Oregon City Enterprise

TOLD IN SIDEHEADS.

COMMERCIAL MAN WEDS.—W. A. Gilmore, a commercial salesman, and Susan Curren, of San Francisco, were married in this city Tuesday afternoon at the residence of the officiating clergyman, Rev. J. H. Beavens.

EXHIBITS SHIPPED FREE.—In order to encourage exhibitors and attendance at the state fair, the Southern Pacific Company will transport all exhibits, including live stock, to and from the Oregon state fair free of charge. Exhibitors should ship direct to the fair grounds, where they will find ample facilities for unloading all exhibits.

INJURIES PROVED FATAL.—E. W. Hammett, of Highland, died Saturday morning from the injuries he sustained last Monday when he fell from the roof of his barn. The deceased was 64 years of age and had resided in this county for over twenty years. He is survived by a widow but leaves no children. Burial took place at Highland Sunday.

RUNAWAY REFORM SCHOOL BOYS.—Fred Matson and Earl Marshall, two escaped charges of the state reform school, were captured in this city last Thursday night by Police Officers Shaw and Noblitt. Matson and Marshall, together with Frank Higgins, who was captured a few days ago at Marquam, were taken back to the reformatory. This is the second time within a month that young Matson has evaded the officers at the school and made his escape.

COULD FIND NO EVIDENCE.—Sheriff Storey, of Multnomah county, was in this city one night last week in search of evidence against the four men who are under arrest in Portland for the hold up of the Sellwood car on July 14. It was thought by the officers that the highwaymen might have disposed of some of their booty in this city and accordingly all of the second-hand stores were visited but nothing was found that could be used as evidence against the suspects. The bandits are not believed to have bartered any of the stolen jewelry here.

WOULD NOT COOK MEALS.—Because she refused to cook his meals, became drunk with bad men in the presence of their children, was cruel and inhuman in her treatment towards him, E. C. Golden, of Portland, has brought a suit for divorce from Carrie B. Golden, in the Clackamas county circuit court. The parties were married at Wilcox, Nebraska, in 1893. Three years later they removed to Portland where Golden now resides, the woman having deserted him last July. Plaintiff asks for a decree of divorce and the custody of three minor children. His attorney is H. K. Sargent, of Portland.

LIVE STOCK SALE.—The Breeders' Combination auction sale of live stock to be held at the Oregon state fair this fall will be one of the greatest sales ever held on the Pacific coast. All of the large breeders, such as Chas. E. Ladd, W. O. Minor, G. B. Wade, Alex. Chalmers, D. H. Looover, Chas. Cleveland, P. A. Frakes, Hazelwood Company, W. J. Townley, J. Matty, J. B. Stump, Atkinson Bros., are sending some of their best stock on their respective farms to this sale, which will give the farmer and small breeder a splendid opportunity of buying some choice stock right at home.

MR. BUCKLEIN TAKES A PARTNER.—Phil Bucklein, the reliable proprietor and manager of the Oregon City Machine Shop, has associated with himself in the business a partner, Mr. R. W. Wittschen, recently from Turner, Marion county, and an expert machinist, has purchased an interest in this live enterprise, and in the management of this important business in the future will be associated with Mr. Bucklein who, in a residence of many years in this city, has built up a reputation for reliable work of the highest character of workmanship. The new firm will be known as Bucklein & Wittschen, and the institution will continue as in the past to do a general business along the line of making and repairing all kinds of machinery, and in this connection the general patronage of the public is solicited. The attention of farmers is especially called to this announcement.

PUT ON TWO CENT STAMP.—Postmaster Randall reports that many patrons of the Oregon City office are not informed as to the stamping of letters to be delivered by the free rural mail delivery that was recently established from the Oregon City office. All letters for persons reached by the rural routes must be stamped with a two-cent stamp, the same as are all other letters for transportation throughout the country. The rural mail service does not include "drop

letters" with one-cent postage. Compliance with this rule and the placing of the proper postage on all letters to be delivered by the rural carriers will facilitate the work of the local office and insure the prompt delivery of all letters. Otherwise letters not properly stamped must be held for postage.

ANNUAL MEETING.—The annual meeting of the stockholders of the Capen Shoe Company will be held on Tuesday, Aug. 11, 1903, at the company's office at Willamette, Oregon.

TRAINING FOR REGATTA.—The Oregon City hose team is training nightly for the regatta races to be held at Astoria the middle of the month. Five blankets were donated the boys this week by the Oregon City Manufacturing Company and the members of the team greatly appreciate the gift.

WILL BECOME A CITIZEN.—Thomas P. Burt, after a fifty-two years' residence in this county, declared his intention Monday of becoming a citizen of the United States. Mr. Burt is a native of England, and during a residence in this state of half a century has never enjoyed the privileges of a full-fledged American citizen.

MONEY FOR THE SCHOOLS.—County Treasurer Cahill last Monday received from State Treasurer Moore \$12,443.20, that being the amount apportioned to Clackamas county by the state land board from the common school fund interest. The apportionment amounts to \$1.00 per capita for each child of eligible school age in the county, and this amount will be disbursed to the 120 districts of this county on the same basis.

WILL DIVIDE THE PROCEEDS.—Company A, Third Regiment, O. N. G., of this city, has been finally disorganized. At a meeting Monday night Lieutenant Burns, John Henrich, Orlis Boylan, Jack Casfield and W. Howell were constituted a committee to sell the property belonging to the company, the proceeds derived from the sale to be divided among the members of the late military company. The disbanded company has paid all bills and is now an organization of the past.

