the women alike.

Oregon City Enterprise

TOLD IN SIDEHEADS.

THE BARBERS WERE HERE.—Sunday was barbers' day at Canemah Park. The territorialists of Portland held a picnic at the grounds and there was the usual large Sunday crowd in attendance. In addition to dancing in the large pavilion both afternoon and evening, the Oregon City baseball team went up against the All-Star nine of Portland. It was a rotten game, on the part of the visitors, at least, and resulted in a victory for the Oregon City nine by the score of 12 to 3.

ANOTHER CONDEMNATION SUIT.—The Oregon Water Power & Railway Company last week began a condemnation suit against Eliza Willern et al for the appropriation of 2.48 acres in T. 3 S. R. 4 E. upon the payment of reasonable damages that may be allowed the plaintiff. The purpose of the suit is to secure title to certain land over which the plaintiff company desires to construct a railway track.

ANDERSON WILL IS FILED.—The will of the late Lars Anderson was admitted to probate in this county the latter part of last week. The deceased left an estate, consisting principally of real estate, of the value of \$1500 and this is devised by a will to the surviving nephews of the decedent, viz: Fred and Peter Anderson, both of this county. O. W. Eastham, of this city, is the attorney for the estate.

RAIN WILL DO DAMAGE.—The hopes of Clackamas county farmers for favorable harvesting weather were again blasted Saturday by repeated showers. Rain for a few days more will do thousands of dollars worth of damage to crops of all kinds in Clackamas county. C. Schabel, an attorney of this city, returned Saturday from his farm near Beaver Creek and reports a remarkable yield of grain of all kinds. Wheat in that section of the county is harvesting from 30 to 50 bushels an acre while oats are producing from 30 to 80 bushels per acre. Continued rain, says Mr. Schabel, will do extensive damage to the grain crop in this county.

ARE OPPOSED TO THE WEIR.—The building of a weir in the Willamette river near this city by the Willamette Pulp & Paper Company, will probably be enjoyed by interested property owners. Geo. Brown, Mr. Hoffman, L. Ferguson et al last Thursday caused Sheriff Shaver to serve the following notice on the paper company: "Being apprehensive that the dam or weir in the Willamette river at Rock Island will at ordinary high water be an obstacle and serious menace to the property interests of the undersigned on the upper river, we hereby protest against the erection of said dam or weir and hereby notify you to desist from placing said or any obstruction in said river." The remonstrance was presented by C. D. and D. C. Latourette who are the attorneys for the remonstrants.

A LABOR DAY PICNIC.—The union organizations of this city and Portland have planned and will hold a big Labor Day picnic at Gladstone Park next Monday. The Carpenters and Painters unions have taken the initiative in arranging the picnic. Mr. Morgan a prominent labor leader of Portland and a speaker of considerable ability, will deliver an address in the forenoon. A grand basket dinner at the noon hour will be followed by a programme of athletic sports in the afternoon. Among other features of the afternoon's programme will be the match game of baseball between the Painters and Carpenters. The brush artists say that the deep shade of blue that will decorate the faces of their opponents at the close of the contest will be something remarkable. On the other hand, the men with the hammers expect to displace several blocks for their adversaries before the game is ended.

HOMES FOR SOLDIERS' FAMILIES.—Mrs. Wm. Galloway, of this city, chairman of the joint committee appointed by the G. A. R. and W. R. C. of this state to receive subscriptions for homes for families of dependent soldiers, reports that she has received a considerable amount of money from the various Posts and Relief Corps throughout the state. It is the purpose of the Grand Army people, who have initiated this movement, to erect at the Oregon Soldiers' Home at Roseburg, cottages for the wives, mothers and widows of dependent soldiers. Contributions from all charitable persons will be gladly received by the committee. It is expected that sufficient money will be raised that the work of building the cottages may begin next summer. It is likely, however, that before any buildings of the kind contemplated, can be

erected on the property of the Soldiers' Home at Roseburg, permission will have to be obtained by legislative enactment of the state legislature at its next session. If the permission is not granted, the donors to the fund will authorize the purchase of land upon which to build the cottages.

