

# MALARIA AND YELLOW JACK

(From N. Y. Herald, January 14, 1902.)  
 The widow of Dr. Lazear, who, in the employ of the Government, went to Cuba, was inoculated with Yellow Fever through mosquito bites, and died, applied to Congress for relief to-day.

The above tells of the sad culmination of a series of experiments by the Government, all of which proved conclusively that the familiar mosquito is a dangerous vehicle for carrying Malaria, "Yellow Jack," and other malarial fevers.

Those who are exposed to mosquito or other malarial influences should take warning. Iron is the fighting element in the blood and provides nature with sufficient resistance to ward off disease. But if the blood is impure or impoverished, or if there is weakness, it means that the fighting qualities of the blood have been lowered, and consequently there is danger. If you would escape, keep the blood pure and properly nourished with

### His Last Hope Realized.

(From the Sentinel, Gebo, Mont.)  
 In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep in a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by G. A. Harding.

## WHY WE ARE AGENTS

Here Are Some of the Convincing Facts That Caused us to Take the Agency for the Fulton Compounds, the First Things Known that Cure Chronic Kidney Diseases.

First, let it be distinctly understood that every one of the cases below had been diagnosed by one or more physicians as chronic and incurable; second, note the certainty of the results as shown by the recovery also of the friends they told who were similarly afflicted with supposed incurable kidney diseases.

N. W. Spaulding, President Spaulding Sew Co., San Francisco, had a recovery in his own family and told several others who recovered.

Adolph Weske, capitalist, San Francisco, recovered himself and told two friends who recovered.

Dr. Carl D. Ziele, pioneer druggist, 202 Pacific street, San Francisco, recovered himself and gave it to more than a dozen patients who recovered.

Charles Engelke, editor of the German paper, San Francisco, recovered himself and told it to a number who recovered, one of them being Charles F. Wacker, the Sixth street merchant.

H. M. Wood, editor Wise and Spirit Review, recovered himself and told it to several who recovered, among them being an old-school physician.

Edward Short of the San Francisco Call recovered, also three of his friends, viz: William Martin, Captain Hubbard of the Honolulu route and William Hawkins of the U. S. Quartermaster's Department of San Francisco.

John A. Phelps of the Hotel Repplier, San Francisco, and two of his friends, etc. etc.

The kidneys are the sewers that strain the poisons out of the system. We can stand the derangement for a short while, but when the interference becomes chronic (permanent), as first explained by Bright, it is only a question of how long before death will ensue. It is then called Bright's Disease and incurable. All kidney troubles develop into this form about the 5th to 10th month. The above cases were incurable by all other known means. People having kidney diseases should begin at once with the only known thing that will cure it if it has reached the serious stage.
