## Not Over Wise.

There is an old allegorical picture of a girl seated at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by G. A. Harding.

**In Good Health**

A woman makes her toilet with care and content. But in bad health it often happens that the gratification of being well attired is lost. There is hardly strength to brush and dress the hair, and there is small courage to make the effort to keep up appearances.

Dr. Pierce's Favorite Prescription makes weak women strong, by making them well. The common cause of feminine weakness is found in a diseased condition of the womanly organism. "Favorite Prescription" establishes regularity, dries encrusted drains, heals inflammation and ulceration, and cures female weakness. The tonic effects of this medicine are remarkable; it soothes the nerves, encourages the appetite, and induces refreshing sleep. It gives comfort and courage to prospective mothers, and practically does away with the pains commonly experienced at maternity.

There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine, and all other narcotics. Women suffering from disease in aggravated form are invited to consult Dr. Pierce by letter free. All letters are read in private and womanly confidences held in absolute secrecy. Address Dr. R. V. Pierce, Buffalo, N. Y.

## It Surprised Her.

"I enjoy good health, thanks to Dr. Pierce's Favorite Prescription and Golden Medical Discovery," writes Mrs. J. J. Schneyer, of Pontiac, Livingston Co., Ill. "I have taken six bottles of each kind. I was taken sick last February and the doctors here called it 'Grip.' I lay for four weeks in bed, and then when I got up I found I had 'displacement.' Had such aches and pains in my back and limbs could not stand any length of time. I knew that our home doctor would insist the first thing on an examination, and that I would not submit to, unless I was dangerously sick, and then it would be too late to do any good. My son had your book, Common Sense Medical Adviser, and I thought from reading it that Dr. Pierce's medicine would do me more good than all the home doctors—and so it has. If anyone had told me it would do me so much good I would have said 'Oh, no, not that much good.' I received it, I can do all my washing and also tend my flower garden. In fact I am on my feet most all the time. An old friend of mine said to me, 'Why, what is the matter with you? You are getting young again.' I told her I had taken six bottles of Dr. Pierce's medicine, and that if she would do likewise she would feel ten years younger, too."

## Five Physicians Helpless.

"I feel it my duty to write to you and let you know how much your medicine has done for me," writes Mrs. Wm. Hackett, of Breeseport, Cheffing Co., N. Y. "This is one of the best that I ever used in my life. Before I began to use your medicine it seemed as though I would never be well again. Could not stand on my feet five minutes without fainting. Could not walk to my neighbors. Would have a vomiting spell that would last
