

SAFER AND BETTER

Never send money by mail. A bank draft is always safer; it is also better in other ways. We sell the drafts; they are good throughout the United States and Canada. Our charges are low.

THE BANK OF OREGON CITY OREGON CITY, OREGON.

Oregon City Enterprise TOLD IN SIDEHEADS.

STAY FOR WAGES.—The papers have been filed in the justice court by Mayor Cimick in behalf of James Somerville against one A. C. Karnath for wages which Somerville claims Karnath owes him. The wages are \$202.80, representing 102 3/4 days' work. The case has not yet been set for trial.

DELEGATES LEFT WEDNESDAY.—Wednesday morning bright and early, seventeen delegates for the congressional convention at Eugene were on the street ready to take their departure for Eugene. They were all in good humor and loyal to their candidate, on the same train in company with the delegates was T. W. Fouts who boarded the train for the purpose of going to Eugene to help nominate Hon. Geo. C. Brownell for Congress.

PETTY THEFTS.—Several of our merchants are complaining of losing little things from their stores, such as fruit and things sitting close to the street where the passing public can gain access to them. It may be well for the indulgent to know that a further indulgence in this kind of thing is sure to lead to detection as the police have been notified and many people are on the lookout.

TO LECTURE SOON.—The popular lecturer, George A. Himes, of Portland, who has delivered so many interesting and able addresses on Oregon history, has been engaged to address the people of Oregon City on the evening of Friday, April 24. The lecture is to be devoted to early Oregon City history and will prove of great interest to the public. For a long time efforts have been made to have this gentleman deliver his lecture here. He has been unable on account of other engagements, to come to Oregon City but will be here now on the evening of the 24th.

CLOSED THE ROAD.—Gar Howell who lives in the Swope addition along the Abernethy is experiencing considerable difficulty with one Thomas Swope over a road which leads out of Howell's place and which Swope declares he has a right to close up if he so desires. It seems that Howell has purchased a house and lot from Swope and in purchasing the house and lot did so with the belief that he had a right to the road. Mr. Swope holds a different view from this, and has closed up the road and says that the road is a private way intended for him only.

CANTATA SUNDAY.—Rev. Mr. Mixsell is very busy this week preparing the Easter cantata. He will have both the children as well as older folks to contribute to the singing and the whole affair will be attractive in the extreme. For unavoidable reasons the Easter music has been delayed for some time and because of this the entertainment can not be quite up to the best but it is safe to predict, remembering what success these musical entertainments have enjoyed in the past, that this service will be very pleasing. This service will be held in the morning and all who wish to hear the music must come early and avoid the rush.

SOL CLARK IN TROUBLE.—Poor Sol Clark and all because he drank too heavily, is in dire trouble. A few days ago Sol had been drinking a little too heavily and went out to fish. He caught several fine fish but was not able to hide his acts from the authorities and just as he was about to land with his catch Baliff Smith, of Parkplace, caught him and now he is up for fishing out of season. He caught his fish near the falls and they were fine fellows too. His case is a clear one and no defense can be made as the officers saw him land with them in his boat. The fishing season as everybody knows does not open up till the middle of April until which time it will not be safe for anybody to indulge in the sport.

ARMOR DAY.—Friday next both the Barclay and Eastham schools will observe armor day with fitting exercises. In all the rooms at the Barclay school there are to be literary exercises consisting of recitations and songs. These exercises are to extend to the primary department under Miss Cochran as well as to the advanced grades and all who enjoy hearing the pupils recite and take part in literary exercises are invited to attend. After the literary programme there is to be a tree planting exercise together with flower planting. A rather unique and pleasing feature about the planting will be, that each pupil in the school is to bring a plant of some kind and start it growing. By this means there will be a variety of flowers started and it is the intention of the pupils to keep the beds in good shape.

DEATH OF GOOD WOMAN.—On the 3rd of this month there passed away at the home of S. A. D. Gurley at Arlington, Mrs. Ann E. Gurley formerly a well known and highly respected resident of Canby. Mrs. Gurley came to Oregon in 1873 and all this time with the exception of the last two years has lived at Canby. For the past two years Mrs. Gurley has been living with her son, S. A. D. Gurley, at Arlington, where she went in quest of a better climate. The deceased has been a sufferer with consumption for a number of years and in this Eastern Oregon climate her friends hoped she would receive benefit. The remains were brought to Canby her old home and Sunday were laid to rest. The deceased leaves two sons, S. A. D. Gurley, of Arlington and George A. Gurley. The funeral was largely attended by people from far and near as the deceased enjoyed the respect of many friends.

