# A HEALTH POLICY

The system is, from natural causes, debilitated or run-down both in the spring and fall. The seasons' changes are always a tax on the human organism. The blood becomes impure in the spring, and vitality lags in the fall. A little care, a little assistance, and nature will do the rest, as it is always trying to maintain health. Frequently the weakest organ will show the most disorder, and this

often leads to wrong treatment. For the debilitated conditions of spring or fall, or any other time, for that matter, the right thing to do is to build up the whole system. It is not your stomach, or liver, or nerves alone that cause the trouble; you are weak-ened all over and must have renewed strength and vitality. These you cannot get so quickly or surely or safely as by using

You cannot do this without getting well, and you cannot take Dr. Har-ter's Iron Tonic without doing it.
