WHO WILL WIN?

There Is A Deadlock In Build- ing of South End Road.

Although Money Has Been Made Available for Improvement, Coun- cil Committee Still Opposes.

There is a deadlock on in the building
of the South End road. At its meeting
Wednesday night the council by a vote
of four to three instructed a warrant to
be drawn for \$1000 on the city treasury,
that amount having heretofore been ap-
propriated by the council, and that the
same be made available at once for the
building of the proposed South End
road, together with about \$1500 that has
been raised for the road by private sub-
scription. The resolution also provided
that the money should be expended un-
der the direction of the council commit-
tee on streets and public property, this
committee to act in conjunction with a
citizens' committee, that was instrumen-
tal in raising the \$1500 private subscrip-
tion. Each committee consists of three
members and every member of the coun-
cil committee on streets and public prop-
erty is known to be positively opposed
to the building of the road under the
present plans. The members of the citi-
zens' committee are equally as deter-
mined that the work shall be commenced
on the road in the very near future. The
ultimate result of the pending contro-
versy is difficult of prediction, but the
attitude of the two committees to the
proposed improvement may result in the
adoption of the referendum plan as a
means of settlement.

The building of the South End road
has agitated the citizens and more par-
ticularly the members of the council for
a number of years. About three years
ago the advocates of the road secured
by securing an appropriation of \$1000
from the city bond with which to begin
the work. All attempts to make this money
available for expenditure were defeated
until the meeting of the council this
week, when the advocates of the road
took advantage of the absence from the
meeting of members who are reported to
be unfriendly to the measure, and passed
the resolution already referred to.

The members of the committee on
streets and public property will oppose
the expending of the money for the road
at this time. In objecting to the im-
provement they contend that the road
will cost greatly in excess of what the
value of the highway to the city will
justify. Advocates of the road claim
that it will not cost over \$3500 to com-
plete the thoroughfare, while those op-
posing the plan insist that several times
that sum will be needed before the road
can be completed. The council commit-
tee agrees to appropriate another \$1000
towards the road, making \$2000 in all
from the city. If the citizens interested
in the building thereof will give a bond
to complete the task for \$3500. Without
that assurance, the council committee
will resist all attempts to expend the
money for the reason that they consider
an improvement, the expense of which
is so uncertain as the building of roads.

Councilmen Wm. Sheehan, C. G. Hunt-
ley and Ed Story constitute the commit-
tee on streets and public property, while
the citizens' committee is composed of
Charles Albright, F. T. Griffith and E.
E. Charman. Both sides appear deter-
mined in the matter and some interest-
ing developments may attend the con-
troversy.

POPULAR NORTH BEACH.

Excursion Steamer T. J. Potter Goes Into Service 27.

Those who are planning their vacation
this year will be interested in knowing
that the popular excursion steamer, T.
J. Potter, queen of river boats, goes into
service June 27, and that she will leave
Portland, during the season, every day
from Tuesday until Saturday inclusive.
To see the beauties of the picturesque
and mighty Columbia from the decks of
the Potter is a treat never to be forgot-
ten. For speed and grace nothing in
river or lake service in the entire West
equals this side wheel beauty. Five
hours from Portland and one from Asto-
ria, through the famous fishing waters
of the Columbia, past scores of salmon
traps and nets and as many white-winged
fish boats, lands the passengers at Il-
waco, where close connection is made
for beach points with trains of the Il-
waco-Railway & Navigation Company,
whose cars stand on the wharf awaiting
the steamer. The beach is twenty-seven
miles long, two hundred yards wide at
low tide, and so hard that carriage
wheels scarcely leave a mark. It is an
ideal place for driving, riding, wheeling
or walking, and the surf bathing is un-
surpassable. The excellent hotels and
boarding houses provide good accommo-
dations at prices ranging from one dol-
lar to three dollars per day.

The round-trip rate from Portland to
Astoria is \$2.00; to Ocean Beach points,
\$4.00, good until October 15th. On Sat-
urdays, during July and August, round-
trip tickets are sold to beach points at
\$2.50, good for return, leaving the beach
the following Sunday evening.

The Oregon Railway & Navigation Co.
has just issued a new summer
book, free for the asking, which tells all
about the delightful resorts of the Valley
of the Columbia River. This can be ob-
tained from any agent of the Oregon
Railroad & Navigation Co., or write A.
L. Craig, General Passenger Agent, Port-
land, Oregon.

FOR WHAT IS THE SURVEY?

Operation of a Southern Pacific Sur- veying Crew Arouses Curiosity.

A Southern Pacific surveying party is
operating between Milwaukie and Glad-
stone Park. Diligent inquiry here fails
to disclose the purpose of the survey,
which is arousing considerable specula-
tion locally. It was learned from a
member of the party that a route is be-
ing established from Milwaukie, via
Gladstone Park and the Chautauqua
grounds to this city. Other than this,
nothing could be learned of the project.

It is understood that the same survey-
ing party will make the survey for the
bridging of the Willamette by the South-
ern Pacific Company at Oswego to en-
able the West Side trains to reach Port-
land over the East Side track. The
building of a bridge over the Willamette
at this point has been contemplated by
the Southern Pacific people for some time
and the presence of the surveying party
in that locality confirms the belief that
the company is about ready to proceed
with the work.