IS A GOOD DEMOCRAT.—O. D. Eby, the attorney, reports the birth at his home last Friday, August 28, of a bouncing baby boy. Mr. Eby says the new arrival is a voter and will at the proper time exercise the right of franchise along the approved lines so many years followed by his dad.

TRAINLOAD OF HOT PICKERS.—A special Southern Pacific train of seven coaches passed through Oregon City Saturday morning en route to the hop yards up the valley. The train carried five hundred pickers including two car-loads of Chinamen. Most of the pickers were going to the Krebs yard near Brooks, Marion county. One hundred persons joined the train at this point. The river steamers are taxed to accommodate the crowds, although the movement of pickers is not nearly so great as a year ago.

St. John's Parochial and High School will reopen on Monday, Sept. 7th. From the applications received it is expected that the number of pupils this year will even surpass the large attendance of last term. The merits of this school are being more and more appreciated and ere long it will be necessary to provide more room to accommodate the growing number of pupils. The sister in charge of the music department will also resume giving her regular lessons. Instructions will be given on the piano, organ, guitar, mandolin and other string instruments.

ARTISANS TO OBSERVE LABOR DAY.—Labor Day will be observed by the United Artisan Lodges of the state by giving a picnic at Canemah Park. Artisans will be in attendance from all sections of the state and it is expected the day will prove a red letter occasion for that organization. Governor Chamberlain will deliver an address in the forenoon and in the afternoon there will be a game of baseball between the Oregon City and Vancouver teams. There will also be dancing both afternoon and evening in the large pavilion.

DIED LAST WEEK.—Mrs. Adelle Reddick died at her home at Green Point, this city, at 9:30 o'clock Thursday evening, August 27, of a complication of ailments. The deceased was aged 44 years and three months and had resided in this city or about twenty years. She is survived by a husband and two children, Miss Bursie Reddick and Guy Reddick, both of this city. Funeral services were held Saturday afternoon at St. Paul's Episcopal church, conducted by Rev. P. K. Hammond. Burial took place in Mountain View cemetery.

REAL ESTATE MARKET LIVELY.—Greater activity in the real estate market of Clackamas county is shown by the receipts of the office of County Recorder Stevens for the month of August. They amounted to \$250 70, as against \$220 10 for the corresponding month a year ago. This increase in the receipts of this office is indicating more real estate transfers is the more significant from the fact that there has not been placed on file in this department a single hop contract during the month just ended, while a year ago a number of such documents were recorded and as a result the aggregate of the receipts of the office were increased.

DO NOT KEEP UP THE TRAILS.—A party of Oregon City people that returned this week from an outing in the mountains, reports that the forest rangers in Clackamas county are neglecting their duty in the matter of establishing and maintaining trails through the mountains. Different conditions are reported to exist in Marion county, where the rangers are constantly improving and extending the trails which are far superior to those found in this county. The tourists complain that no attempt is made to extend the passageways through the mountains in Clackamas county, while there has apparently been made no effort to improve the pathways now travelled.

PASTOR OF PORTLAND CHURCH.—Rev. A. A. Engelbart, who for nearly three years has so faithfully and acceptably served as pastor of the German congregation of the Evangelical church in this city, has gone to Portland, where he has accepted the call to the pastorate of the First German Evangelical church of that city. The Portland congregation is the largest of this denomination in the state, and the church is located at the corner of Tenth and Clay streets. Members of the Oregon City congregation regret to see their pastor leave but are glad to note that he will enter a larger field of labor. A successor to the pastorate of the Oregon City church may not be named until the annual meeting of the conference which will be held next Spring.

