### Oregon City Enterprise

#### TOLD IN SIDEHEADS.

**NEW DEPOT.**—The O. W. P. & Ry. Co. are building a new freight depot at Capshaw, near the river. The depot is now to be constructed, and will be out here freight can be landed from the boats and then put on the cars and shipped to Oregon City and Portland.

**THE HAIL STORM.**—The hail storm Saturday at noon was the severest witnessed in Oregon City for a long time. The hail fell in torrents and beat with the most virulent velocity against window pane and roof. Many of the electric lights that are subjected to the elements and have no protection were instantly broken and some window panes were cracked and others broken out. The wind blew so hard that several men who were coming across the suspension bridge came very near being blown off and several did lose their hats. The storm was too brief to cause much damage to the fruit and in fact the blossoms have not as yet opened out enough to sustain much damage. A few days later and such a storm will ruin the crop for the coming season.

**DEED OF A DRUNKEN MAN.**—The day of the primaries somebody who was drunk gained admittance into the Park-place school house, where the balloting was being held and scratched up the walls and disfigured the wood work and blackboards considerably. This kind of behavior is not excusable and should be punished to the full extent of the law. There is some talk of letting the perpetrator of these disgraceful deeds go scot free, without making him pay for his mischief. It is certainly earnestly to be hoped that the authorities at Parkplace are not so insensible to propriety as this. The man ought to be severely fined for his conduct and the sooner an example is made of him the better for the public at large.

**CLOSING DANCE.**—The closing dance given by Miss Elma Albright last Thursday night was well attended and very much enjoyed by all present. Miss Albright has had a dancing class in this city during most of the winter and this affair was intended to be a farewell to her many pupils and friends. The dance was held in Willamette hall and the ball lacked nothing to make it beautiful and attractive. Miss Vels Williams played the piano and this together with the excellent orchestra under Mr. English, of Portland, made the whole evening most enjoyable. After several hours had been devoted to pleasant dances a light luncheon was served and heartily partaken of. Miss Albright is one of the best dancing teachers in the city and her dancing lessons are increasing in popularity all the time. Next year if she desires to resume her teaching she will have many applicants.

**CLOSE CALL.**—John W. Noble had a narrow escape last week while driving a team to a sweep at the Seaside saw-mill. The trouble all came about by the harness breaking and letting the end of the sweep swing back with terrible force against Mr. Noble's hands. After hitting his hands and mashing them painfully below the knuckles, the machine struck him in the abdomen with almost fatal results. The injured man was tendered immediate surgical aid and his wounds dressed. At first it was thought that some internal injury had surely been sustained but it is now considered that this is not so, as nothing indicates any serious internal injury. Friday of last week Mr. Noble was brought to this city with his hands done up in slings and is now resting as comfortably as could be expected with one in such condition.

**A GRAND BANQUET.**—Tuesday night the Woodmen hall was filled with firemen from all over the city intent on having a good time. It was a union of all the fire companies in the city and the first time the companies have come together since last 4th of July when the faces caused a little friction and unpleasantness between some of the men. Tuesday night there was no ill feeling between a single man. Everybody forgot his former enmity, if he had any, and let his better feeling rule. The room could not have held a larger number and it has been a long time since a better representation from each company has been had. Every thing good to eat and drink was to be had and everybody ate and drank as if his life depended on it. Many of the boys being called on to make remarks, responded with neat little speeches telling of how the company could be helped and in what way its interests could best be promoted. Several exempt firemen were present and they when called upon made responses in which they told how things "used to be" when they were members, of how the men "used to" attend the meetings and how they "used to" put out fires; these talks were all interesting and elicited the heartiest kind of applause from the jubilant guests. Every year the men try to have a gathering like this and they are considered to be productive of the best kind of results. Among the most honored guests who were present, perhaps, were the mayor and the city council, all of whom spoke words of cheer to the boys and told them to let their "good work continue." Music was furnished by some gentlemen from Portland and nothing was left undone to make the evening completely enjoyable.

If you don't get the ENTERPRISE you don't get the news.

**SUES FOR REST.**—Through his attorney, Grant B. Dumick, Geo. Brown, of Eagle Creek, has instituted suit in the justice court against Charles Zeek for rent, which Brown avers Zeek owes him as rent for his farm at Eagle creek. The sum which Brown claims is owing him from Zeek is \$30.

