Many a hard working young woman spends her noon hour in an endeavor to get a little rest to carry her through the remaining hours of the day. She is weak and weary, but she cannot give up the occupation which supports her. She must go back to the office and the type-writer, to the store and its duties, with tiresome customers to wait on and exacting employers to please.

For people who are weak and run down there is no medicine so valuable as Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. Many diseases in organs remote from the stomach have their origin in a diseased condition of the stomach and its allied organs. When the stomach is "weak" there is a failure to properly digest and assimilate the food which is eaten. Hence the whole body, and each organ of it, suffers from lack of nutrition, so that as a consequence of "weak" stom-ach, there may be "weak" lungs, "weak" heart, "weak" or torpid liver, "weak" my play." "What was the matter with your play?" "Why, the hero had a surgical opera-tion performed, and De Starr said if it tion performed, and De Starr said if it tion performed. and the surgical opera-tion performed. The requirements of a heritic burget of the requirements the surgical opera-tion performed. The requirements the surgical opera-tion performed as the surgical opera-tion performed. Sick and alling people especially those suffering from disease in its chronic form are invited to consult Dr. Pierce by letter free. All correspondence is held as PLENTY OF MONEY TO LOAN AT lowest rates. C. H. Dye. 4 Address Dr. R. V. Pierce, Buffalo, N. V. There is no similar offer of free med-ical advice which has behind it an in-stitute of national note such as the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., presided over by Dr. Pierce, its chief consulting physician, with the assistance of nearly a score of skilled specialists.

The Cherokees and Polythelam. The Cherokee Indian was' originally Cure. a polytheist. To him the spirit world was only a shadowy counterpart of this one. He had no great spirit, no happy hunting ground, no heaven, no hell-all of which ideas were first in-SEAL. troduced to the American aborigines by Christian missionaries. Conceptiontly death had for him no teriors, and he awaited the inevitable end with no anxiety as to the future. All his pray-

ers were for temporal and tangible for testimonials, free. plessings-for health, for long life, for success in the chase. In fishing, intwir and in love, for good crops, for protec tion and for revenge.

Breams Explained.

"Dreams," says an eminent lecturer on theosophy, "consist of recollections of the combined impressions received and workings of the physical and astral minds. The soul and subconsciousness are independently active, and it is the confusion arising from the confounding of the thoughts of the soul with the exaggerated interpretation of impressions received by subconsciousness which makes it so often impossible to remember dreams."
