

CORRESPONDENCE

Correspondents are requested to re-new their work. We will supply all necessary stationery. The news from your neighborhood should appear in these columns every week.

Garfield.

Everybody is busy hay-making, the last few days being fine weather for the same.

Mrs. Sarah Palmateer was called to Portland by the serious illness of her aged mother, Mrs. Matilda Tuttle. She took the noon train from Boring Sunday. As Mother Tuttle is 84 years old, there is little hope of her recovery.

The new Grange hall is in course of construction under the hand of our able carpenter, Mr. H. G. Palmateer. It will be a building for any one to be proud of when complete.

William Oatfield's new barn adds much to the beauty of his fine farm, and as William has quite an army of young farmers coming on it will be very useful.

Mrs. Elizabeth Pinkley has gone on a visit to her daughter, Mrs. Dora Woodard, and to see her daughter, Effie Pinkley, who is in the hospital at Portland. We are glad to report Miss Effie improving nicely.

Two of our venerable Indian War veterans have received their pensions, which they so richly deserve. What would our Oregon have been to us had not those (now old men) then young men taken their guns and gone to the front and quelled the Red men? Ah, more than one Whitman massacre was thus averted. Brave boys, you deserve it and more.

Mr. Yocum and sons have the contract for part of the timbers for the big railroad bridge crossing the Eagle Creek.

William Stuby raised a large barn a few days ago. The boys say the wine was fine.

The Sunday school superintended by Mrs. Irwin will hold a picnic on the first day of August near Corvallis.

Mr. J. J. Davis' new residence looks fine.

Mrs. Doc. Palmateer has returned home from a three weeks' visit to her brother and nephews at Anacortes, Washington. She reports having had a very pleasant time seeing the beautiful scenery of the Sound, but votes our Mt. Hood the handsomest snow-capped mountain yet; also our own town by far the nicest, although they have some nice towns and mountains, but they won't come up to ours in comparing.

Garfield Grange, No. 317, meets next Saturday at the Irving school house, presumably the last meeting to be held in the school house as their hall will be so they can occupy it by the time for the next regular meeting.

Rev. G. P. Rich, of Kelso, held service at the Irving school house the 12th inst., and baptized Mrs. Baman, a member of the M. E. church, as she desired baptism by immersion.

Mrs. Bettie Hudson, of Portland, is visiting relatives and friends of her childhood in Garfield. She is sister to Mrs. Ella Tracy.

Mr. and Mrs. Walter Snuffin are out caring for their hay crop and preparing for grain harvest.

Grain in Garfield never looked better this time of year and promise of an abundant harvest of grain is good.

Garden stuff of all kinds is fine—potatoes five inches long and lots in a hill is the rule.

Stock have all they can eat on the commons and are fat.

Cady.

Canby looked deserted last Sunday. Most all the people went to the Spiritualist camp meeting at New Era.

Chester Hodges, a former resident of this place but now living at Los Angeles, Cal., was hunting up old friends and acquaintances here this week.

Dr. Dedman has been quite sick with a boil on his right hand. Dr. Giesy, of Aurora, was down and lanced it.

Miss Corrella Stevens has returned to her home in Sellwood, after a three weeks' outing at Riverside with her friends and relatives.

Calvin Koehler left here last week for Eastern Oregon where he intends to stay the remainder of the summer.

George Dedman, of Alaska, has been visiting his brother, the doctor.

Work has been commenced on the W. L. Co's addition to the prune evaporator. The outlook at present is very good for a heavy crop of prunes.

Mr. and Mrs. F. Rosenkrans are camping on the Chautauqua grounds at Gladstone.

There is a new baby girl at the home of Mr. Barmore in the Mandorff district.

Damascus.

Mrs. F. McMurry, of Stone, was visiting her mother Mrs. Fredolph one day last week.

Henry Hulmester and wife were visiting friends in Eagle Creek Sunday.

Miss Ida Wolphegan and Henry Smathers were guests of Miss Ruby Cooke Friday evening.

Mr. and Mrs. Joseph Forbes, of Montavilla and Mr. and Mrs. Jas. Wilson were guests of Mr. Forbes Sunday.

Mr. and Mrs. Geo. Derry was visiting her mother and father Mr. and Mrs. Starkweather, of Concord, Sunday.

Grand harvest picnic in Morton's park will be given by Damascus Camp No. 7533 Modern Woodmen of America, Saturday, August 5th, 1903. Program will begin at half past ten with an address by Hon. G. B. Dimick, of Oregon City and State Deputy of M. W. of A. Van Voorhees, of Portland. Vocal and instrumental music in attendance, dancing on platform in afternoon and evening, horse races, foot races and other amusements. Come one, come all. Committee, A. W. Cooke, J. R. Morton and John Bates.

