

Good Health

and pure blood are inseparable. If your blood is bad, your health must suffer. Poor blood allows the body to lose vitality just as a poor fire under the boiler allows the steam to run down. From poor blood to impure blood is but a step, and impure blood is mother to a large percentage of human ills. Dr. Harter's Iron Tonic is an antidote for both poor and impure blood, for it is both a builder and purifier—a food and a medicine. It is the best combination of the kind known to medical science, and its success for nearly half a century has led to its endorsement by thousands of medical men who have been unable to find a substitute.

Dr. Harter's Iron Tonic

will insure you against the many evils resulting from impure blood. Scrofula, pimples, blotches, kidney disorders, rheumatism, gout, dyspepsia, female weakness, anemia, chlorosis, etc., are a few of them, but the greatest evil, the greatest danger, is the general weakening of the whole system, which affords an opening for every passing disease.

The following is only one of the thousands of testimonials we have received:

Detroit, Mich., Jan. 18, 1901.
"I commenced using Dr. Harter's Iron Tonic when prostrate from a severe attack of rheumatism. After using three bottles all traces of this disease were completely eradicated from my system, and my general health was restored. As a blood purifier, Dr. Harter's Iron Tonic has no equal, and I most sincerely recommend it to all persons suffering from indigestion, fatigue, rheumatism, and the many weakened conditions of the system produced by impoverished blood."
Margaret F. Yeazell,
No. 640 Second Ave.

\$25,000 guarantee that above testimonial is genuine!

Every bottle of Dr. Harter's Iron Tonic has our "Crescent" trade-mark on the label. Don't accept a substitute—insist on Dr. Harter's.

WON ONE AND LOST ONE.

Oregon City Makes Good Beginning in Interstate League.

On Memorial Day Oregon City won from Schillers of Portland, in the first Interstate League game that has been played in this city. The score was 8 to 5 and the game was played at Canemah Park, where only a small crowd was in attendance. The home team, which has been greatly strengthened by the addition of Letto, of Portland, as pitcher, and Patterson, at short, played a faster game than did the visitors, whose battery consisted of Hains and Gaus. Hodges, of Portland, umpired the contest and gave some unsatisfactory decisions. Kreitz, the local catcher, is improving and played a good game. Patterson was the star performer on the home team and in his position is invincible. Letto outpitched Hains, who had miserable support. The second game of the series was played in Portland Sunday afternoon.

The score and hits by innings were:

Oregon City—	
Runs,	0 0 0 3 1 0 3 1 x—8
Hits,	0 0 0 3 3 1 0 3 —12
Schillers—	
Runs,	0 0 2 0 0 0 0 0 3—5
Hits,	0 1 0 0 1 0 0 1 3—6

The only features of the game were three double plays by the local nine. Sunday afternoon the home team went to Portland and lost to the Schillers by a score of 9 to 8 in a ten-inning game. The score by innings was:

Oregon City	0 2 3 0 0 3 0 0 0 0—8
Schillers	0 4 0 0 2 0 0 0 2 1—9

Notice to Water Consumers.

The use of water for lawn, garden and street sprinkling for the season of 1903 will be governed by the rules in force last season. Consumers are required to pay the extra charge for such use, during the first ten days in June. By order of THE BOARD OF WATER COMMISSIONERS, 41, June 19.

DROPSY

Do Your Ankles or Limbs Swell? Are Your Eyes Puffy? We are the Sole Agents for the Only Thing Known That Cures the Kidney Diseases That Cause Dropsy, viz.: Fulton Compounds.

It is now well known that dropsy is not in itself a disease, but is nearly always a symptom of kidney disease that accompanies the chronic stages heretofore incurable. Hence, dropy was incurable. It is now, however, cured in nearly nine tenths of all cases. Here is an interesting recovery, to which we refer by permission.
Mrs. Peter Gogheux, of 228 Fillmore street, San Francisco, became alarmingly dropsical. Her physician had finally to tap her every few days. She was tapped nearly forty times and grew worse from day to day. The physician finally told her husband that she had Bright's Disease of the Kidneys, that it was in an advanced chronic state and beyond medical aid. Her heart also gave her the usual trouble and she was in such a serious condition the relatives were sent for. They put her on Fulton's Compound. It acted on the stomach, the first thing that had done so for a week. The second week the dropsy declined a little and the improvement was then gradual till her recovery was complete. This case was examined and reported by representatives of the San Francisco Star and the Overland Monthly, and the genuineness of the case and the recovery was fully attested in their columns.
Mrs. Thomas Christol, of 226 Twenty-seventh street, San Francisco, was also swollen with dropsy, as the result of chronic kidney disease. She more than seventy-five years, beyond her normal weight, and had to be moved in sheets and was close to death's door, though she had four physicians. She was put on the Fulton Compound. Three weeks showed improvement and in six months she was well, and permits this reference.
If you have dropsy don't temporize. There is only one thing known that will cure the chronic kidney disease that has caused it and that is Fulton's Compound. The Real Compound for Bright's and Kidney Diseases, \$1. For list of dealers, \$1.50. John J. Fulton, Co., 29 Washington street, San Francisco, sole compounders. Send for pamphlet. We are the sole agents for this city.

CHARMAN & CO. DRUGGISTS

Ether Drinking in Russia.

