TOLD IN SIDEHEADS.

DIED AT VIOLA.—Seth Austin, aged about 60 years, died at his home near Viola, this county, Monday. The deceased has been a resident of Clackamas county for thirty years and leaves a large family.

SCHOOL MONEY APPROPRIATED.—County School Superintendent Zinser has made an appropriation of \$14,287.45 from the county fund among the various schools of the county. The appropriation amounted to \$1.85 per capita.

CANEMAH GIRLS HELD UP.—Two young women residing at Canemah, were held up last Wednesday night by a lone footpad, while they were returning to their homes from this city. Neither of the young ladies had any money or valuables and lost nothing. The bandit was not masked.

WORK PROGRESSING RAPIDLY.—The stone foundation for the vault addition to the Clackamas county court house is completed and the erection of the walls will soon be finished. Good progress is being made on the improvement which will also include an extensive rearrangement of the interior of the building.

EASTMAN PRINCIPAL ELECTED.—Mrs. L. W. McAdams was elected principal of the Eastman school at a special meeting of the Oregon City school board Tuesday night. Mrs. McAdams was for several years employed in the city schools which she served in the same capacity to which she was elected Tuesday night. The newly elected teacher succeeds Miss R. T. Smith, a very competent instructor who gave up her position to engage in other work.

MAY ORGANIZE ATHLETIC SOCIETY.—At a meeting of the enlisted men of the late Company A, Third Regiment O. N. G., Monday night it was proposed to organize the company into an athletic society, rent a hall and conduct a social organization. The company owns a valuable piano and other property to the value of about \$600 which would be sufficient to equip suitable club rooms. Definite plans will be determined at a subsequent meeting of the former militiamen.

SINGLE-MINDED LAD SEIZES RIFLE.—John Rex, a lad aged 17 years, was brought to this city Tuesday from Marquam and lodged in the county jail on the charge of entering a house at Marquam and taking a rifle. Rex appears to be a simple-minded boy and is a stranger in these parts. The boy committed a similar offense a short time ago but because of his mental condition the officers are perplexed to know just what to do with him. He is being detained in the county jail on a commitment issued by the justice court of Marquam.

STOCK SOLD FOR \$2250.—Judge T. F. Ryan, as assignee of the estate of Geo. T. Howard, an insolvent debtor of this city, has sold Howard's grocery stock and fixtures to O. B. Blipsey for \$2250. Five bids were offered for the stock and the proposal of Mr. Blipsey was the best. The purchaser is a recent arrival from the East and will engage in business at Clackamas with the stock he has purchased. By the sale of the stock at this figure Assignee Ryan will be able to settle up the estate by paying not to exceed 20 cents on the dollar, claims aggregating \$14,000 having been preferred.

HOODLUMS SHOULD BE RESTRAINED.—Monday afternoon Mrs. M. M. Charman was passing the court house, she was run into by a gang of scuffling hoodlums and tripped. Falling to the cement pavement the aged lady received painful bruises about the face and her body that were fortunately not of a serious nature. A number of young hoodlums have been making it a practice of loitering about the court house and disturbing elderly persons as they pass this public building. The proper authorities have been notified and unless there is a cessation in the pranks of these ill-mannered youngsters, there will be something doing in the very near future. This disturbing element should at least have a little respect for old age.

MR. WRIGHT WAS MISQUOTED.—Writing from Liberal under date of 27th inst. O. H. Wright addresses the Enterprise as follows: "I was much surprised upon reading an item in the last issue of your paper, and also in the Weekly Oregonian, in which I was quoted as saying that a mysterious disease was afflicting the cattle of this section of the country. I said nothing to anyone about cattle being diseased, nor do I know of any disease whatever existing among any cattle. Of course I am not informed as to the

condition of all the cattle of Molalla, there being quite a large scope of country included in said area, but am sure my own cattle are in a very healthy condition and feel quite certain my neighbors' cattle are too. I would like to have you publish this letter to refute the article to which I refer."

SCURVING FOR THE ROAD.—Sergeant Kinraid and a force of men are making the survey for the proposed motor railway on the West Side between this city and Portland. C. D. Latourrette, of this city, has the franchise from the county court for such a line and it is expected that active construction work will begin next year.