BACK FROM THE MINES.—John Fairclough, of this city, who has just returned from Ogle Creek, on the upper Molalla river, the scene of the recent gold discovery in Clackamas county, reports that the mineral deposits on the lands owned by himself and Portland parties continues good and promises all that has been claimed for the property. The extent of the gold-charged decomposed ore has not been determined but in richness the deposits increase as the tunnel is extended. Mr. Fairclough reports that many prospect holes in the vicinity of the Fairclough mine, that have heretofore been abandoned, are being worked again. Messrs. C. D. and D. C. Latourette, of this city, who own property near the Fairclough claim, are causing their holdings to be thoroughly prospected. Interested parties in the property are more encouraged as the work of developing the claim progresses.

The Genuine vs. Counterfeits.
The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by G. A. Harding.

NERVES GAVE WAY— PE-RU-NA CURED

Mrs. M. Schneider, 260 Thirty-seventh Place, Chicago, Ill., writes:
"After taking several remedies without result, I began in January, 1902, to take your valuable remedy, Peruna. I was a complete wreck. Had palpitation of the heart, cold hands and feet, female weakness, no appetite, trembling, sinking feeling nearly all the time. You said I was suffering with systemic catarrh, and I believe that I received your help in the nick of time. I followed your directions carefully and am now to-day that I am well again. I cannot thank you enough for my cure. I will always be your debtor. I have already recommended Peruna to my friends and neighbors and they all praise it. I wish that all suffering women would try it. I testify this according to the truth."
—Mrs. M. Schneider.

Mrs. Fanny Klavatscher, of Summitville, N. Y., writes as follows:
"For three months I suffered with pain in the back and in the region of the kidneys, and a dull, pressing sensation in the abdomen, and other symptoms of pelvic catarrh."
"But after taking two bottles of Peruna I am entirely well, better than I ever was."
—Mrs. Fanny Klavatscher.
"Send for 'Health and Beauty,' written especially for women by Dr. S. B. Hartman, President Hartman Sanitarium, Columbus, Ohio.

SMALL YIELD BUT GOOD HOPS.—J. W. Lewis, who owns an eight acre hop yard near this city, finished picking his crop of the English Cluster variety last Friday evening. From the eight acres he harvested 250 boxes of first-class hops. The same yard last year yielded 450 boxes and the yield in this county this year will be in about this proportion. The yard was located on the hill-side and the hops ripened more readily than those in the bottom lands. Picking in a number of the smaller yards in this county is finished and the harvesting of the crop is general, beginning last Monday. The prevailing price that is being paid for picking is forty cents in this county.

The Enterprise \$1.50 per year.

LAI D UP FOR REPAIRS.—At last the fierce currents and strains to which the steamers are subject about the locks at Willamette Falls has brought the natty N. R. Lang to the ways for repair. Steamboatmen declare that nowhere in the river is the wear and tear upon a steamer greater than in the vicinity of Oregon City, where at all times there is a stiff current because of the falls, and craft plying between the mills and about the foot of the rapids meet with strenuous opposition from the waters. The Lang is owned by the Willamette Pulp & Paper Company. She is a handsome boat, being finely finished and very attractively painted. Her hull was constructed at the Olson yards about three years ago, and her cabins were formerly upon the pioneer steamer Salem. Yesterday afternoon the boat was pulled up on the ways at Sapples' yards, where a complete overhauling will be given her. The hull will be entirely recaulked and probably it will develop, after an examination, that a few planks are needed. A new guard is to be placed about her and other repairs of a minor nature made.—Telegram.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.
Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Have You Seen the Latest?

If you want to see the latest things in Men's Wearing Apparel give us a call, as we are now better prepared to meet the increased demand for up-to-date merchandise. Our latest arrivals are the newest creations and most up-to-date clothing and overcoats made by Hart, Schaffner & Marx, one of the most reliable concerns making hand-tailored clothes. Our new fall and winter line of the celebrated W. L. Douglas Shoes are here in all the latest shapes. One of our new additions to our immense stock of reliable merchandise is the celebrated Haves' \$3.00 hats in the latest blocks. They are guaranteed to hold their shape and color. By careful buying we are now prepared to give you better values than our competitors, as all our goods are bought from the most reliable concerns in the country. Give us a call and be convinced.