The habit of ether drinking is known to be prevalent in some parts of Russia, also in east Prussia, and all the efforts of the authorities to combat the evil have hitherto been almost fruitless. An idea of the extent to which the habit prevails may be gathered from reports given in the Russian newspapers of a recent accident which occurred at a place called Trossau. Ether is drunk by farmers on festive occasions, when it appears to be consumed in palafus. A farmer, celebrating his son's wedding, in the fullness of his hospitality got in two palafus of ether. During the process of decanting the ether into bottles a violent explosion took place, by which six children were killed and one adult dangerously and fourteen others more or less severely injured.—British Medical Journal.

Found Them Hard to Raise.

A great gentleman who had a passion for shellfish inherited a fine estate and a large sum of money. He had been extravagant, and his friends were greatly rejoiced at his legacy. Mr. H. Barry in "Ivan at Home" tells us what use the money was devoted to. I went to town one day and soon learned that the prince was in his usual impeccable condition. "Where has your legacy gone?" I asked. "Why," he replied, "you know that I am very fond of lobsters, and, having a river on my estate, I thought I would try to acclimatize them there, but unfortunately I have spent all the legacy in the attempt without succeeding. I quite forgot the water is not salt."

Short Great Men.

Oliver Cromwell, Claverhouse and Mehemet Ali must be counted to take it out in brains, for they all lacked inches. Two of these great names naturally suggest that of another famous soldier and usurper, Napoleon Bonaparte. Le petit corporal, as his men lovingly called him, stood about five feet (French) in his stockings, say 5 feet 1 1/2 in English. In stature the Iron Duke beat him by about six inches, while the 5 feet 4 of Nelson place him midway or thereabouts between the victor and the victim of Waterloo.

His Last Hope Realized.

[From the Sentinel, Gebo, Mont.]
In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea, which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the case was repeated. The good effect of the medicine was soon noticed and his first sound sleep in a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The reason for bowel disorders being at hand suggests this item. For sale by G. A. Harding.

School Report.

The following is the report of Currieville school district, No. 7, Clarkamas county, Oregon, for month ending May 15, 1903:
The following named pupils were on the roll of honor: Addie Kitching, Luella Dowty, Harry Kitching, Geo. Kitching, Clema Herkenrider, Lena Herkenrider, Martin Barnertend, Echo Gethers, Ethel Hale, Mabel Linn, Elsie Currie, Mamie Heiple and Alva Linn.

3000 straw berry pickers at Hood River. Plenty of work. Good pickers can earn \$3.50 a day. Take Regulator Line Steamers from Alder Street wharf, Portland, daily, 7 a. m. Fare for round trip, \$2.00. Children, \$1.00.

Every mother possesses information of vital value to her young daughter. That daughter is a precious legacy, and the responsibility for her future is largely in the hands of the mother. The mysterious change that develops the thoughtless girl into the thoughtful woman should find the mother on the watch day and night. As she cares for the physical well-being of her daughter, so will the woman be, and her children also.
When a young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls, when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time the greatest aid to nature is Lydia E. Pinkham's Vegetable Compound. It prepares the young system for the coming change, and is the surest reliance in this hour of trial.

Case of a New York Girl of Interest to Every Mother and Daughter in the Land.

"DEAR MRS. PINKHAM:—I hope you will publish this letter, for I want all mothers to know how much good your medicine did my young daughter. Her health broke down about six months ago, and although she is large for her age, I did not understand what was wrong with her; the doctor did not, either, for he treated her for her heart, which pained her a good deal; but he did not do her any good, and we were afraid heart trouble would carry her off. Every day she kept getting whiter and thinner. She had no appetite, and she sat around without any ambition, and was always too tired to do anything. All night long she would moan in her sleep, as though in terrible pain.
"I felt terribly discouraged; I was spending money for doctor's bills right along, but she was receiving no help. At that time I was taking Lydia E. Pinkham's Vegetable Compound, and I read in one of your books about young girls. I decided to drop the doctor, and give her your medicine. I wish you could see the change in her, and the pink cheeks Lydia E. Pinkham's Vegetable Compound has given her. She had taken but half a bottle when menstruation started again and her heart trouble went away like magic. I had her continue the medicine, and now she is fat, rosy, and perfectly healthy. Menstruation is regular and painless, and I owe my thanks to you and to your wonderful medicine for her good health."
—MRS. MARGARET PHELAN, 673 Tenth Avenue, New York City.

SPECIAL ADVICE TO YOUNG WOMEN FREE.

From her vast experience in treating female ills, extending over 20 years, Mrs. Pinkham has gained a knowledge which is of untold value to every ailing young woman. Her advice never fails to help. If you need such help write her. Address Lynn, Mass.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equaled by any other medicine the world has ever produced.

It is well to remember these facts when some druggist tries to get you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as Lydia E. Pinkham's Vegetable Compound; so do not experiment with untried medicines, but insist upon the one you know is best.

\$5000 FORFEIT If an agent forthwith produces the original letter and signature of a woman's testimonial, which will prove its absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

HUMANITY OUTRAGED

The U. S. Dispensary says, conium PARALYZES the motor nerve; aconite reduces muscular strength; belladonna produces PARALYTIC symptoms; hyocyanus and stramonium are the same as belladonna; opium lessens the peristaltic motion of the bowels. "Do not exercise any curative influence." Some of these are contained in all of the ancient pile medicines.
Of E-RU-SA, the only non-Poisonous Pile cure, over 4000 druggists and doctors of the highest standing, say in substance:
Dr. L. Griffin in 20 years experience I have no knowledge of any medicine curing piles except your non-narcotic Pile cure. I KNOW IT CURES.
J. H. TROUT, M. D., and druggist, Los Angeles.