NEW TELEPHONES AT GLADSTONE.—Nine telephones have been installed in Gladstone. All are on one circuit, and the people of that suburb do not have to ring central to talk to one another. The phones are connected with the local system and people living in Oregon City may talk with Gladstone, and vice versa.

INSPECTED THE ROAD.—Subscriptions aggregating \$3500 were filed with the county commissioners for the improvement of the Oregon City, Redland and Viola road. An equal amount will be subscribed by the county, and the commissioners, together with a committee of the citizens of Viola, Redland and Oregon City, inspected the road last Tuesday.

CLARK'S TRIAL.—Sol Clark, the Indian, who is accused of catching salmon out of season, gave himself up to the police last Friday, and his case was set for hearing Wednesday at 10 a. m. in the justice court. Clark caught sixteen steelhead one day last week, and the fish were found by Water, Bullitt Smith and Jones in an enclosure in the rear of a blacksmith shop.

THREE DEATHS MONDAY.—Collins Williams, a native of Clackamas county, died of consumption at his home at Witholt Monday, aged 38 years. He leaves a widow and one child. Remains were interred at Canby. Dr. Roberts, of Eagle Creek, died Monday at St. Vincent's hospital in Portland. His death was the result of an operation. His age was 68 years. He had been a practicing physician at Eagle Creek for several years. The funeral was held Monday under the auspices of Mead Post, G. A. R., with interment in Oregon City cemetery. J. W. Wallace, an old resident of Highland, died Monday on his farm near that place, aged 86 years. Interment was held at Highland cemetery.

WANT RECOGNITION.—The good people of Maple Lane are wide awake and intent on seeing to it that the people have the right to say what shall be their contribution to the Lewis and Clark Fair. A few nights past several leading men of Maple Lane assembled and passed the following resolutions: "Whereas, The Legislature at its last session made one appropriation of \$500,000 for the Lewis and Clark Fair; and whereas, The farmers and laborers have to pay the bulk of the taxes, therefore, be it Resolved, By Maple Lane Grange, No. 296, P. of H., that it is our wish to go on record as favoring a referendum vote on the same by the qualified electors of the State of Oregon. WILLIAM BRADY, Master. April 4, 1903.

SHE WASN'T DEAD.—Mrs. Sam Batdorf, who made such a strange disappearance from her home on the West side a few days ago, has at last returned home. Her conduct, as was considered by many who knew her case, was the result of temporary insanity brought about by worry and possibly ill health. She left Oregon City and went to Baker City, where she lived out as a domestic. The change of condition and new environment some way restored her to her natural self and, awakening to her condition, she wrote to her husband to come and bring her home. He did as directed and the unfortunate woman is now at her home on the West Side.

VIEWED VIOLA ROAD.—Judge Ryan, City Engineer Rands and Messrs. Cross and Huntley went out on the Viola road Tuesday to meet a delegation of Viola and Redland people in regard to the best way of repairing the road. The Viola road is one of the most important in Clackamas county, but it has not been allowed to run down and get out of repair. To place it in proper condition for heavy hauling the sum of \$7000 is to be expended this season. Of this sum, Oregon City citizens contribute \$1500; those of Viola and Redlands over \$1500 more, and the county is expected to put up the remainder. It is expected that the road will be graded in some places and planked in others, in time for next winter's hauling. The lumber mills near the road will furnish planking and stringers at the low rate of \$7 per 1000 feet, as the mills are among those vitally interested in the repairs. James Fullam and G. C. Armstrong, farmers interested, came in and escorted the city folks out along the road. The day was wet and cold, but these men thought it better to have the thoroughfare viewed while in its worst condition instead of waiting for the chuck holes and ruts to dry off.

JURORS FOR CIRCUIT COURT.—County Clerk F. A. Sleigh and Sheriff J. K. Shaver drew the jurors Thursday for the regular April term of the Circuit Court, which convenes the third Monday in April. The jurors, their occupations and their residence follow: George W. Jackson, farmer, Marquam; A. B. Moore, laborer, Oregon City; Wm. Skeen, farmer, Molalla; H. A. Githens, farmer, Eagle Creek; Charles Lakin, farmer, Milwaukie; L. Mautz, farmer, Maple Lane; E. H. Burghardt, miller, Damascus; H. Kruse, farmer, Tualatin; Kasper Kerr, blacksmith, Milwaukie; R. G. Pierce, florist, Oregon City; James Bell, farmer, G. Saden; David McArthur, farmer, New Era; M. H. Riebhoff, farmer, Abernethy; George M. Hybery, laborer, Milwaukie; John Heinz, farmer, Mecksburg; Jacob Yost, farmer, Barlow; John W. Kinser, farmer, Clackamas; James Dickey, farmer, Molalla; H. W. Shaw, farmer, Milk Creek; Adam L. Walling, farmer, Oswego; John W. Moffatt, architect, Oregon City; Frank Fish, farmer, Needy; Ed. Harrington, farmer, Highland; N. Blair, farmer, Killen; Jacob Miley, farmer, Union; Thomas J. Bonna, farmer, Damascus; Victor Etickson, farmer, Canby; Ole Mickleson, farmer, Cascades; John Gleason, laborer, Oregon City.

