to physician declared the recovery complete and gave Mr. Pell a written report which he now has.

Judge G. A. Caboulis, the Police Judge of San Francisco, also attests the recovery under his own observation of a friend of his who sho recovered when the case (chronic Bright's Disease of the kidneys) was well known to be incurable according to all medical suthorities.

Up to the advent of the Fulton Compounds medicine knew nothing that would cure kidney troubles after they became chronic. About nine-tenths of all cases are now curable, even after they have developed into the droaded chronic forms of Bright's Disease and diabetes. No statements are published or invited except from chronic cases that, like the above, are incurable by all other known medicines. If your kidney trouble is recent Fulton's Renal Compound will cure it quickly. If it is of over eight to ten mouths standing it is the only thing known that will save your life. John J. Pulton Co., 59 Washington atreet, San Francisco, sole compounders. Fulton's Renal Compounders. Fulton's Renal Compounders.