NEW COMMANDER ELECTED.—Monday night J. Doremus was elected commander of Meade Post No. 2, G. A. R., of this city, to succeed Josiah Martin, who has removed to Astoria. J. R. Williams was elected chaplain to succeed Mr. Doremus, promoted. Quarter Master Harding reported to the Post that the per capita tax that was levied on all G. A. R. Posts in the state, had been paid by Meade Post and the proceeds forwarded to the Heppner flood sufferers.

RURAL MAIL DELIVERY STARTED.—The initial rural mail delivery to be established out of this city was started last Saturday, and others are in prospect. By the route the people of the New Era neighborhood are served. The route is about twenty miles in length and 156 families will receive their mail daily. George K. Calif, of this city, is the carrier. A petition is on file at Washington asking for the establishing of a free delivery route for the service of the people of Stone and Logan. A petition is being circulated asking that a route be started that will serve the people of Highland and Molalla.

RECEIPTS WERE LARGER.—A large increase in the receipts over those for the month of June is shown in the monthly report of the local land office for the month of July. In June the aggregate of receipts was about \$3000 while for the month just closed \$11,310 were received from the various sources. Twenty-nine timber and stone land entries were made in July as against only four for the month before. There was a decrease in the number of homestead entries from 59 in June to 35 for July. The sales of public lands last month, amounted to \$10,746.21 and represented an acreage of 4095.65. Commissions were received for 4626.88 acres and commissions for ten final homesteads were received, embracing an acreage of 1312.79.

HAD PLENTY OF DIMES.—Albert Legge and B. C. Nelson, wanted in Portland for burglarizing the office of the Holmes Ice Works, were arrested in this city Saturday night by Chief of Police Burns and returned to Portland the following day. The lads, who are aged about 18 years each, were seen spending more or less money, and the fact their funds consisted entirely of 10-cent pieces aroused the suspicions of the officers, who decided to detain the boys pending an investigation. Word was soon received from Portland calling for the arrest of the pair. When taken into custody Legge and Nelson had \$7.50 and \$5.50, respectively, in dimes. The lads gave their residence in Portland as follows: Legge, 381 1/2 East Pine; Nelson, 322 East Morrison.

WILL CONSTRUCT FISH LADDER.—H. G. VanDusen, state fish warden, passed through this city Tuesday evening from Salem where he had been to attend the monthly meeting of the state fish commission. He reports that the commission has directed J. W. Moffitt, of this city, to prepare plans for the fish ladder that is to be installed by the state at Willamette Falls in this city. Mr. VanDusen says the ladder will be constructed at the falls here as soon as plans can be adopted, since the river has probably reached the extreme low stage for the year. An appropriation of \$5000 was made available for this improvement by the last legislature. With the operation of the ladder it is expected to make possible the reaching of the upper Willamette river by the salmon which are so plentiful below the falls.

COUNTY TEACHERS' INSTITUTE.—County School Superintendent Zinser announces that the annual county teachers' institute for Clackamas county will be held at the court house in this city September 15-17, inclusive. It is expected that from 150 to 200 teachers of the county will be in attendance. Among the prominent educators of the state that will have places on the programme are State Superintendent J. H. Ackerman, who is scheduled for a two days' attendance, including an evening lecture, Frank Rigler, city superintendent of the Portland schools, also has prominent assignments on the programme. Miss Veda Williams, of this city, will have charge of the musical part of the programme. Superintendent Zinser expects to announce the full programme within a few days.

THE D'FORD'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The D'Ford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by The D'Ford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The D'Ford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Aullins, S. C., March 10, 1901.
I have used The D'Ford's Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

CARRIED ON INSURANCE.—The farm residence, together with all of its contents, a windmill, belonging to A. Trube, a farmer near Wilsonville, were burned to the ground one day last week. The damage amounts to about \$1500 and Mr. Trube had no insurance.

ON EVANGELISTIC TOUR.—A Salvation Army corps from Oregon City, consisting of Capt. Emory Crabtree, Lieut. Maness and Mrs. Ruth R. Sweek and her daughter, stopped in the city yesterday while on a tour south, engaged in evangelistic work. They held services in the Christian church last evening. Silver-tonian.

HAS GONE OUT OF BUSINESS.—A six months' old infant in the Oregon City newspaper field has succumbed by reason of lack of support, an ailment with which all attempts at publishing a third paper in this county have been frustrated. Half a year ago a sheet, was started in this city under the name of the Clackamas County Record. It now occupies a place in the newspaper graveyard. With a circulation decidedly limited, without influence or patronage, its existence was necessarily brief. E. E. Brodie was the editor and proprietor of the paper which was issued by the Record Publishing Company.

Not Over Wise.
There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by G. A. Harding.

RUNNING ALBANY MILLS.—The Albany woolen mills have begun operating again after having been idle for several months. The Bannockburn Manufacturing Company of Portland, which purchased the plant, has put it in shape for work and has added machinery which will enable the mill to put out fine cloths. Heretofore the finer patterns have not been manufactured in Albany. The mill is under the temporary management of the Oregon City Woolen Mills Company, which will operate the Albany mills until the Oregon City mills, which were recently disabled by fire, have been repaired and are ready to renew operations.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

GREAT CLEAN-UP SALE

We will offer to the public for the next 30 days record breaking bargains, in odds and ends, of our immense stock of up-to-date merchandise. Note a few of our many specials:

50 pair of W. L. Douglas celebrated \$3.50 shoes and Oxfords to go at \$3.00. 25 two-piece Outing suits, regular price ranging from \$8.50 to \$12.00, reduced to \$6.25. Many up-to-date styles of the reputable Mallory \$3.00 hat reduced to \$2.25.