Hair Falls

"I tried Ayer's Hair Vigor to stop my hair from falling. One-half a bottle cured me."

J. C. Baxter, Braidwood, Ill.

Ayer's Hair Vigor is certainly the most economical preparation of its kind on the market. A little of it goes a long way. It doesn't take much of it to stop falling of the hair, make the hair grow, and restore color to gray hair.

12.00 a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER CO., Lowell, Mass.

Stafford.

Hay harvest is in full blast. Almost every one is short of hands, but if the weather continues fine with the willing help of the women and children the hay will be secured. Some are trying to get hands and bale their hay right from the field but "one who knows" (and we think he does) says it will moulder in the middle of the bale, that it has to ripen in the bay or stack to keep good or to be palatable or healthful for animals.

Mrs. Powell, our new post-mistress, expects her sister this week to help her straighten up. She will be with her a number of weeks.

Mr. Mores brought a young boy from Portland to help Mr. Gage in the hay.

Miss Melinda Sharp, who has been at Mr. Priesters, east of Oregon City, very ill for the past two months, was brought home Sunday on a bed. She stood the journey better than her friends feared she could.

Mr. Truby lost his house, out-houses, and a new wind-mill which had but just cost him over \$200, by fire, on Monday. The fire is supposed to have been caused by a defective flue.

Mrs. John De Neni and husband are rejoicing over the advent of a baby boy, as their other two children are girls.

Miss Christina Schatz, who is staying home this season after a number of years sojourn in the city, went down for a few days to take in the Carnival.

Mrs. C. Walters, of Glencoe, is staying a couple of weeks with her mother, Mrs. Weisenborn, who has been quite sick again but is now better.

The Foundation of Health.

Nourishment is the foundation of health—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate, and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, dyspepsia, and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by Geo. A. Harding.

How the Springboks Travel.

The springboks of South Africa migrate in vast herds, moving in a compact body and carrying everything before them. If a flock of sheep be in the line of march, as sometimes happens, it is surrounded, enveloped and becomes, willingly or unwillingly, part of the springbok army. An African hunter tells the strange story of seeing a lion in the midst of the antelopes, forced to join the march. It is supposed that the lion had sprung too far for his prey, that those upon whom he alighted revolved sufficiently to allow him to reach the ground, and then the pressure from both flanks and the rear prevented him from escaping from his strange captivity.

If the springbok travels in such armies, how can those in the middle and in the rear find food? In this wise: Those in the front ranks, after they have eaten greedily of the pasture, gradually fall out of the ranks to rest and chew the cud, while the hungry ones in the rear come up, and so the columns are all the while changing.

Cedardale.

Hay making is fast coming to a close in this vicinity.

Some of the early wheat will do to cut this week what is good.

Percy Williams was visiting C. R. James Sunday.

D. A. James went to Portland Monday to buy a bill of dry goods.

H. H. Hargreaves is fixing the road between here and Meadowbrook as it is almost impassable.

Mrs. Jim Hall and Mrs. John Gerber organized a Sunday School and Bible class at the new Cedardale school house Sunday.

A letter from J. H. James states that he will start for Oregon the first of August. He has a farm and other interests here. He left here last fall and went back to sell his farm in Nebraska. He intends making this his home.

CONTINUE

Those who are gaining flesh and strength by regular treatment with

Scott's Emulsion

should continue the treatment in hot weather; smaller dose and a little cool milk with it will do away with any objection which is attached to fatty products during the heated season.

Sent for free sample. SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York.

50c and \$1.00; all druggists.

Molalla.

Hay harvest is now on in earnest. Molalla farmers, of late years, do not attempt hay-making until July sunshine, if it does come late in the month.

The prospect for oats and potatoes is very flattering; the conditions for an immense crop are not only favorable but exactly "made to order."

Dr. Perant, who recently purchased the Jeff and Wait Herman farms, of 100 acres each, was out looking over his domain recently. The doctor will take possession this fall.

Mrs. Noah, who was seriously hurt in the fall of the North Molalla bridge, a week ago, is slowly recovering.

Willard Robbins and family go for their summer's outing today at the foot of Table Rock for a two weeks' fishing and hunting.

Ed Jackson, while slashing in the timber on the Jackson ranch last Friday, was seriously hurt in the mouth by a falling limb; two doctors were called and have the sufferer resting as well as could be expected.

Sheriff Shaver and wife were out Saturday putting in their appearance with the Artisan Assembly No. 82, where ice cream and cake were served at the conclusion of the installation of officers.

