THE OLD WELL.

A Story of Moss, Microbes and Medicine.

It is the office of the poet to idealize He paints pretty and pathetic word pictures which touch the heart and dim the eyes. But he does this regardless of physiology or pathology. When he sings a song of the old well on the farm and of the moss grown bucket in which the water was drawn, he hasn't a thought of the bacteria which find a fertile breeding ground in many an old well. He pictures the hot, thirsty day, and the bucket beaded with trickling drops which shine like pearls against the

But he doesn't paint the picture of the man whose tongue is parched with fever, who tumbles and tosses in his hot room and narrow bed while the nacilli of the bucket and the well are striving for his life. That wouldn't be a poetic theme, and he has nothing to

do with a theme that is not poetic.

As a matter of fact the old well and ta familiar bucket have been the means of diseasing whole neighborhoods. The microbe is everywhere, and the easiest rehicle for its introduction into the body is perhaps the water we drink, can't keep the microbe out. W We can prevent its harmfulness.

THE DANGER OF DISEASE

does not lie in the strength of the microbe but in the weakness of the When the blood is impure the microbe has a vantage ground from which to operate. When the blood is pure disease fails to find a breeding ground, and the microbe strives in vain against the man. Nobody can be healthy when the blood is impure. Taint the blood and every organ fed and nourished by blood must share the taint. Keep the blood pure and plentiful and the body is made strong to resist the assaults of disease.

"I honestly believe that I would have been in my grave to-day had it not been for your medicine, and the mercy of the good Lord," writes Mrs. James R. Moss, of New London, Stanly Co., N. C. "In the fall of 1892 I took a hard cold, which seemed to satisfie my hard took with seemed to settle in my head, terminating in catarrh of the head. It bothered me all the time, but I did not think it was serious until the spring of 1893, when my health became so much impaired. My blood was all out of order, and I had to go to the doctor. He gave me medicine which helped me for a short time. In the winter of 1895 I got worse than I had ever been. My tonails were enlarged and my neck swollen all out of shape; my throat was sore and I could not cure it. My husband went for the doctor, but he gave me no encourage-ment. He helped me a little, but it did iot last long, and so he attended me for

twelve months, when I heard of a lody that was taking your medicine and was getting well. So I secured some of the medicine and began taking it. In one week I was able to do my cooking.
When I began taking the medicine I could all my cooking the medicine I When I began taking the medicine I could sit up only a tew minutes at a time, and I could rest or sleep only a little while at a time. My throat was sore, at times I could not even swallow sweet milk, and my tonsils were full of little eating sores. My left side was swellen out of shape and so sore I could not been my clother fastened as I could not been my clother fastened as I could not bear my clothes fastened, as I could hardly get my breath. My vituals would hardly get my breath. My vitnals would sour on my stomach before I could leave the table. My folks and friends had about given me up. The doctor said I would not get well.
