

SOME OLD THEATERS.

Playhouses That Flourished in Ancient Greece and Rome.

You may wonder what there could be injurious to public morality in a theater made of stone. Consul P. Cornelius Scipio Nasenn knew, but history doesn't tell. The first attempt to build a stone theater in Rome was made a short time before he was elevated to his office. It was sanctioned by the censors and was nearing completion when Scipio persuaded the senate to command it to be pulled down, advancing as his reason solicitude for public morality.

The Romans did not possess a regular stone theater until a very late period, and, although dramatic representations were very popular in early times, it appears that a wooden stage was created when necessary and was afterward pulled down again, and the plays of Plautus and Terence were performed on such temporary scaffolds. In the meanwhile many of the neighboring towns of Rome had their stone theaters, as the introduction of Greek customs and manners was less strongly opposed in them than in the city of Rome itself. Wooden theaters, adorned with the most profuse magnificence, were erected at Rome even during the last period of the republic.

A magnificent wooden theater planned by M. Emilius Scaurus was built in his addresship 58 B. C. Its scene consisted of three stories, and the lower of them was made of white marble, the middle one of glass and the upper one of gilt wood. The cavea contained 80,000 spectators. In 55 B. C. Pompey built the first stone theater at Rome, near the Campus Martius. It was of great beauty and is said to have been built after the model of that of Mytilene. It contained 40,000 spectators.

C. Curio built in 50 B. C. two magnificent wooden theaters close by one another, which might be changed into one amphitheater. After the time of Pompey, however, other stone theaters were erected, as the theater of Marcellus, which was built by Augustus and called after his nephew Marcellus, and that of Balbus, whence Suetonius used the expression, "Per trina theatra."—Cincinnati Commercial.

Four Ways to Health.

Hygienic living demands imperative, the absolute purity of the four following necessities: Air, water, food and thoughts. Granted these, you have the constituents out of which nature formulates such a perfect creature that the inward purity seems to lend a radiance to the personality. It is not simply a few breaths of fresh air a half dozen times a day that a woman needs, but a continuous supply, and just as the greater part of women are half starved for fresh air, so they are also stinted, oftener from ignorance than necessity, in the quantity of water the body requires to keep it clean and healthy. Pleasure of a pure, elevating nature has come to be recognized as having a distinctly therapeutic office and hence to be one of those factors which merit the same consideration and attention as other necessities in a well ordered life.

When Pens Were First Used.

About the year 600 A. D. pens made of quills were introduced. This is shown by the fact that the word penman, a quill, is not found, it is claimed, in any work bearing an earlier date. Previous to that time the word calamus, signifying a reed, was exclusively employed as a designation for the vehicle used in transferring the ink to the parchment or other surface selected by the writers of that early age. Steel pens first came into use in 1803, and about twenty years later those composed of gold made their appearance.

SO DECEPTIVE.

Many Oregon City People Fail to Realize the Seriousness.

Backache is so deceptive. It comes and goes—keeps you guessing. Learn the cause, then cure it. Nine times out of ten it comes from the kidneys.

That's why Doan's Kidney Pills Cure it. Cure every kidney ill from backache to diabetes.

Here's a case to prove it: Mrs. D. Murphy, widow, who lives at 395 Ivon St., Portland, says: "Years ago when living in Kansas, I was greatly troubled with kidney complaint. At that time I was, I might say, perfectly helpless for months, but in time it wore away as mysteriously as it came. It did not bother me again until last fall, when there was every symptom of its return, and knowing what I had suffered formerly I began to look about for something to check it, and on looking over the paper I noticed Doan's Kidney Pills highly recommended, so I procured them and took them as directed. It only required a few days' treatment to ward off the attack. Since then I have recommended Doan's Kidney Pills to a number of my friends."

LOVE

Ofteh leads to poverty. No real woman ever sold her heart for the luxuries of life.

But many a woman who has gladly given poverty for the man she loved, may well doubt her wisdom when pain becomes the mate of poverty. If she were rich, she thinks, she could find a way of cure. Dr. Pierce's Favorite Prescription is within the reach of every one. It lifts the burden of pain which weighs down those who suffer from womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"You have my heartfelt thanks for your kind advice to me," writes Mrs. Geo. Fletcher, of the Victoria Avenue, Galt, Ontario. "Was troubled with catarrh of uterus for over a year. The doctors said I would have to go through an operation, but I commenced to use Dr. Pierce's Favorite Prescription and Golden Medical Discovery, also his 'Lotion Tablets' and Antiseptic and Healing Suppositories. Now I am completely cured, after using six bottles of Dr. Pierce's medicines. I am glad to say my medicine has made me a new woman."

Weak and sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets are easy and pleasant to take. A most effective laxative.

The Revolution is a Nutshell.

The following contribution to historical literature on the American Revolution was made by a little lady to a short story competition in a Philadelphia newspaper. The writer, a schoolgirl of ten years, epitomizes the whole Valley Forge experience in the following terse sentences:

"There was a Revolutionary war. The British revolutioned Philadelphia. So Mr. Washington took a lot of soldiers to Valley Forge. Mr. Washington hadn't any thing for the soldiers to eat, so they had to go barefoot. Mr. Washington felt very bad, so he asked Benjamin Franklin. Benjamin Franklin felt bad, too, so he asked the king of France. The king of France sent a lot of soldiers, so we licked the British."

A Famous Bell.

One of the biggest bells in the world is in Cologne cathedral and is known as the "Gloriosa." It was cast from twenty-two French cannon captured in the Franco-Prussian war and was presented to the cathedral by the Kaiser. It bears the German arms and two inscriptions. One, in Latin, expresses the emperor's gratitude for the divine mercy in granting him victory. The other, in German, declares: "I am the emperor's bell, and I proclaim his glory. I fill a sacred post, and I pray heaven to grant peace and prosperity to the German empire."