**FINE FISHING.**—A number of our leading citizens went fishing the first day the law allowed them—Wednesday—and had a delightful time. Among them were Attorney Hedges, W. E. Bissell, Harry Kellogg, Joe Aldridge and William Green. Some of the gentlemen went up along the shady banks of the Clackamas, and others cast their lines on the dark waters of the Abernethy. Each man came back with many fish, ranging from a foot to two and a half feet, and some weighing as high as thirteen pounds.

**HOUSE BURNED.**—Before word could be got on into town Saturday night the home of one Mr. Fiesch on the Abernethy was burned to the ground with all its furniture and household effects. The little cottage is about a mile out of town and too far away from the city to be reached by the city water. Some passer-by saw the flames and hurried into town and gave the alarm but only after all was beyond restoration. The firemen started down Main street and got as far as the Abernethy bridge when word was brought that all was lost so they returned with the cart. The occupants of the place were away at the time the fire started and no one can explain how the fire started.

**TOM'S TROUBLES.**—Tom, the Chinaman, is not without his troubles, for on Monday he was brought before the justice on the charge of letting his chickens out into other people's gardens. T. W. Sullivan, who has just planted his spring garden, has frequently found Tom's chickens running at large over his newly-seeded ground. This kind of freedom proved a little too much for Mr. Sullivan and so had Tom arraigned before Judge Stipp and there examined as to the facts. Poor Tom, on being interrogated, replied that his chickens did get out, but he promised that if they would let him go he would never let them out again. On this promise the judge and the complaining witness released the frightened fellow, and he is busying himself now fixing up his chicken yard and nailing on pickets, which the storm on Saturday tore down.

**TEXTILE WORKERS ORGANIZE.**—Organizer J. H. Howard, of the American Federation of Labor, accompanied by President G. H. Marley and Secretary M. J. Gleason, of the Textile Workers Union of this city, and about 15 members of the textile workers went to Sellwood Saturday night and organized a textile union among the employees of the Sellwood woolen mill. Thirty signed the charter list. Another meeting will be held next Saturday, and permanent organization will be effected as soon as the charter arrives. Organizer Howard considers the prospects bright for the new union, and says 30 members at the start is a good showing for such a small mill. Preliminary organization was made Saturday night in A. O. U. W. hall and the following officers were elected: Claude Jack, president; F. C. Graf, vice-president; Thos. M. Taylor, recording secretary; John J. Curran, treasurer; N. Knudsen, guardian; John Lindsay, conductor.

**WILL WORK FOR FAIR.**—Mrs. William Galloway, of this city, has been delegated by the committee on women's work of the Lewis and Clark Exposition to visit various portions of the state to organize women's clubs to assist the big fair. She will address the women of Oregon City next Wednesday afternoon at 2 o'clock in Willamette hall, and will endeavor to organize a club here, after which she will go to Woodburn, Salem, Albany, and other parts of the state. The committee on women's work has decided to ask the directors for an appropriation for the purpose of erecting a women's building at the fair. In this building it is proposed to collect all the exhibits pertaining to women's work, and to make this one of the best features in connection with the Exposition. A convention is to be held in Portland on May 20, at which all of the Lewis and Clark women's clubs organized in this state will be entitled to send delegates. At this convention the scope of the women's work on behalf of the fair will be discussed, and the question of arranging for a creditable display at the Exposition will be settled.

**LEAVES TO RESUME STUDY.**—Miss Mary Case, who has been studying vocal music in Portland for some time, and who has already made for herself a reputation highly enviable, left this city Monday for New York, where she is to resume her study. Sunday night at the Methodist church a special praise service was given and Miss Case appeared here for the last time and sang three selections. The auditorium was crowded with people from Portland and Oregon City, and the object of their coming was principally to hear Miss Case. Her work, as usual, equalled all expectations, and was highly enjoyable. Miss Case, the popular young singer of this city, sang a solo and then sang a duet with Miss Case. Mr. Blinn, while but a beginner, shows promising signs of fine work in the future, if he continues to practice as he has commenced. Mrs. Smith, of Portland, also sang and her rendition commanded universal admiration. Miss Case will go to New York City and will probably remain about two years. She hopes then to travel abroad and complete her musical training. She has lived in Oregon City ever since her earliest childhood, and has many friends here who will watch with pleasure and with no little pride her every success in musical attainments.