L. W. Robbins, an enterprising merchant, had in the highest bid for the Molalla wool pool and Grange No. 310 is pleased with its first effort in co-operative selling.

The Clackamas Co. District Pomona Grange meets with Molalla No. 310, the second Wednesday in October.

AT HALF MAST.

Sometimes we are greeted in the morning by flags at half-mast for some prominent official who yesterday was apparently in perfect health. When we inquire the ailment by which he was stricken it is not uncommon to be told "acute indigestion" or "stomach trouble."

It is time people learned that indigestion or any form of "stomach trouble" is not a thing to trifle with. The result may not be fatal, but there can be no condition of diseased stomach which does not carry with it physical weakness. Dr. Pierce's Golden Medical Discovery cures indigestion and other forms of disease affecting the stomach and its allied organs of digestion and nutrition. It enables the perfect digestion and assimilation of food.

"Thanks to Dr. Pierce's Golden Medical Discovery," writes Mr. Charles H. German, of Leighton, Ill. "It is the only medicine that has done me any good. I tried everything I could think of to cure indigestion, and found I was only throwing away money. Then I heard of Doctor Pierce's Golden Medical Discovery and tried a bottle of it, and my boy found it was doing me good. I used six bottles of it and am now cured. It is the best medicine on earth."

This grand remedy does its work in a thorough manner; it gives the health that is all health; the strength that is solid, substantial and lasting; not flabby fat, not false stimulus, but genuine, complete, renewed vitality and life force.

Accept no substitute for "Golden Medical Discovery." There is nothing just as good for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets cure constipation and its consequences.

Teachers' Examinations.

Notice is hereby given that the county superintendent of Clackamas county will hold the regular examination of applicants for state and county papers at Oregon City, as follows:

FOR STATE PAPERS.

Commencing Wednesday, August 12, at nine o'clock A. M., and continuing until Saturday, August 15, at four o'clock.

Wednesday—Penmanship, history, spelling, algebra, reading, school law.

Thursday—written arithmetic, theory of teaching, grammar, book-keeping, physics, civil government.

Friday—Physiology, geography, mental arithmetic, composition, physical geography.

Saturday—Botany, plane geometry, general history, English literature, psychology.

FOR COUNTY PAPERS.

Commencing Wednesday, August 12, at nine o'clock A. M., and continuing until Friday, August 14, at four o'clock P. M.

FIRST, SECOND AND THIRD GRADE.

Wednesday—Penmanship, history, orthography, reading.

Thursday—written arithmetic, theory of teaching, grammar, physiology.

Friday—Geography, mental arithmetic, school law, civil government.

PRIMARY CERTIFICATES.

Wednesday—Penmanship, orthography, reading, arithmetic.

Thursday—Art of questioning, theory of teaching, methods, physiology.

J. C. ZINSE, Superintendent.

Catarrh of the Stomach.

When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus. Instead of the natural juices of digestion. This is called catarrh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure—J. R. Khea, Coppell, Tex. Sold by G. A. Harding.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by G. A. Harding.

Try Tillman's roasted coffee. Its delicious. At Harris grocery.

A Few Hot Weather Suggestions

WE PUT UP AND SELL what we believe to be the BEST HEADACHE CURE in the world. That is a broad statement but we really believe it is true. We are so positive that we guarantee a cure, or your money back without a murmur. The name of our headache remedy is H. & J's HEADACHE TABLETS. The price is Twenty-five cents a box. If you buy them and they don't effect a cure after taking four we want you to come back and get your twenty-five cents. We don't say this because we think you'll want our money back but because we know you won't.

IF YOU ARE TIRED After the ride get a glass of Soda Water. It's just the thing to brace you up. It's made of pure carbonated water flavored with rich fruit juice flavors. Cleanliness is one of the good points about our soda and fountain. You can expect to get pure soda where everything is untidy.

IF THE HOT WEATHER HAS BROUGHT ON MOSQUITOS, Flies, etc., you can eradicate them with ROACHINE the only goods that

will call insects from their nests and immediately kill them. It kills Roaches, Bed Bugs, Potato Bugs, Flies, Fleas, Lice, Spiders, Ants, Carpet Worms, Fleas on dogs and cats, Lice on horses, cattle, fowls and swine. Price 50 cts. per pint \$1.50 a gallon.

ON GOING TO BED Take half a wineglass full of Nile's Celery Nervine During the day take two or three more doses. In a very short time the blood will be pure; your appetite excellent; your nerves strong; your liver and stomach disorder all gone. It will make the people who take it well and strong. Buy it now. Price one dollar.

