McKITTRICK

"The Shoe Man"

Of Oregon City. Will Dispose of his Entire Stock of Boots and Shoes.

Sale will begin on Thursday Mar. 19th, at 10 o'clock a. m., and will continue until all goods are sold. We invite all our friends (and that means everybody) in Oregon City, throughout Clackamas County and in Portland; to attend this SALE. All our goods are new and up-to-date. We will not quote prices here-but if you need anything in the shoe line within the next six months, it will pay you to buy now. We take this opportunity of thanking our many friends for their liberal patronage during the last 14 years. We are very sorry to have to break the many ties of friendship that has existed between us for so long a time—but deem it wise to extend our business to broader fields. Anyone finding themselves indebted to us will please call promptly and settle their account. Any parties holding coupons had better use them once. Every boot and shoe in the house will be marked in blue-pencil figures—so you can see at a glance what the goods will cost you. A sample pair of every kind will be on an open table—so you can pick the shoe you want instantly. We will have a number of clerks on hand so that all can be waited on promptly. The earlier you come, the more choice you have.

Please remember the date--
Thursday March 19th, 1903

Yours to Command,

McKITTRICK, "The Shoe Man"

TO BE CONTESTED

Portland Man Alleges Fraudulent Timber Land Entries.

Files Junior Contests Against the Famous 'Hayes' Tillamook County Lands.

On Monday W. G. Howell, of Portland, filed contests against 82 of the famous Hayes' timber claims in Tillamook county. Chas. E. Hayes some time ago filed contests against about ninety of these claims but the department of the Interior has decided adversely in about fifty, leaving forty cases now pending at Washington. Junior contests were subsequently brought against many of these claims by G. O. Nolan and W. J. Law and the same have not been decided. Howell asks that the applications for these lands be declared forfeited and cancelled, that the pretended contests of Hayes et al be dismissed as fraudulent and void and that in the meantime no decree in favor of any of the contestants be allowed until he, Howell, has a hearing in the proceedings.

In contesting the title to these lands, Howell has prepared a printed form in which are set forth allegations of conspiracy and collusion between the parties who have figured in the contests up to the present time in an alleged effort to defraud the government of these valuable timber lands. The contestant alleges that in each of the 82 cases, the entry made was fraudulent, collusive and speculative and not in good faith, that the entryman never went upon said land prior to making his entry nor did he personally examine the land as required by law; that the said entryman, "before making application, conspired with one Claude Thayer, Maurice Leach, Clark Hadley, George Cohn et al to fraudulent obtain title to the land described and to divide the proceeds of the said land and that the application was made in pursuance of such conspiracy with said parties above named;" that the entryman knowingly and fraudulently subscribed to the required affidavit and in doing so committed a fraud against the government.

Continuing the contestant says: "Affiant further alleges that one C. E. Hayes and one G. O. Nolan and one W. J. Law have filed a pretended contest or contests against said timber land applications; that said contests of said Hayes, Nolan and Law, so filed are collusive and speculative and that the same were made in the interest of the said entryman and of the said Claude Thayer, Maurice Leach, Clark Hadley and George Cohn et al who are co-conspirators in trying to obtain title to the land above described and that said contests were made in the interest of the above named parties and for the purpose of delay and not in good faith.

"That all the pretended contests filed by the said Chas. E. Hayes, G. O. Nolan and W. J. Law were filed for the purpose of preventing the lawful entry of said lands by other parties, duly qualified, who were not parties to said fraudulent conspiracy.

"That said timber land application is illegal, fraudulent and void as are also said pretended contests of Chas. E. Hayes, G. O. Nolan and W. J. Law and this said contestant is ready to prove at such time and place as may be named by the Register and Receiver for a hearing in such case, and hereby respectfully requests that a hearing be ordered upon the allegations made herein, in order that the contestant may make proof of the truthfulness of said allegations and to the end that said timber land application No.—may be declared forfeited and cancelled, and that said pretended contests may be dismissed as fraudulent and void, that in the meantime no decree in favor of any of said contestants, under any pretended preference might arising out of any of said contests or otherwise, be allowed, the said contestant hereby agreeing to pay the costs of such a hearing."

