Keep Tooting

We want your attention-that's why we keep tooting our horn. We have the things to back up the noise we are making, and we believe you'll be willing to say so yourself after you've examined the offerings.

Iron Beds

Are recognized as the most healthful, most stylish, most modern, cleanest and altogether the most desirable. We are showing no less than 25 different styles and prices from neat and plain beds at \$3.00.to handsome and highly decorated ones at \$20.00. Come and look at them.

Summer Fashion

For porch or lawn. Lightly made, prices enable you to have something novel and attractive without much cost. They are as comfortable as they look. It will wear and look right.

Lawn Mower That Mows

There are imperfect lawn mowers and perfect ones. We have the perfect kind. A little determination, a little push and the mower almost goes itself. It is so simple it almost keeps itself in order. We would like to sell you one for about \$7.50- but of course there are cheaper ones, not quite so good.

Hose Quality

There are good, bad, and indifferent grades of garden hose. Poor hose rots, cracks and bursts. In two seasons you need more. That's expensive. Good hose cost a third more, and if properly cared for, lasts rour times as

long. That's economical. We'll sell you the kind you want, but advise the best.