THIS IS THE SEASON TO GET READY For Summer Complaint. It is decidedly wiser to pay twenty-five cents in getting ready than suffer great distress and pain and pay big doctor bills by neglect. The way to prepare is to buy a bottle of Blackberry Carminative. Buy it right now. All forms of summer complaint have a disagreeable habit of coming when you are not thinking about them; often they come at night when the doctors are all in bed and the drug stores closed.

The Point We Want to Emphasize Is RELIABILITY

It may sound egotistical to hear a man praise himself but that does not alter facts. A little self pride is all right if it is honest. We ask for your trade with the distinct understanding that we will try harder to give you satisfaction than any other druggist. We are trying hard to make this the best drug store; we don't care to be the biggest but the best.

A Feminine Mystery.

Among the minor mysteries of life is the bewildering fact that, as a rule, the tall woman is of a melancholy disposition, while her smaller sister is of a bright, brisk and cheerful temperament. Science, so far as we know, has never addressed itself to the solution of this puzzle, and the amateur philosopher is therefore left to indulge his brain and marvel. Why length of limb should make for solemnity and melancholy, says a writer on this subject, is hard to determine. Length of limb seems to suggest to the mind the need for a stateliness of deportment, which never troubles the consciousness of "the small and tubby." We are left to conclude that the feminine side of our nation, which is rapidly becoming famous for its extreme height, will some day become as serious and gloomy as Quakers, and then we shall take our pleasures more sadly than even—London Globe.

Second Nature.

The old schoolmaster was deeply affected. His scholars, noticing the dilapidated appearance of his chair, had presented him with a new one on his birthday.

"My dear boys," said the kindly old pedagogue, with tears in his eyes. "I can never hope to tell you how much you have made me feel by this token of your love for me. All I can do is to thank you for the sacrifices you have made of your little purses for the sake of my comfort. If you have found me severe at times, I trust you realize that it has always been for your own good. I hope to always have your full confidence, as you have ever had mine."

As the old schoolmaster prepared to sit down in his new chair he unconsciously ran his hand over the seat in search of bent pins.—New York Times.

DR. FENNER'S KIDNEY and Backache CURE

All diseases of Kidneys, Bladder, Urinary Organs, Gleet, Rheumatism, Backache, Heart Disease, Gravel, Dropsy, Female Troubles.

Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a life time curing just such cases as yours. All consultations free.

"Eight months in bed, heavy backache, pain and soreness across kidneys, also rheumatism. Other remedies failed. Dr. Fenner's Kidney and Backache Cure cured me completely. H. WATERS, Hamlet, N. Y."

Druggists, 50c. B1. Ask for Cook Book—Free.

Browning's Goose.

In her reminiscences Henriette Cockran relates an amusing anecdote of Robert Browning. She relates that as she sat in the drawing room of her London house one afternoon she happened to look out of the back window. "And there," she says, "I saw Mr. Browning nursing a goose, absolutely carrying it in his arms. The poet came into the hall with the goose. I laughed, remarking that it was a queer kind of pet. 'It is so clever and affectionate,' answered Mr. Browning. 'It is not well, so I am looking after it. It follows me about just like a dog.'"

Reduced Assessments.

"Old Croesus is a mighty clever fellow."

"How is that?"

"Why, just before the assessor gets to him he always manages to have a lot of stuff printed to the effect that he has been giving several millions to charitable and educational institutions. That makes his assessment schedule look more plausible."—Chicago Post.

The Carat.

We talk of a diamond being so many carats in weight. The carat was originally the seed of the Abyssinian carnelian. These seeds are very equal in size and so were at one time used in weighing gold and precious stones.

Today the carat as applied to gold means simply the twenty-fourth part of the weight of any piece of gold or alloy of gold.

You may refuse to believe a compliment, but it was a good deal like a snowball. It left a spot on you.—Atchafon Globe.

PLUMBING CHARGES

are no higher than those in any other trade, and ours are no higher than service rendered demands. What we undertake to do in a thorough and satisfactory manner. There will not be found after our workman get through with a job any defective joints, leaky pipes, loose connections or other evidences of "scamped" work. Every part will be perfect, and look perfect, and when the bill comes in you'll not ask for any deduction.

F. C. GADKE THE PLUMBER

Wood Wanted.

Notice is hereby given that the county clerk will receive sealed bids, at the office of the county clerk, up to 5 o'clock p. m. of Wednesday, the 5th day of August, 1903, for 55 cords of good, sound wood, cut from green trees, old growth timber, to be first-class in every respect, to be delivered in the court house yard. The county clerk reserves the right to reject any or all bids. To be paid for in cash. By order of the county court.

F. A. SLEIGHT, County Clerk, July 9, 1903.