The original applicants for the claims against which Howell today filed junior contests, are as follows: Horace E. Weston, Egbert D. Severance, Lydia E. Severance, Flora M. Means, Jas. Severance, Alice J. Harris, Alice Smith, Etta Severance, Frank Severance, Jas. R. Harris, Walter J. Smith, Frank B. Harrington, Sophia R. Severance, Lavina B. Coates, Thos. Coates, Millie A. GENERAL MEMORIAL ORDERS.

Mende Post No. 2, G. A. R., Invites All To Observe The Day.

The following orders have been issued by Meade Post, No. 2, G. A. R., of this city, with reference to the observance of Memorial Day:

1. As Memorial Day again draws near it is our duty as survivors of that gigantic struggle, which raged from 1861 to 1865, to assemble to pay our yearly tribute

of love, respect and veneration to our heroic dead. No sight so quickens the pulse of the veteran as to see those who have come after us wending their way to the Silent City of the Dead, laden with flowers to lay upon the last resting-place of our brave departed comrades who, in their young manhood, went at their country's call, giving up all they had most dear in this world to hand down to coming generations an undivided Union, and a flag, whose bright stripes and glittering stars, has remained and will remain unswayed. It is a custom no other nation upon the face of this earth has ever followed. All nations have honored their soldiery, welcomed home their victorious armies, and reared monuments to their memories; but it remained for the American Volunteer Soldier to inaugurate Memorial Day, the saddest, yet the sweetest, day of the year.

No standing army is needed to guard the interest of this country so long as we give the people the education which this day teaches. It is a day which the people themselves created. No congress, no legislature ordered or directed; it is founded upon the best and holiest sentiments of our nature.

2. Sunday, May 24, is Memorial Sabbath. Services will be held that day in the Baptist church, Rev. J. A. Beaven officiating.

3. Schools will be visited as follows: Milwaukie, Tuesday evening, May 26; Barclay and Eastham, Wednesday morning, May 27; Bolton, Wednesday afternoon, May 27th; Willamette Falls, Thursday, 10 a. m., May 28th; West Side, Thursday afternoon, May 28; St. Johns, Friday, 10 a. m., May 29; Park Place, Friday afternoon, May 29.

4. All places of business are respectfully requested to remain closed from 9 a. m. to 12 m.

5. A cordial invitation is extended to all old soldiers to fall into line and march with the G. A. R., whether in numbers of the order or not.

6. We also tender to all fraternal orders an invitation to meet with us and march in the column. By command, L. W. ISHAM, S. V. Commander Meade Post, No. 2, G. A. R.

MAY INJURE PRUNE CROP.

Continued Cold Rains and Backward Weather Will Do Damage.

County Clerk F. A. Sleight visited his farm near Canby Sunday and reports prospects very bright for a prolific prune crop. Mr. Sleight has a 17-acre prune orchard in the Canby neighborhood, where there are over 200 acres of this fruit. He brought with him a small branch from one of his Italian trees that is loaded with fruit. Prune growers are fearful of the consequences if the present backward, cold, rainy weather continues for any length of time, for it is damaging to the growing crop. Orchardists claim that this weather interrupts the flow of sap in the trees and arrests the development of the fruit, which never attains its proper growth. Extensive damage resulted to the prune crop two years ago in this section from this very same cause.

PICK-POCKETS WORK ON TRAIN.

Rob an Old Soldier of Valuable Papers—Under Arrest.

George Wilson and Tom O'Brien are under arrest in this city on complaint of J. F. Dynes, an old soldier, who accuses the men of rifling his pockets of a purse, which contained checks and other valuable papers, but no money. Dynes and the alleged pickpockets were passengers on the northbound California overland Tuesday morning.

Just after leaving the station here Wilson, O'Brien and a confederate, who has not been located, jumped from the train and caught a street car for Portland, where they were arrested.