CANEMAH WAS DEFEATED.—The Canemah Park baseball nine went to Hillsboro Sunday morning where in the afternoon a game was played with the Littleville team. Players on the local nine, which was accompanied by its manager, William Marshall, were as follows: R. Frost, catcher; A. Long and W. Stokes, pitchers; Jordan, 1 base; Will Telford, 2 base; W. Stokes, 3 base; Carl Granting, right field; H. Itakel, center field; Wallace Telford, left field. The Littleville players won the game by a score of 12 to 10.

WOOL POOL WAS SUCCESSFUL.—The members of Molalla Grange have just disposed of a pool of wool to L. W. Robbins, the merchant of that place. Eight thousand pounds of wool were included in the pool which brought a price quite satisfactory to the farmers. While it was organized late in the season, even after numerous other pools were in the field, the pool was a financial success and all were well pleased with the first effort at cooperative selling. Molalla Grange expects soon to take the preliminary steps looking to the pooling of the wool and mohair crop of Clackamas county for the year 1904.

TOOK THE SILVERWARE WITH HIM.—A tramp called the other morning at the home of T. F. Cowing and requested something to eat. Mr. Cowing did not like the appearance of the fellow but decided to give the man something to eat as a means of detaining him until the police could be called. Weary Willie was served some victuals on the back porch while a telephone message was sent to the police officers. Before the latter could reach the Cowing home, the hobnob had finished his meal and, unnoticed by his hospitable host, appropriated the silver knife and fork with which he was eating and departed. He has not been seen since and the thought has occurred to Mr. Cowing that the hobnob is making a collection of silverware.

WILL BE A GOOD SURPLUS.—At a business meeting Tuesday night of the board of directors of the Willamette Valley Chautauque Association accounts with the various ticket sellers were checked up. The auditing of bills against the society is being attended to. Secretary Cross reports that the expense items for the Chautauque will amount to more than was expected. Five thousand dollars in round numbers represents the receipts for the thirteen days while the combined cost of everything will approximate \$2000. Deducting from the surplus an item of \$200 indebtedness that remains over from last year, a substantial nucleus is left with which to provide a program of merit and attractiveness for next year.

SCHOOL POPULATION INCREASING.—County School Superintendent J. C. Zinser will soon complete his annual report to the state superintendent. Among other information concerning the schools of the county, it will show that during the past year the school population has increased from 7643 to 7777. Superintendent Zinser reports that there is an abundance of teachers in this county at the present time, whereas a year ago there was an unexpected scarcity of instructors for the public schools, some districts being obliged to employ pedagogues from other counties. Explanation for this reversal of conditions is found in the fact that during the past year there have been an unusually large number of public school graduates who have taken the regular teachers' examination and obtained certificates.

GRIMM TELLS HIS STORY.—Hermann Grimm, who is defendant in a divorce suit recently brought by Sophia Grimm, has filed a general demurrer to the complaint, accompanied by a motion asking to be heard in opposition to the recent order of the court by which the plaintiff in the pending suit was granted \$400 with which to prosecute the case and the further sum of \$20 per month as alimony during the pendency of the suit. Grimm also files an affidavit in which he denies all of the allegations set forth in the complaint and charges Robert Gintner, a son-in-law of the plaintiff in the divorce suit, and one of her attorneys, with conspiracy to defraud him out of his property which he says is only worth \$6200 instead of \$20,000 as claimed by the woman who seeks to be divorced from him. Grimm further claims that his dissatisfied wife is entirely within the influence and control of Gintner.

WERE SERVED WITH EGGS.—The Quaker doctors received a full volley of eggs last evening during thespiel from the shadows of the jail where the offenders should be confined. In the midst of the oratory which produces the money from the crowd there came a swish, and behold! The visages of various bystanders were filled with impromptu omelet, unprepared and uncooked. The doctors escaped without a stain on their long coats. The incident aroused the ire of the Quakers and with anything but the spirit of "turn the other cheek," the orator bequeathed a string of invectives from the platform which had a tendency to cook the omelet which had been distributed to the crowd in such a hasty manner. In the course of the tirade the doctor told his detectives to look among "the baseball boys" for the offenders. The boys, who were entirely innocent of the throwing, were naturally incensed at the insinuation and called at the hotel today to right the matter.—Eugene Guard.
