The party secured a great number of fine photographic views. More than 500 miles were covered in the trip.

For Young Men and Young Women.

There is nothing that will arouse the ire of a young man or woman so quick as to have inferior laundry work put off on them. They may dress ever so well, but if their shirt front or shirt waist is messy, their neat appearance is spoiled. The Troy Laundry makes a specialty of ladies' and gentlemen's fine work. There can be no better work than is done at the Troy. Leave your orders at Johnson's barber shop.

Will Rebuild Woolen Mills.

The Oregon City Manufacturing Company, Wednesday, awarded to Henry Jones, a local contractor, the contract for building four frame buildings to replace the structures that were burned at the company's woolen mill in this city last month. The amount of Mr. Jones' bid was not announced but it is understood to have approximated \$20,000. It will require four months to erect the buildings but work will be sufficiently advanced in sixty days that the operation of the plant in all of its departments may be resumed.

DOUBT CANNOT EXIST

Investigation Will Only Strengthen the Proof We Give in Oregon City.

How can doubt exist in the face of such evidence? Read here the endorsement of a representative citizen.

James Peterson, employed by G. C. Huxley of the O. R. & N. Ry. Co., at Portland, and living at Woodstock, says: "In my opinion, if any sufferer from backache fails to find relief in Doan's Kidney Pills, there is no relief for him on earth. However, I don't believe any case exists which Doan's Kidney Pills will not help. I had severe backache and weakness of the kidneys for years. My back ached so at times that I could hardly get up from a couch and the kidney secretions presented a very unnatural appearance, and deposited a heavy sediment if allowed to stand long enough. I spent lots of money when living in the east in trying to get something to effect a cure. I came out here to Portland twelve years ago thinking the change of climate might benefit me but the trouble still clung to me. I paid one doctor \$75 for medicines, but I might just as well have taken so much water so far as any benefit was concerned. I used five bottles of a well-known remedy manufactured in the east and received only temporary relief. I finally saw Doan's Kidney Pills advertised and one day I bought a box and had used only a few doses when I knew they had gone to the root of the trouble. I continued their use until I had used three boxes and can say cheerfully that they did more for me than all the other medicines put together."

Plenty more proof like this from Oregon City people. Call at C. G. Huntley's drug store and ask what his customers report.

All Ready For Baby,

The young mother thinks, when she has completed the baby garments that are to clothe the little form. But she is not all ready for baby's coming, unless she has done something more for the baby than merely to prepare his clothes. Many a young mother who goes through hours of pain and suffering wonders why it was not possible to prepare in some way for the baby's advent, and to avoid the agony that seemed almost unendurable. Dr. Pierce's Favorite Prescription is the one medicine for women which prepares them perfectly, both for the burdens and pleasures of maternity. It prevents the morning sickness from which so many women suffer. It strengthens the whole body, so that there is no nervousness nor anxiety. It promotes a healthy appetite and causes refreshing sleep. It gives the mother strength for her trial and makes the baby's advent practically painless. Healthy mothers have healthy children, and it is the general testimony of those who have used Dr. Pierce's Favorite Prescription as a preparative for motherhood, that the children were healthier and happier than those born after months of mental misery and physical anguish on the part of the prospective mother.

Sick and ailing women are invited to consult Dr. Pierce by letter absolutely without fee or charge. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. R. V. Pierce, assisted by his staff of nearly a score of physicians, has in the past thirty years and over treated and cured more than half a million sick and suffering women. The testimonials of these cured women are on record. A large number of them were cured when doctors had pronounced a cure impossible and after enduring years of useless suffering.

Let no sick women hesitate to take advantage of Dr. Pierce's offer, but write at once and so secure the professional counsel of a specialist in the diseases of women, entirely free. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Hoped for Death.

"For the sake of poor suffering women, I feel it my duty to inform you of the great benefit your medicine has given me," writes Mrs. Callie Howies, of Watts, Irredell Co., N. C. "I was in a most miserable condition when I wrote to you. I had uterine disease so bad I could scarcely walk and suffered such dreadful misery I hoped to be relieved by death. You wrote to me to take your 'Favorite Prescription' and I have taken eleven bottles of it, and two of your 'Pleasant Pellets.' I am entirely well and feel like a new woman. I feel thankful to God and to Dr. Pierce for the blessings I now enjoy. I have a fine big boy, two months old and never got along as well in my life. I can't praise your medicines enough."

Very Thankful.

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. P. B. Douglas, of Mansonsville, Broome Co., Quebec. "During the first four months when I looked forward to becoming a mother I suffered very much from nausea and vomiting and I felt so terrible sick I could scarcely eat or drink anything. I hated all kinds of food. At this time I wrote to Dr. Pierce and he told me to get his 'Favorite Prescription' and a bottle of 'Golden Medical Discovery.' I got a bottle of each and when I had taken them a few days, I felt much better, and when I had taken hardly three parts of each bottle I felt well and could eat as well as any one, and could do my work without any trouble. (I could not do any thing before). I feel very thankful to Dr. Pierce for his medicine and I tell all who tell me they are sick to get these medicines or write to Dr. Pierce."