They were arraigned in the justice court Wednesday morning and their preliminary examination has been set for next Wednesday. The defendants have employed W. T. Hume, of Portland, to appear for them. The third member of the gang is believed to have been the man who called on Mr. Hume in Portland and engaged the services of that gentleman in conducting their defense. There were three members in the gang and they all purchased tickets from San Francisco to Portland. Dynes, the complaining witness, is a resident of San Francisco, and travels in advance of the Presidential party and aids in making decorative preparations for the President's reception.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Geo. A. Harding.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles, and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at Geo. A. Clackamas County Denies Negligence in Smallpox Cases.

Has Never Failed To Properly Treat The Malady Whenever Notified Of Its Existence.

The attempt of the officers of the Multnomah county board of health to place the blame for the existence of some isolated cases of smallpox in this county entirely to the officers of Clackamas county is not right. Exception is taken by the Clackamas county physicians to the statements and representations of the Multnomah county health officers with reference to the smallpox cases in the vicinity of Sycamore.

"The only notification we have received of the existence of smallpox in Clackamas county," said Dr. J. W. Powell, who with his partner, Dr. J. W. Norris, are the county physicians and health officers for Clackamas county, "was about two weeks ago, when we received a letter from some person connected with the health department of Multnomah county calling our attention to the illness of young Richey with the disease. So poorly was the communication written that we were unable to decipher the full text of the letter or ascertain its author. The letter stated, however, that young Richey was being properly quarantined, and that all precautions were being exercised to prevent any spread of the malady. I wrote Dr. Geary, of the Multnomah county board of health, requesting a continuance of the treatment of the Richey case in Clackamas county, assuming that no expense for the services would be attached to this county. We heard nothing further from the Multnomah county authorities until last Thursday, when I had a telegraphic message stating that there were several cases of smallpox near Sycamore, and in Clackamas county, that required attention. I proceeded to the place at once, but found conditions other than represented. There have been not to exceed 20 cases of the disease in this county, and in every instance the afflicted had only mild attacks. I learned that the Rock Creek school, which is located in the midst of the smallpox district, had not suspended sessions for a day, and that no pupils, who had contracted the disease, were attending the school. Henry Froge, a director of the Rock Creek school, was the last patient, and when I visited his place yesterday I found him sheering sheep. He will notify us if any other cases develop, and all such will be promptly treated.

"Judge Ryan, who, under the law, is the other member of the county board of health, has not been notified of a single case of the disease, so far as I am informed. The section in which the disease has been confined is one of the most remote parts of the county. Being contiguous to Multnomah county, the bulk of the trade and business transactions of the community goes to places in that county, this city having no direct means of communication with the infested district. In the treatment of these isolated cases in this county it has been the policy of the county authorities to allow the attending physician to treat the disease if a proper quarantine is maintained and precautions taken to prevent all contagion. Any criticism of Clackamas county officials in this connection is uncalled for as unjust. When notified of any case of smallpox or other contagious disease, steps have always been taken immediately to treat the afflicted and prevent a spread of the malady. The people of the county have co-operated with the officials at all times and have used every precaution to exterminate the disease.

County Judge Ryan returned to this city Saturday, having been absent from the city for two days in company with Hon. Bingerman in the interior of the county. Judge Ryan is the health officer of the county and his attention was called to the charges of negligence that had been preferred by Multnomah county officials against Clackamas county officers in the treatment of cases of smallpox in this county. He said: "At no time have I ever been notified by any health officer of Portland, or by any member of the state board of health, that any case of contagious disease existed in Clackamas county. In fact, the only notification I have received of any contagious disease within the county came from Milwaukie, and was to the effect that there were a few cases in the vicinity of Milwaukie. I directed the county physician to attend these cases, and they were all successfully treated. Clackamas county has never been negligent in this matter, nor at no time has this county failed to treat and exterminate from its borders any contagious disease that was known to exist."

The attempt of the officers of the Multnomah county board of health to place the blame for the existence of some isolated cases of smallpox in this county entirely to the officers of Clackamas county is not right. Exception is taken by the Clackamas county physicians to the statements and representations of the Multnomah county health officers with reference to the smallpox cases in the vicinity of Sycamore.
