CANADIAN MONEY TAKEN AT PAR

### Editor Enterprise:

I saw a your valuable paper not long since an article giving the views of County Treasurer Cahill in regard to the present law allowing a rebate of three per cent providing taxes are paid on or before March 15th of every year. Since this I have heard a great many expressing themselves as heartily in accord with his view of the matter, as this can be merely giving a man three per cent to pay his honest debts. The object of the law was to hurry up the payment of taxes so the county could have the use of the money early in the season when most needed. Your readers will please bear in mind that from March 15th to the first Monday in April is only about two weeks.

The penalty of ten per cent is added after the first Monday in April when the taxes will certainly be paid—at any rate no one able to pay his taxes would neglect them and allow the penalty to attach.

This then amounts to a proposition of this kind: the county pays three per cent for the use of money fifteen days. Or at the rate of 36 per cent per year.

During the collection of 1902 taxes, according to the sheriff's recent report, \$357.16 was allowed as rebate. This was given the well-to-do taxpayer as an inducement to pay his taxes 15 days earlier than he otherwise would. This may be a good thing for the wealthy taxpayers and corporations, but where is the poor fellow "to get off?"

You can't discern anything here for his benefit, can you?

This is a question every taxpayer in the county is interested and one that affects their pocket-books.

It remains to be seen what they'll do about it.

Another little item of very great interest to the people and particularly to the small farmer having a few sheep is the law allowing the county to pay a bounty for the scalps of wild animals.

This should be of interest to every sportsman too in Oregon. It is generally conceded that the coyotes and wildcats and panthers destroy a great number of young lawns every year. With the increase of wild animals what will become of our deer?

The sheepmen too of Eastern Oregon were certainly entitled to some consideration. They pay their taxes the same as other people. Sheep and wool is one of the great industries of Oregon, but when they asked that the bounty be retained, what consideration did they get? The Multnomah delegation were against

it—just the same as they were against everything but the fair bill. They want everything their own way and most generally have it. We have a joint senator and representative with Multnomah, but we'll be allowed the senator, when we agree to do as they want and not before.

Is it not time the people were doing a little to help themselves? Are they going to submit to this kind of thing continually?

Brother taxpayer wake up, and see where "you're at."

Can't we all do something toward remedying matters along the lines here indicated? It certainly seems worth trying.

### City Treasurer's Notice.

Notice is hereby given that there are sufficient funds on hand in the General Fund of Oregon City to pay all outstanding warrants endorsed prior to Mar. 7, 1901. Interest ceases with date of this notice.

F. J. MEYER,  
City Treasurer.

Extensive preparations are being made by the people of Canby for the celebration of the Fourth. The program of the day will include a barbecue, sports and grand ball. Judge Gordon E. Hayes, of this city, has accepted the invitation and will deliver the oration on this occasion.

G. W. Patterson, who has been connected with the Oregon City land office for some time as inspector, has been transferred to the office at Duluth, Minnesota. He is succeeded in the local office by A. J. Hobbs, who for four years was stationed at Roswell, New Mexico.

Johnson and Andrews, of this city, have begun the work of building a vault addition and remodeling the interior of the Clackamas county court house. Their contract figure was \$3400.

Sola Circle, No. 167, Women of Woodcraft, has changed its night of meeting from Tuesday until Saturday evening.

## Keep Tooting

We want your attention—that's why we keep tooting our horn. We have the things to back up the noise we are making, and we believe you'll be willing to say so yourself after you've examined the offerings.

## Iron Beds

Are recognized as the most healthful, most stylish, most modern, cleanest and altogether the most desirable. We are showing no less than 25 different styles and prices from neat and plain beds at \$3.00 to handsome and highly decorated ones at \$20.00. Come and look at them.

## Lawn Mower That Mows

There are imperfect lawn mowers and perfect ones. We have the perfect kind. A little determination, a little push and the mower almost goes itself. It is so simple it almost keeps itself in order. We would like to sell you one for about \$7.50—but of course there are cheaper ones, not quite so good.

## Summer Fashion

For porch or lawn. Lightly made, prices enable you to have something novel and attractive without much cost. They are as comfortable as they look. It will wear and look right.

## Hose Quality

There are good, bad, and indifferent grades of garden hose. Poor hose rots, cracks and bursts. In two seasons you need more. That's expensive. Good hose cost a third more, and if properly cared for, lasts four times as long. That's economical. We'll sell you the kind you want, but advise the best.

## Screen Doors

We have them, also window screens—very cheap this season.