Take the Enterprise

JUST A FREIGHT HOUSE.—Contractors are figuring on the cost of building the new warehouse which the O. W. P. & R. Co. is to erect on South Main street. The ground plan is 68x124, and the structure will be of one story. Tracks are to run in from the street for the accommodation of freight cars, and the building is to be covered with corrugated iron, walls and roof. There was some talk of an opera house for the second story, but this project has fallen through.

THE FLORODORA CLUB.—A ball will be given at the Armory on the evening of the 29th by the new club called the Florodora. This is a new dancing society just organized, and composed of several popular young men in this city, and their plans are for a grand ball on the evening mentioned. The admission to the affair is strictly invitational, and an invitation to this is highly complimentary to the receiver. That leading orchestra, under Mr. Everest's leadership, is to furnish the music, and it will on this occasion give the public some of its very best productions. As the spring time is advancing, this will probably be the last ball of the season, and this means that all who enjoy dancing will be present.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and tends the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement. To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

COULDN'T WORK.—A band of forty-six Greeks, which has been employed by the Southern Pacific Company on the track this week, laid off Tuesday, on account of that day requiring religious observance. Just what this day means to these foreigners it was quite impossible to learn, as they were non-communicative on the subject. It was learned, however, that their 7th day of April is the same as our 25th day of March, and this observance was something on the order of the Catholics' "Denunciation Day." These Greek laborers come from Southern California, and are used by the company to keep the roadbed in proper condition. They work for low wages and do their work well. This gang of workmen are engaged in the work of widening the roadbed and digging out the cut back of the Congregational church.

TO INDUCE ADVANCE PAYMENTS.—The Oregon City water board has decided to make some inducements for consumers to pay their water rates in advance. A discount of 3 per cent. will be allowed to those paying six months' dues, and 5 per cent. will be deducted from yearly bills. The Oregon City water works are owned by the city, and the rates are about the same as those of Portland. The water is taken from the Willamette river and filtered through four feet of pure sand, which renders it clear as crystal. The board paid out the sum of \$1800 at the last meeting for the purpose of bettering the facilities on Madison and Jefferson streets. A new main has been laid, and one new hydrant set up at the corner of Madison and Eighth streets. Four more hydrants are to be placed in position between Eighth and Twelfth, right away.

A CLOSE CALL.—David Williams may compliment himself on being among the living today, and the reason for this is that Monday at noon he and his team almost went through the Barclay school bridge, a distance of almost one hundred feet. He was driving across the bridge with his heavy team and wagon, when all of a sudden the timbers began to crack and cave in. He whipped up his team, but they failed to respond instantly, and the big timbers of the structure kept sinking lower and lower, till it seemed as if the whole bridge must break down. He managed, however, to get his horses off of the sinking bridge just in time to avoid fatal results. This is the highest bridge in the city, and to fall through it would mean an awful death. The structure is now condemned and closed up. It is so badly sunken down that passengers cannot with safety travel over it, let alone wagons. The bridge has been built about seven years and is still in a good state of repair. The cause of this breakdown is that some of the upright piers, which form the main support of the bridge, have slipped out of place.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

OUR NEW ARRIVALS. We have a better line of Men's Wearing Apparel this season than ever before and can meet the demands of all stylish dressers. There's No Good Reason WHY you should not own one of those fine gold watches we are now displaying in our show windows. After many years of experience in the watch business we found out, that almost every person who is not wearing a watch, would purchase one at once, if they knew how reasonable a good watch can be bought and how easy it is to pay for one. Most of them say that they will not own a Waterbury or some other cheap time piece and that they are not able to invest in a good watch. We sell good reliable Watches in Nickel Cases from \$5.00 up. Fine Boss Filled Watches from \$12.00 up. Solid Silver Watches \$6.00 up and Solid Gold from \$22.00 up. It is very easy to buy one of our high-grade watches on the installment plan. A person hardly ever feels able to pay the full amount at on time, therefore we adopted this plan in selling these on weekly or monthly payments. If you have a few moments to spare we would like to have you come in ank look at our watches and we will explain our method of selling them on the installment plan. We do all kinds of Watch and Jewelry repairing. BURMEISTER & ANDRESEN THE OREGON CITY JEWELERS. OREGON CITY, OREGON