**SALE APRIL 17.**—On April 17th the ladies of the Baptist church will give a sale of needle work in their church parlors in this city. All who wish something very nice for a reasonable sum can here have their wish granted. In the evening the ladies will prepare a fine dinner, which will be served to the public, together with ice-cream and cake. Remember the date and attend and help a worthy cause along.

**NEW PORTMANTEAU.**—Wednesday morning Tom P. Randall took his place in the postoffice and will now have control of the reins. Mr. Randall has not appointed all his deputies as yet but will probably in the near future. Miss Nellie Boyd is at the rail window and in her appointment Mr. Randall assures the public of the best and kindest of treatment. Mr. Randall is thoroughly qualified to do the work of the office and his appointment is universally approved.

**Experience Convines.**  
Prove its value by investing 50 cents in trial size of Ely's Cream Balm. Druggists supply it and we mail it. Full size 50 cents.  
ELY BROS., 56 Warren St., New York. Clifton, Arizona, Jan. 20, 1899.  
MRS. ELY BROS.—Please send me a 50 cent bottle of Cream Balm. I find your remedy the quickest and most permanent cure for catarrh and cold in the head.  
DELL M. POTTER, Gen. Mgr. Ariz. Gold M. Co.  
MRS. ELY BROS.—I have been afflicted with catarrh for twenty years. It made me so weak I thought I had consumption. I got one bottle of Ely's Cream Balm and in three days the discharge stopped. It is the best medicine I have used for catarrh.  
Proberta, Cal. FRANK E. KIDSLER, JR.

**AN ENTERTAINMENT SOON.**—Secretary Beach, of the Y. M. C. A., has an entertainment in the near future to be given for the benefit of the Y. M. C. A. It will be under the direct supervision of Mrs. Gillette, of Portland, who is an excellent artist of rare accomplishments and will be highly entertaining. The affair will be held in the Baptist church as the church is larger. The date has not been arranged at this time but will be no later than two weeks. After this entertainment another is in store for the young people of the city the proceeds of which will go to the Y. M. C. A. and this one is to be by the noted impersonator, Lee Greenleaf, of Sacramento. This will not be held for several weeks as Mr. Greenleaf is now about a month behind in his appointments. He is a great artist and his entertainment will draw a large attendance.

**MEETING OF LABORERS.**—On the evening of April 6th there will be a meeting of the members of the Federal Labor Union of this city. The meeting is for the purpose of discussing the action which ought to be taken in relation to what ought to constitute a days work and what ought to be a days pay. The mills of this city have already announced that to make a days work eight hours is impracticable and to raise the wages of their men quite impossible. This action on the part of the great milling interests in this country will necessitate holding this meeting. The men who gather at this time will do so for the purpose of seeing what can be done toward effecting a more satisfactory adjustment of these troubles. After the meeting a report will be made to the companies and an attempt made to gain some concessions from the employers.

**MOTHERS AT WORK.**—The mothers all over the city and vicinity have organized themselves together and are doing good work. In Oregon City a Mother's Club has been organized, and at Park Place some of the mothers have organized a club and are doing effective work. This club held a very interesting meeting in the Park Place school house on last Friday. A good program was rendered by the school, consisting of songs, recitations and papers, in which all did well, reflecting great credit upon their instructors. The work of the eleventh grade pupils was especially interesting, each subject being treated with thoroughness and originality. The synopsis of Ivanhoe by Miss Selma Rollin, and that of Count Robert of Paris, by Mrs. Frank Knoll, were excellent papers, while the talk on Charles Dickens by Miss Victorine Wilson was an able sketch of that popular author. After the program by the school had been rendered, Mrs. K. A. Miller, the ever-popular Shakespearean reader, gave an excellent rendition of scenes from King John, in which she personated the part of Constance. Miss Margaret Williams followed with a paper on the "Relation of Parents to the Primary School," which was full of good, practical thoughts. A short discussion followed, after which the club adjourned, feeling that the afternoon had been well spent.

### Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## OUR NEW ARRIVALS

We have a better line of Men's Wearing Apparel this season than ever before and can meet the demands of all stylish dressers. Our new spring and summer line of the celebrated Hart, Schaffner & Marx Clothing, will tickle your palate when you take a glance at them.
